**Whose Birthday Is It?: Lift-the-Flap Surprise Story** Sheila Sweeny Higginson

*Happy Birthday!* Today is somebody's birthday, but Mickey can't figure out whose it is. Could it be Daisy's? Perhaps he should get her a new hair bow. Maybe it's Pluto's, and Mickey can get him a bone. Young readers will have great fun following Mickey on a birthday-themed treasure hunt, peeking below the book's lift-the-flaps to uncover clues. *Happy Birthday!* introduces math concepts such as size-order, patterns, and counting, while inviting children to put their imagination and reasoning skills to the test as they follow Mickey on his quest to find the perfect present for the mysterious birthday party.

**Another Craptastic Disney Editing Job for Kindle**

Do not waste your money. The pictures are cut off to such a degree the book is worthless since the text asks your child to find certain items in the picture which have been cut off. It happens on every single page. Piece of garbage.
