## Misadventures of a Curvy Girl Sierra Simone

\*\*\*MISADVENTURES ARE STANDALONE ROMANCES THAT CAN BE READ IN ANY ORDER\*\*\*

For the first time in her life, Ireland Mills is happy with her body. No more fad diets, no more hiding from every camera in the room, no more low self-esteem. She'd rather be alone than with someone who'll only love her if she's skinny.

Caleb Carpenter and Ben Weber are everything Ireland and the Kansas Chamber of Commerce dreamed of when conceptualizing the "Real Kansas" promotional campaign. They're handsome, young, educated, and totally dedicated to their small prairie town.

When Ireland's Prius gets stuck on a Kansas dirt road and a massive storm rips through town, she's left stranded with nowhere to turn but to Caleb and Ben. These two hunky country boys are impossible to ignore, but could they ever be interested in her as well?

Caleb and Ben are more than interested...and they're willing to share. After their first night together, they know this has to be more than a one-time thing. They need to make her theirs forever. But can they convince Ireland they love her, curves and all?

\*\*\*\*

Misadventures is a romantic series of spicy standalone novels, each written or co-written by some of the best names in romance. The stories are scandalous, refreshing, and, of course, incredibly sexy. They're the perfect bedside read, a 'quick blush' for the reader who loves a page-turning romance.

## Linda Dunn says

Rays of Sunflowers

Ireland Mills' character touched me on so many levels. Being a curvy girl myself, I was blown away with how Sierra Simone "got" how girls who are bigger than a size 2 feel. I can relate to Ireland's lack of self esteem in thinking she cannot have any kind of lasting relationship with anyone. She always has in the back of her mind that anyone that shows an interest in her is just doing her a favor and she should thank her lucky stars for the attention.

Ireland's job leads her to a small populated town in Kansas where she meets 2 hot cowboys named Caleb and Ben. They are blown away by her beauty which puts Ireland's radar on red alert. How could not one but two gorgeous men seriously want to be with her and are turned on by her. She must be dreaming right? What follows is hot, steamy and erotic adventures with her and her 2 demi gods that will make your panties combust.

This was also an amazing uplifting story of being able to find love for yourself inside and out. After all everyone deserves to be loved and cherished for who you are on the inside no matter what your size is on the outside.

---

## Linda Dossett says

Too much steam, not enough story. A couple of times this story had potential, which is the reason for the third star, but it did not last. There are some sweet characters, I kept hoping for more depth (and I am not speaking of the steam), but the story did not provide any. Ok read.

---

## Claypot\_Reads - Michelle says

I would give this story 6 stars if I could - I loved it that much. I finished with a HUGE smile on my face and a happy heart ????????????

I went into it knowing I'd love it - her writing is a guaranteed read for me, but I didn't expect to go through so many emotions while reading. I genuinely LOLd, I squirmed til new panties were needed, I was broken hearted and I cried all the ugly angry tears.

As a "curvy girl" myself I connected to Ireland in a very real way. I thought that her insecurities and the every day bravery she displayed were perfectly genuine and it made me very protective of her character - I felt like I knew her, or could be her.

Caleb and Ben were perfect. Her match. They saw who she actually was, not what society tried to make them see, not even what Ireland tried to make them see and I loved them for it. Two VERY different men who

shared the same brave and open minded heart.

Don't worry though - you definitely get your dose of Sierra Simone brand kinky sexy times, but you get so much more. You get a reflection on society & how it treats people they consider "less than" and it does it in a way that I hope makes people stop and think. About themselves, and about others.

Straight into my 2019 Favourites - absolutely adored this one!

## **Christine says**

4.5 stars

Being a curvy girl myself, I wish I had half of the confidence that Ireland has. She wears what she wants and owns it, something that I aspire to do. Yes, she has those bouts of doubt and insecurity, no thanks to her sister and ex.....but for the most part, she is comfortable in her own skin and doesn't feel the need to dress or act a certain way because of her size.

And those small town country boys, Caleb and Ben, definitely love her just the way she is. The minute that Caleb sees Ireland, he's smitten and not because of that lavender lipstick. He knows that Ben will love her just the same, as those extra curves of Ireland's are those boys' kryptonite.

It definitely was a shock to Ireland what the relationship between Caleb and Ben was, but during that first meeting with all three of them in the barn, Ireland could see the want and desire from both men and couldn't fight the attraction she felt for both of them. And the three of them together were incredible - the connection and chemistry they shared was off the charts!! The only thing that I wish we could have gotten was more with Ben and Caleb separately, as you know there is more to that story.

