Jana

How to seduce a cop for Christmas
Flirt shamelessly when said sexy cop pulls you over.
Send naughty texts.
Sweet-talk him into dinner.
Melt... Panties, me, and more.
Wait a sec. This was supposed to be just a little harmless fun.
He's in way too deep.
So is my heart.

Finn

A fender bender lands Jana Sparks in my police cruiser.
All I'm supposed to do is give her a ride.
Instead, I'd like her to ride me.
She's bold, brash and beautiful.
I thought I was too cynical to fall for someone again.
Jana makes me so hot and so hard, I ache for her.
I can't keep my hands off of her, and I can't keep her from stealing my heart.
My heart was hers the first night we spent together.
I just have to make her believe it.

*This is a steamy, full-length standalone romance with a guaranteed happily-ever-after. No cliffhangers.
Nothing but steamy romance & HEA!

It was so great to visit the Brit Boys and the women that tamed them!!! I love that spirited Jana got her own story and with a Brit Boy to boot. Jana is Zoe's paralegal/receptionist with a flare for life that hides her insecurities. Jana's life was turned upside down after her mom lost her battle with cancer and she had an accidental affair with her boss, meaning she didn't know he was married. When she is rear ended on her way to work she does not expect to fall head over heels in lust with the British officer responding to her bumper bender. As Officer Finn Connor takes in the scene before him he is hit with a surge of lust by the beautiful spitfire with a steak of purple shining in her brown hair. Finn hasn't been in a serious relationship since his fiancé broke up with him days before their wedding several years ago. Finn was on the fast track to pro football, soccer, when a car accident ended his dream pushing him into his other dream in law enforcement. Finn is attracted to Jana's brash and straight forward personality to the point it scares him with what he is feeling. Jana is also gun shy with trusting her instincts about dating but it feels so right to be with Finn. Jana and Finn have issues to work through but when it is meant to be there is no stopping fate, even when Jana tries to push Finn away. What Finn does to get Jana's attention to prove himself to her is comical but gets his point across. You'll love the quirky texts from Jana and the scorching heat between them. While dealing with a high profile case, ex's showing up out of the blue, a sister's unexpected accident and arrival Finn and Jana have full plates already but sorting out their feelings just might put the topping on this inevitable romance. Congratulations to J.H. Croix on another fantastic story!!! One click this must read now and enjoy.

Finn - holy hotness! (a sexy cop with a British accent) and Jana meet over a small fender bender on the freeway. She asks him out to dinner and later finds out they have mutual friends between them. The sexy sparks fly and they agree to go out to dinner. Their sexual chemistry is off the charts. Their first sexual encounter is very raw and readable - a delicious morsel. It is a sexy, tantalizing and unique story line that had me pulling for everyone!

As everything progresses Finn gets called to help his sister and her friend. He leaves the state to help and Jana, unsure of her feelings for Finn backs down and away - putting distance between them. Jealousy and insecurity rears its ugly head with these two. It is a fun read and also emotional. Another example of a woman's fantasy turned reality. The ending is pure frothy fun - just like the book started. After all, handcuffs were always part of the equation ... they always play a part and such an important one! This book is definitely a MUST READ book. Deliciously hot and steamy. Finn and Jana most definitely belong together for life. The epilogue is simply a superlative ending to this love story - everyone finds their niche. Another great read by J. H. Croix. This series gets better and better and one book leads to another. Really hard to stop reading long into the night. So loved this book. Great job!

JH Croix has done it again. Another great book. Jana and Finn are so fun together. And OMG the pictures she sends him in text messages are hilarious. They make you laugh but also you can understand their hesitation to admit what they are feeling for each other because of past hurts. Finn's ex left him just a couple days before they were to be married and he knew he was not going to be able to return to playing college soccer and being able to go pro. She stayed after his car accident, which broke both his ankles, until he got healthy again. He went on to be a cop. Jana was in a relationship with her boss until she found out he was married. She lost her job and as a result her reputation was ruined. At the same time she lost her mom to cancer. Now she works as a paralegal for Zoe, who was her best friend in college and is now a kick ass attorney. They meet when Jana is rear-ended during rush hour and Finn is the cop that shows up and Jana asks him out. There is an instant lust on both parts and once they start seeing each other they both are unsure what to do with what they are feeling for the other. Will they be able to work through their feelings and have a real relationship or will they just keep it casual for a little while and then go their separate ways?

