Physical Agents in Rehabilitation: From Research to Practice Michelle H. Cameron

Presenting a variety of treatment choices supported by the latest clinical research, **Physical Agents in Rehabilitation: From Research to Practice, 4th Edition** is your guide to the safe, most effective use of physical agents in your rehabilitation practice. Coverage in this new edition includes the most up-to-date information on thermal agents, ultrasound, electrical currents, hydrotherapy, traction, compression, lasers, and electromagnetic radiation. Straightforward explanations make it easy to integrate physical agents into your patients' overall rehabilitation plans.
