milly taiden

Milly keeps her stories close to her heart. She had personally picked this book and advised me to read it! before i started the book i knew it was erotica, but as Milly personally took the time to ask me to read it i agreed to. thanks milly for everything i hope you know you have a real gift. some people say erotica is writing “porn” but i say you have to be a skilled author to describe those things. Milly is an inspiration for curvy woman as she shows confidence and that you can alway love someone size doesn’t matter! through alpha owned i learned to love the way i look and look the way i love. reading milly’s books are a privilage that i seriously hope everyone takes into consideration the inspiration she gives out for every young women out there.

Cici- is a young human raise around pure shifters. sometimes it takes a while to understand your plan for life but man she took her time and discovers it later on in life. She is truly in love with Ryder and has been since grade school

“that stopped cici, she whirled around to face her. Fire bloomed on cici’s face. “It has nothing to do with being good enough. i know i’m good enough for someone out there, but Ryder needs one of his own kind to be his mate.Mom, he is an alpha. i’m a human.”

“I know your for me cici. I knew it from the first time i saw you. My animal and my instinct connect with my mate told me it was you.”

“he shook his head. “good enough? you’re more than that. your perfect. everything about you is perfection, ciara. From your gorgeous eyes to your voluptuous curves.I love it. All of it.”

The amazing Milly Taiden has yet done it again. Her down to the point writing and beyond too hot alpha men leave every women needing a cold glass of water. Add her smoking hot sex and a cold shower or BOB may be needed. I love reading Ms. Milly books she has book series that make you can’t wait for the next to

see what she will come up with next!

“Strong muscles, washboard abs a bevy of tattoos lined his toreros. Her brain screamed for her to go pet those muscles again. She screamed at her brain to stop torturing her. Stupid hormones.”

Ciara Ortiz a baker by profession ran from the snow mountain pack as soon as she could. She is going home to make her brothers groom cake. One bad date as a teen and the women saying the future alpha needs a shifter as a mate had kept her visits home very few but now with her brother's wedding there was no escape from seeing him again.

Rykan snow the alpha of the snow mountain pack had always known who his mate was. For some reasons she only came home when he was away. This time she wouldn't escape so easily. They needed to talk. When he shows up things take an unexpected turn. She has been drinking and thinks its all a dream.

When Ciara shows up with a guy claiming to be her boyfriend how will Rykan deal with it?

How does too much wine and one wicked naughty dream leave the unsuspected Ciara Alpha Owned?

“You did I thought it was a dream” Christ. The things she said the stuff she'd admitted to. Why did he do that to her?”

Hot Hot Hot! Can I have me a man like Ryker? Please? I promise to be good? Sexy, alpha male who knows what he wants and how to get it! I love Cici and how she tries to fight her attraction. She almost loses out on the one thing she wants most by being stubborn. This is a great little read with huge hot sexiness and a little drama. I'd love to know more about some of the characters and wish it had been longer, but this is so worth a quick hot read!

Nice short story!

This was well done as is everything I have read\listened to by this author. I chose this book because it was offered in audio. I was looking for well written, nice narration, back up ebook, and a short, between bigger books, Interesting book. That's exactly what you will get with this choice.

Jes Jester says

Was really great but far too short. More please ?

Nancy says

Story seems abbreviated and I didn't buy all the love. Even the way they spoke to each other...ugh. My favourite character in this book was Darius...the gay friend.

Ciara is a human in a family of shifters. Her mother married a shifter and turned when Ciara was a young girl. So when she started liking the future pack alpha all the shifter girls brought out their claws and made her feel as if she would never be good enough. So she has stayed away. Now she has no choice but to go back for her brothers wedding. She still plans to avoid him. Lucky for her Ryker has other plans.

Ryker has known since they were young that Ciara was his mate. He can't ever get her to realize it though because she always finds a way to avoid him. Well that's not going to happen this time. He is determined to spend some time with her this visit. And she will be his!

Super HOT short from Milly. It has a great story and Ciara is kinda bad assed! I love when the story has a strong, sassy female lead. Shifters are always possessive, dominate males with who tend to get the Caveman syndrome. Milly never fails to bring us a hot read with a female who throws the caveman syndrome right back in their faces! I think this is one of my favorite shorts by Milly. I definitely recommend reading!

This was short and sweet! It was a great story about how we often allow the words and opinions of others determined what we do. It is always great to see a person push through and go for what they want. Loved this

book!

Super hot and fast read

Another scorcher from Milly Taiden. This was super sweet and a very hot read. I adored Ryker and how determined he was that Ciara was going to be his mate. Ciara just had to get over her fears and accept him too. I hope that this turns into a series and we can get stories for other characters in the book.

Short&Sweet

I got to read Alpha Owned for free thru Kindle Unlimited(ladies a Prime membership worth every penny.) Especially for a lot of these short stories, I will always bust my Kindle reading budget regardless it's a weakness I can live with, especially since I will stay up late reading a full novel or several shorts in one evening. It's just hard for me to justify spending too much on a story that may be only 30-65 pgs long. Plus I've discovered so many amazing new authors, found a lot of short story serials and more. Ms. Taiden has quickly climbed to the top as one of my favorites. I really liked this story except for Ciara's constant obsessing over not being able to be enough for Alpha Ryker because she was human. Even though she knew the girls and women from her past disliked her she refused to listen to what Ruler&the people who loved her were saying. Hello what he was showing her, she nearly let it ruin her future with this amazing guy cause some jealous heifers told he needed an shifter as his mate. Hellooo! I wanted to slap her myself poor guy he waits all these years and I started to think he needed someone else. Human or shifter, as amazing as she was coming to Michelle's rescue&kicking some major a**. Finally. Please don't let this stop u from checking her story out, get the Prime membership free trial you'll see u can borrow up to ten lbs at a time. I've read full novels, anthologies, short stories even serial short(breaks a small to medium length book into 3-4 short stories even finding entire series avail. You definitely will be renewing your prime subscription. I'm already looking forward to Darius and Sara each getting their own books. Good luck and happy reading

Another hot read, the lead female is awesome I loved her. A well written short which Mrs Taiden is the mistress of. But now I need more, I need more on these shifters, I want more of the shifters changing & lots more of the greatness of Milly's writing.