---

## **AJ's book-reMarks says**

I adore Sierra Simone, her way of thinking and her writing style. She has an unapologetic way of writing about difficult situations, and sexual preferences; straight, gay, bi-sexual, asexual, etc. She writes about a priest falling in lust, to an American King with his Prince and Queen. All of her characters have one thing in common; they are all flawed humans. With this Misadventure, Sierra deals with bullying and dealing with horrible thoughts of not being enough or being too much. Whether done by others or by self-hating thoughts, actions, or inactions we all seem to have at one point in our lives. As with Ireland, she learns that self-love comes in all shapes and sizes, she recognizes that not all men are attracted to skinny, flat ass women. Yes, Ireland, Caleb, and Ben can love all of you, especially the wobbly bits. Sierra mixes her tales with lots of sexy scenes this is no different or for the faint of heart. These little Misadventure novellas give her readers and followers a quick hit of Sierra! Great read but so much more.

---

## **Amy says**

This was a quick hot read!! Ireland is a curvy/fat girl (depending on who's looking) who learns to overcome the "I'm just a fat girl no one will like/love me attitude". In the end she has self worth and the love of not just

one but two hot as hell guys!!! Spoiler has a HEA!! Such a great read!! Have read and loved most of the Misadventures books, not a dud in the group yet !!!

---

### **Jill Badker says**

Great Misadventure!!! I was nervous about reading this, I hate body shaming. But I live for love stories and this did not disappoint!!! Ireland heads out to take some pictures of farm life for her job and ends up find the loves of her life. Caleb and Ben have been friends since kindergarten and have learned they are happiest when they are together in all aspects of their lives. Finding the right woman was proving to be more difficult, until they met Ireland.

Even as strong as their feelings are for each other Ireland let's her thoughts and society try to ruin it for them all. Not fitting into what society thinks is a perfect body and being shamed her entire life Ireland has to learn to live and love for herself and not for what others think she should.

This story shows lots of different sides and thoughts about relationships, life, and bodies. There are lots of happy moments and some sad, but as a human we all have to deal with what is in front of us and decide if we want to be happy or be what other think we should be.

---

### **Phyl says**

I identify with Ireland and all the negativity that gets thrown at you about your weight. I guess a lot woman do regardless of size. I felt the lust between her, Caleb and Ben. I liked how protective they were towards her and how she was the missing piece for them. If you're after hot let's fuck all day and night scenes you will love this.

### **Shayna says**

### **Kayla says**

Ok, so obviously this book was hot, like a real scorcher, Sierra never disappoints when it comes to that aspect of a book. But even more than that this book is so relatable, and you may say 'what is relatable about a fat girl getting it on with two super hot guys?' Absolutely nothing, that's the really hot part, but everything else about Ireland's struggles and her view of herself I identified with so much! Like almost every thought she's had, all her self doubts, I've been there! And all her triumphs and her journey towards self love, I'm on that same path. No one loves everything about the way they look, and there are special challenges that come with the self doubt and the hatred that you feel for yourself when everyone makes you feel like you are lesser because you aren't conventionally attractive. So, while I really loved all the hotness and the evolution of the relationship itself, I absolutely really looooved the evolution of Ireland as a person. The only real criticisms I

have for this book are that we didn't get enough Ben and Caleb interaction and that some of the language used when talking about genitalia was kind of cringey, but I also think that was kind of the point though.

---

## **Kayla says**

***"We exist in tangles of virtue and weakness simultaneously— we are the best and worst of ourselves all at the same time."***

WOW. This is my favorite Misadventure yet. Misadventures of a Curvy Girl is a fantastic read. I LOVED EVERYTHING about it! I could not quit reading this book. I just wanted to devour every single page as fast as I could. I could relate to this book on a personal level. I think every woman has found themselves having body related insecurities. So thank you Sierra Simone for bringing those insecurities to light with Ireland. Her journey was just what I needed to do remind myself you are beautiful. Every flaw and insecurity makes you unique and beautiful. This is just a down right feel good read. It combined so many tropes I love MFMs, insta-love, and ex military. And man is it a SCORCHER! Sierra did not disappoint in this area. Ireland, Caleb and Ben burned through your kindle like wildfire. I had to fan my face more than once with this explosive trio. If I had any complaints its that the book had to end. I wanted so much more of these characters. Ireland, Caleb and Ben know how to take you on a raw, powerful, passionate journey.

***"On and on it goes— a kiss of darkness and near-pain from Ben and then a rewarding kiss of earnest passion from Caleb—one man leaving me wrung out and shaking and then the other man putting me back together again."***

Ireland is going down as one of my favorite heroines. Everything about her spoke to you personally as a reader and fellow woman. I loved everything about her, and what her character inspired. She was so much more than her curves. Ireland was fun, passionate, and caring. With a feisty side packed full of attitude. Her every emotion, insecurity, and vulnerability had its own way of empowering you. I could not think of a more perfect heroine.

