Jim says

“Those who prefer abstractions or empty phrases, or fanciful—supposedly political—ideas, would do best to avoid this book, because Nelson Mandela is not a Quixotic fighter of windmills and imaginary monsters but a man who is fighting the bitter reality of the apartheid monster that is destroying the essence of his own beloved people, in the same way that colonialism is destroying the essence of my own people. In this book we meet an idealist with his feet firmly planted in the earth.”—Rafael Cancel Miranda

“A useful addition to both public and college libraries.”—Library Journal

“Reveals the patience, thoughtfulness and wisdom of the man who is the real leader of South Africa Especially valuable for the insights into his character and the character of those fighting for freedom in South Africa”—Alice Walker, Pulitzer Prize winner, author of The Color Purple

“A useful introduction to Mandela’s life and work through his speeches and writing.”—Los Angeles Times/The Book Review

“A concise, low-cost updated documentary study of the man, his life and thought There is a solid index and thirty-four evocative photos to enhance the text.”—The International Journal of African Historical Studies

“Perhaps the most riveting and revealing documents are the transcripts of Mandela’s trials They give the reader a better understanding of Pretoria’s fear of Nelson Mandela.”—Christian Science Monitor

Sergio GRANDE says

This book was published more than a decade before Madiba was released and it is a collection of his speeches.

For many of us it was the only source of information to gain some insight into the character of this man whom we didn't know. We didn't know if he was ever going to be released; if he'd come out blood-thirsty screaming for revenge; if he'd be politically active or even *compos mentis*.

Getting this book in South Africa was nay impossible; getting caught with it was a sure stay behind bars. A great historical document.

Jen says

Too much information for my brain to handle. Really good, just, hard for me to follow...

I am sure someone with law background would love the detailed speeches and letters.