Amelia says

A secondary character from an earlier Brit Boys Sports Romance book gets her own story, and it is definitely packed with emotion, fun, and sex. Jana Sparks is a paralegal, and some past events still greatly affect her in the present. When fate has a cop and her meeting, their lives are never the same from that day forward. I always enjoy how J.H. Croix builds the anticipation of what her couples will end up doing as they experience the ups and downs of a new relationship, and there were plenty of emotional incidents along with bliss filled sex to keep me entertained in this story. NAUGHTY WISH has humor, stirring moments, and very passionate sexual encounters.

While carefully driving in rush hour Seattle traffic, the car following Jana Sparks hits her. Though the accident is not serious, the damage was enough to call the police. When the responding officer arrives, she is immediately intrigued by his looks and British accent. After it becomes apparent her car cannot be driven, Finn Connors offers to take her to work and equally captivated by his lively passenger. Before they part, Jana says she wants him to have dinner with her, yet he does not accept her offer. But a chance meeting later has her asking Finn again, and his consenting answer might just lead to something unexpected between them.

NAUGHTY WISH causes lots of smiles and sighs. There is witty banter in many of the conversations that Finn and Jana have, and their delightful personalities shine through often. He is a very capable cop, and he makes sure those in the city are protected from anyone with bad intentions. While much of the story is focused on his and Jana's relationship, circumstances related to his duties as an officer are also shown and make him even more respected. Both have been hurt by people they trusted, making them rather cautious of becoming too serious about someone else. But as they continue seeing each other, feelings change yet Jana cannot seem to stop from having underlying doubts. I could not wait to see if she would risk her heart or keep it safely locked away. J.H. Croix certainly had me in suspense as these two worked through some realistic issues. Many of the characters in previous books of the series are featured from time to time, and I enjoyed seeing how each was currently doing.

Excuse me while I wipe the drool off my mouth, this book, what can I say, it's so good. I am a huge JH Croix fan; I love all her books but this book is super good. It is the 5th book in the Brit Boys Romance Series but you do not have to read the others to read this book. They are all stand alones but the characters tie together. This gives us Jana who is Zoe's paralegal that we met in Book 3, Out of Bounds. She is a strong, independent woman that goes after what she wants but lying just under the surface there is a vulnerable girl that isn't as sure of herself as she wants people to believe. Along comes Finn the police officer, oh and he's British, yes prepare to drool luv. He came to the US to go to the University and play Soccer and he was in an accident and it ruined his professional ball career so he went into law enforcement. He knows the other Brit Boys as he played Soccer with some of them several years before so he ties into the characters from the other 4 books. Jana meets Finn due to a car accident which he is the officer to respond and she decides she wants him, bad. He has other ideas but she usually gets what she wants since she is very bold and goes after it. I received a copy of the ARC to voluntarily read and give my honest opinion. I loved this book, everything about it. It is a page turner so it's well written to keep your attention throughout the entire book. It is beyond sexy smoldering hot. The chemistry between these two will melt your E-reader or drench your panties. It is also packed with emotions that may cause a tear or two to well up. Did I mention I loved it? I highly recommend this book and hope you enjoy it as much as I did. If you haven't read the others in this series, I highly recommend them as well. They are all good but again each standalone so no cliffhangers here.

Dorel says

The only thing I liked about this story is the hot & steamy scenes. Jana, Finn, & the story line didn't do it for me.