***"I want Ireland to be different. I want her to see past the parts of me that are cold or intimidating and trust me anyway. Trust I'll take care of her, keep her safe."***

Ben was the alpha who won my heart. If I had any complaints it would be that I wish I had gotten more in his POV. Everything about his character calls to you. Ben was haunted by the demons of his past, with the darkness floating right above the surface. He may have been intense and cold but everything about him commanded your attention. He had an air of dominance that left you breathless. Ben was this complicated present you could not wait to unwrap.

***"My body wants to crush her back against the truck, shove up her skirt, and show her exactly what a country boy is good for."***

Caleb quickly steals your heart. What woman doesn't love a good country boy. He was intense, passionate, and protective. His character was the perfect contradiction. One minute he could be intense and commanding. While the next submissive and loving. Caleb was like a teddy bear to me. He left you feeling warm and fuzzy, while melting your heart with swoons. Everything about Caleb screamed a true gentleman at heart.

*"Once the three of us touched, something new sizzled into existence. Something bright and searing. Something that took more than two people."*

\*5 STARS\*

I really wish I could give this book more. It really deserves them. This is definitely going into my best reads of 2019 folder. It was exactly the story I needed right now. I can not recommend reading this book enough. It's a fast paced, feel good, inspiring breath of fresh air.

\*I voluntarily read a advanced copy!\*

## **Konny says**

Misadventures of a Curvy Girl by Sierra Simone is an addicting, scorching hot read that fits right in with the other reads in the Misadventures Series.

Ireland Mills is a curvy woman, good with her body, she got her fair share of bodyshaming from her relatives and society. But now she's in a good place and it's about to get much, much better. She's a photographer on a assignment to take photos in rural doesn't matter where. What matters is that there are Caleb Carpenter, a farmer, a good man with a soft core and a big heart and Ben Weber, a bar owner with a rough past and dark secrets and some big issues. These two men take one look at Ireland and they know exactly what she is and that they want to keep her for forever.

Misadventures of a Curvy Girl is one of the books you don't want them to end before you even start reading them. It's a pageturning, refreshing, scandalous uberscorching hot read and I highly recommend it. 5 stars. MISADVENTURES ARE STANDALONE ROMANCES THAT CAN BE READ IN ANY ORDER- the authors.

---

## **Keri Loves Books says**

Holy Hell Ladies... this is a scorcher!!! Get the fan out because you are about to overheat???

Ireland is heading to the countryside for a job taking some pictures of some guy's farm for a tourism campaign. She's expecting some old guy in overalls but what she gets is Caleb, a smoking hot, thirty something year old guy who looks like he stepped off the front of some magazine cover.

Working on this tourism campaign just got a whole lot more fun. Ireland ends up at Caleb's home and gets to meet his roommate Ben. Ben and Caleb are all about sharing, maybe more than just their home.

A road trip for work has never been this HOT!!! This was more than just a fantasy come to life. The story touched on real women's issues as well as other pertinent obstacles that many of us face. And well the chemistry was OFF THE CHARTS! If you have ever dreamed of having two men, this will definitely check your BOX! Another great addition to the Misadventures Series.

---

## Sharing My says

Wow! So hot! Such a great story about self-doubt and self-confidence, but most importantly loving yourself, inside and outside. Everyone has flaws and things we don't like about ourselves, but we should embrace our flaws. We are human, and unique.

Ben and Caleb are two sexy alphas and are attracted to Ireland, and love her curves. They decide to make it their mission to show her how beautiful she is, and to make her happy. Ireland wonders why they are interested in someone like her, but can't help but be attracted to them as well. I loved these three characters and Greta, the dog. I can't wait for more Misadventures!

## Denise - Shh Mom's Reading® says

4.5 stars

a DEEPLY personal review .....

♥? REVIEW ♥?

Misadventures of a Curvy Girl by Sierra Simone touched me deeply and before I say anything about the book I wanted to say Thank you to my book buddy Janet for the recommendation.

Ireland's insecurities over her curvy size well that has made this make a profoundly personal review and maybe even more about me than the book but in the end isn't that what a great book does it makes the READER FEEL.....

SO Thank you, Sierra Simone for putting words to some of what sits just at the surface sometimes.

As a woman who well let's just say this winter when I went to splurge in a designer winter coat and I did NOT fit in any I sometimes find myself struggling to really hear like really hear (the hear that you feel deep in your soul) my husband of over 18 years when he calls me "Beautiful."

In my heart I know he means is in but sometimes that voice creeps in that says does he notice the extra weight, does he feel how my body has changed post two big boys born via c-section, does he feel the extra flap that slips out the top of my bra, does he see the chin that now has some flab hanging from it.....

Ireland's journey spoke to all of that and then some. So Thank you, Ms Simone for reminding me beauty is about more than most of the models we see and love isn't just for Barbie size women paired with men who look like cover models.

This book had be believing Ben and Caleb loved Ireland for who she was not despite of her size. And in the end I know that helped me feel a bit more of the love in my own life and for just a bit quieted some of the "if I just lost a few more pounds" or "if my stomach was just a bit flatter."
