A seasoned Bible scholar and an expert in organizational leadership and change offer principles for modern managers and leaders drawn from Paul's dynamic leadership style. In a unique blend of management theory and biblical scholarship, Ascough and Cotton demonstrate that Paul essentially wrote the book on how transformational leaders should operate. Thoroughly grounded in biblical studies and the academic study of leadership--yet written in a clear and readable style--their conclusions will challenge thinking in a variety of organizations.

Read this for my class while I was in Italy and Greece. What we need for Church leadership today.

### **Ron says**

A very insightful read. Does a nice job of straddling the fence. Between leadership manual and bible study. Offers wonderful insight on Paul's ministry while bringing it into a 21st century context. Highly recommended for a workplace bible study.
