This is my first book that I have read with Chas and Missy and I enjoyed it a lot. It was short but really good.

? love

I adored this book! Ben and Cheryl plan to marry but other mysterious tho be happen to put it off for awhile, this gets Chas and missy involved and in the end it works out but feelings change and all for the better! Love is definitely in the air for missy and chas!

Carol says

Another winner!

I'm a long time fan of this series and I'm thoroughly enjoying revisiting it. It takes a special author to create a cast of characters that you find yourself totally invested in and that's what draws you in and keeps you coming back for more. I can't wait for the next walk down memory lane.

Anne G. Kasaba says

I am really enjoying going back to where it all began for Missy and Chas. All the characters are like a mini family and more good things are on the way for them.

No good deed goes unpunished! Missy lets herself get talked into helping at a children's gathering. A child has an allergic reaction to a cupcake and Missy is facing a lawsuit. She's sure she didn't do anything wrong but she's more worried about her store manager, Ben. He's missing and the man discovered wearing his costume was murdered. With Chas at her side she knows they will figure everything out.

Angelisa Love says

Loved this one, too.

I love how the characters are getting more familiar. The story was great. I was really starting to worry about Ben and Cheryl for awhile. As always it all com together in the end.

Willie says**Another great story line.**

I really like the story . You get to know the little bit more about the characters in the book.

Nola Arganbright says

I have enjoyed this series and the characters as they expand and grow. This is a great addition to the series and gives a story to a couple of the secondary characters. I found the plot in this book to be more intense than previous books in the series. A great Cozy group to enjoy for a quick entertaining read.

Jannette Entsminger says**Sweet tasting mystery is just right!**

This book was a very enjoyable read.... I sat down on an early Saturday morning to read it, and didn't put it down until it was done! It made want to look for the others in this series. Then I wanted to go and do some baking! So much for my Saturday chores!!! I would recommend this book, a d possibly the series, to anyone e how enjoys a light mystery that will still keep the reader looking forward to figure g out who the bad guy...or girl..is!!

Dawn says

For once Missy isn't the suspect, however, it is someone in her staff. Finally, Cheryl has finally gotten some backstory which I felt was lacking. This is a very interesting finding out what happened before she came to Missy's Muffins. However, everything felt a little forceful through out the story. I felt like the story was put together just to give her a backstory and wasn't really planned.

The murder mystery itself was well thought out and interesting, even though they kinda shoe horned Ben and Cheryl into the story line. I also enjoy how they worked in more history to the victims in the story which makes you relate to them more.

Over all this was a very good book.

John Presler says

Missy gets a request from socialite, Loretta Christianson, to provide cupcakes for as part of a fund raiser to

benefit the pediatric wing of the hospital. The event is in two days and will involve about 100 children. Loretta also asks Missy into helping at the event. Reluctantly, Missy agrees. During the event, Loretta learns that the magician she has scheduled had car trouble and would not be able to make it. Knowing that Ben often volunteers as a clown at charity events, she calls him. Ben shows up wearing a huge clown mask and entertains the kids for about an hour until Loretta suggests he take a break.

When Ben fails to return after about 20 minutes, Missy goes looking for him. He appears to be asleep in a chair, but when Missy tries to wake him. Failing to waken him, she removes the mask, she finds it is not Ben. To make matters worse, the person in the chair is dead and Ben is nowhere to be found.

Who was the man in the clown costume? Who killed him? Why was he killed? Where is Ben? Can Chas and Missy figure out the mystery and clear Ben?

This story grabs your attention right from the first chapter. The twists, turns, and mysteries will keep you guessing throughout.

Debbie Smith says

5 stars!!

As usual this book is awesome! I love this series and I especially love the new covers!! It is so cool to know where they are today and go back in time from the very beginning. Can't wait till the next book in this series and the new series come out!

Sharon Thrasher says

Anybody for more wedding bells.

Such a good writer and I love this series. I really love the characters in this book. Cheryl and Ben are made for each other. And I hope another one is around the corner.

Terrie Stamey says

Rum Cake Murder-Another hit mystery!

I just love getting into what could happen next in this mystery. The cupcakes are another big hit in this little town, that is until the rumor was that the owner of the store is involved in this murder, yikes! As they say, all's well that ends well and I'm so glad it did in this story!

Melanie Moore says

Great love story

I just love these books.

Hope you like cupcakes because there is a killer recipe in the back. So a good read hard to put down.

Tere Fredericks says

I Missed the Rum Cake

But it was probably there somewhere. Cute story, with a lot of Ben and Cheryl - and if Constant Readers of the series did not see the ending coming, more shame on them.

This is the second book referring to the Orange Dream cupcakes and I want the recipe, by gosh!

Lovely cozy story, quick read with an ending almost as good as those cupcakes sound. But where is the rum cake?