Kentucky Bohemian (Grace) says

I've said it before... I LOVE this series! Even though this book deviates slightly from the original sports concept, it still revolves around the same characters, and those delicious Brit boys are ever present with their sexy as sin accents. This time the focus is on attorney Zoe's free-spirited paralegal, Jana. Jana has some pretty major trust issues after her life and career took a nose dive thanks to a rather infamous affair. So when she starts to fall hard for the ruggedly cut, London born, former soccer player turned cop named Finn, she starts to panic. Jana seems to put her budding romance into self-destruct mode, seriously frustrating a very confused Finn.

As always, JH Croix has done a masterful job with these characters. Main characters and peripherals alike are nicely developed and work well together to blend a story rich in passion and hope. Finn and Jana have that delightful balance of fiery heat, sexual tension, and approachable comfort that have the reader falling in love with them. This is a great addition to the series that can also definitely be enjoyed as a stand-alone novel.

His One and Only?

ARC received for a voluntary and honest review.

Finn? is a British transplant college soccer star turned street cop in Seattle. He is directed to a fender bender on I-5, and is stunned to see Jana??, a paralegal, who was rear ended, out of her car and yelling at the man who hit her.

He is somehow fascinated by her complete package, looks?, body?, spunkiness, independence. Jana?? is also wowed by the tall, ripped? and handsome Finn???, and she invites him to dinner! Since he is on duty, he can't fraternize with her, but she gets his name. She really digs on his uniform!

She finally finds him again in a coffee shop and gets him to agree to the dinner. Finn?? had a terrible experience with his only other love?, she dumped him just days before their wedding?. That was years ago. Will he put aside his hurt and mistrust and let Jana?? into his life?

Jana?? wants to ride in his squad car and have him wear his uniform? to bed! Finn?? just wants to ride Jana?? all ?night!?

YEHAW! Ride em Bareback?, Cowgirl!?????

This is such a cute book, and so wittily written! As promised, it's a happy, fun and a perfect read for an evening in.

Emily Pennington says

Jana was sitting in the morning rush hour traffic when someone hit her car from behind, coffee spilling all over her blouse. She got out of the car, but before she could say a word, the obnoxious man blamed her entirely. He accused her of using her cell phone, which she hadn't, and of stopping too suddenly – heedless of the rush hour traffic creeping along. She called the police and melted at the handsome officer! He checked her phone log and gave her the ticket to work this out with the insurance company. But as she started back to her car, she saw that she had a flat!

Finn offered her a ride to work and dispatch called a tow truck to take her car in. She asked questions as they drove. Finn was British, accent and everything. Coincidentally, so was her boss' husband, who was a former soccer player. So Jana decided she wanted Finn and would find a way to date him. As the tow truck arrived and he moved to get out of the car, she blurted out a dinner invitation – which he politely declined with a grin.

A week later, Jana tracked Finn down in a coffee shop and, this time, she got him to agree to dinner. They had fun and neither wanted the evening to end.

These two lead characters were so wonderful together, each finding joy in the other. Despite their previous disastrous relationships, could they trust each other and let the past go for a future of love? Or was the fear of a serious relationship too much for either of them to risk?

This was a well written book, with a cute and humorous story line that draws the reader in from the start.

From Finn's first little grin at the picture he saw on Jana's cell phone screen, I knew this would be a fun adventure! The characters are great; despite their caution as their relationship deepened, they are playful and fun. Don't miss out on this book. It's a feel-good story that will keep a smile on your face right through to the end! I received a copy of this book from Booksprout and am voluntarily leaving a review; needless to say, I also bought my own copy for my library! It's a "keeper".

How can I stop? Or even slow down? Well when it comes to books I can't. I can say that I'll try, that I'll reduce my reading but... Coulda, shoulda, woulda. I'm not stopping because I really can't. How can I stop and miss out amazing books like this one?

And guess what? When I have amazing author's with new books coming out I know only one thing. I want to read them all and fast.

J. H. Croix is guilty as charged. She's amazing and that can be seen with her writing. Her books wrapped around love, loss, desire, madness, kinkiness, and so much more. But behind all that is a love story that needs to be known.

