## **The Midwife's Tale** Margaret Frazer

"Sisters! Come back! Please don't leave us yet!"

Cisily Fisher has died in childbirth and now the village of Priors Byfield is held in a grip of fear. Can Dame Frevisse find the root of misery behind a murderer's sin before the next lethal blow falls? Or will the village be lost in a hue and cry of terror? The gentling touch of the midwife may calm the tortured soul... or give birth to a bitter death.

(The Midwife's Tale is part of the Margaret Frazer's Tales series.)

## **From Reader Review The Midwife's Tale for online ebook**

### **Karen says**

This is actually more a short story and only available in Kindle - that said, it is classic Frevisse and I thoroughly enjoyed it.

---

### **Katie says**

A Sister Frevisse novella, this was a quick mystery with a satisfying ending. I don't really mind the long build ups in the Frevisse novels, but it was nice to have a story get right to the action. A good hour's read.

---

### **Constance says**

Good story, although to me the killer was a bit obvious. Still, I enjoyed it.

---

### **Katie Bee says**

Not my favorite of Frazer's short stories - not bad, but pretty run-of-the-mill.

---

### **Bronwyn says**

Excellent

---

### **Kristen McQuinn says**

A nice little short story. I think because it IS a short story, the characters seemed a little flat and trite. But regardless, who doesn't love Sister Frevisse?