Naughty Wish is her latest release and tells the stories of Jana and Finn. But let me just give you and advice. Since this book is the 5th book from the Brit Boys Sports series I seriously recommend you to read them all. Despite all books are standalones you should read them all in order to understand this series better.

Jana is a paralegal that works with her best friend. She was supposed to become a lawyer but life had other ideas for her. One bad judgement and she hit rock bottom. Thank God for her best friend Zoe. But she's a wild card, lol. Her great idea to seduce a cop when she's pulled over will bring her more than what she asked for. Finn is a cop that was called to intervene in a car accident. He thought it would be another day like he's used to but he was so mistaken. When he offers a ride to the beautiful Jana he can't imagine the turn his life and his heart are about to get. He was seriously hurt in the past and that made him to not trust women easily. Another brilliant book like I knew it would be.

These series is amazing and I couldn't be more happy for the privilege to read it.

The plot is fantastic, fast paced and intense. The interaction between the characters is beautiful and funny. They want each other but they can't accept it, let's talk about two stubborn people. Jeez.

The story progressed smoothly and quickly, with lots of juicy stuff into the mix. Oh boy... Can I have a police officer like him? Where do I sign up?

Love, friendship, family, loyalty are very present in this book and that made the book so much more inviting and appealing.

Will we have more books about these guys? Or this was the last one? I really hope not.

Oh J. H. You're amazing woman. Each book is magnificent and special and I can't wait for more.

I voluntarily reviewed an Advance Reader Copy of this book.

Is it hot in here?

Woo!

The newest novel by J.H. Croix has the heat level cranked up to keep you warm for those cold winter nights!

Jana, working as a paralegal for Zoe Walsh, thinks the fender bender she is apart of is going to ruin her day, that is until she gets a load of the officer there to take care of the situation, Finn Connors, a gorgeous British man making this whole traffic incident a lot less of a hindrance. The sexual chemistry between these two is off the charts. While he may remain professional when he is on duty,

Finn has no problem letting loose when he's off! Both have been through some bad relationships, are they on the same page as to what they want?

I loved this sexiness overload, sweetness! A fun, humorous storyline I enjoyed reading along as these two fumbled and played (I do mean played * fans self *) their way through their insecurities and minds to come out the other side ready for something new.

This is one book I could not put down, was sad to see the end, and cannot wait to read again! Pretty sure my husband agrees!

Raecharmed says

When Jana has a fender bender she met a cop she would do anything for a date with. She even offered for him to hand cuff her while he drove her to work. However Finn was the gentleman and wouldn't so much as flirt with her while he was on the clock. When Jana runs into Finn about a week later at a coffee shop she finally gets him to agree to go out for dinner. Finn dies laughing at every text Jana sends him because its of erotic cake designs. He can't stop thinking of Jana but wants to take things slow. Jana knows that Finn is the man for her so she'll keep pursuing him until she gets him. Finn is wary of relationships due to being hurt by a woman in his past but he wants to see if this thing with Jana could be something real. Can Jana get her man?

I couldn't stop laughing while reading this book which got me some weird looks. This was an amazing book with great characters. I would recommend this to any of my book friends.

I voluntarily read and reviewed this book.

Di says

A great read by J.H. Croix about a hot cop (I love a man in uniform), Finn, and Zoe's paralegal, Jana. They both have baggage from previous relationships which makes them both wary of something real and getting involved. But the two can't deny the chemistry between them and it scares them both they just have to want it bad enough to go for it.

I loved this read with steamy scenes involving uniforms, handcuffs and the vulnerability with the two characters. I also loved the fact that there wasn't any drama with exes and it was about the two of them trying to figure out why they can't resist each other. I also liked seeing the other characters from the previous books and catching up with them as they all make appearances in this read. Only thing missing for me was a "heart to heart" between them and I felt the ending was rushed. Even with that missing I couldn't give it less than 5 stars as I loved this read, the characters, Finn's grand gesture, along with the story flowing beautifully and the author knows how to draw you in and not let go until the very end.
