**Charline Bonham says**

Two stories of the Classified K-9 Unit. A Killer Christmas by Lenora Worth and Yuletide Stalking by Terri Reed. The continuity of the stories in this series is amazing considering they are written by different authors. One with the Marshall helping a FBI K-9 agent when a killer is after her. The other with a civilian caught in the sites of an arsonist and a FBI K-9 agent. Both will hold you attention and keep you guessing.

Disappointed in these particular two stories - Seemed too much got cut to fit both stories into a LIS.

Sigh - usually enjoy both these authors immensely.

Loved both of these stories! This book takes over where the series - Classified K-9 Unit - left off but it doesn't have anything to do with that story line, just has some of those characters so it's easy to pick up this book and read it, even if you didn't read that series. It's a great holiday suspense book too so I definitely recommend it!

### A KILLER CHRISTMAS by Lenora Worth

This story starts out with an attempted murder and goes on from there! I so enjoy reading about the FBI K-9 agents and their handlers! In this story we get to know Nina Atkins. She meets US Marshal Thomas Grant right after the attempted murder that she witnessed and they have to work together to solve it because the suspect is someone Thomas has been following! The case takes different turns that I didn't suspect! I had a hard time putting the book down because it was so interesting and I HAD to see how it ended!

### YULETIDE STALKING by Terri Reed

This story is about an arsonist. The K-9 is a dog who is an expert in detecting accelerant and belongs to FBI agent Tim Ramsey. The arsonist begins stalking Vickie Petrov, who can possibly identify the arsonist so Tim and his K-9 stick close to her. Vickie and her parents own the bakery in town and everywhere they turn, the arsonist seems to find them, especially Vickie. What is going on? Tim is determined to find the truth!

Another story that kept me turning the pages!!!!

My review today is on the Love Inspired Suspense, Classified K-9 Christmas. This is another two stories from the series Classified K-9 Unit. I really enjoyed the continuity series and was glad to read more about the team and the new members. I know you are going to really enjoy this book. Normally I would review each story alone but I am so far behind I must do it together. Both these stories are well written and full of suspense.

### A Killer Christmas by Lenora Worth

FBI K-9 Agent Nina Atkins and her partner Sam stops a murder and becomes the target of the killer herself. She soon meets a US Marshal who is searching for the same killer but Nina didn't want to work with this man. She can handle this herself, how can she trust a stranger.

US Marshal Thomas Grant is tracking a serial killer. He runs into Nina and her partner Sam. He is drawn to the beautiful FBI agent. He is determined to protect her and find the killer. Can he do his job without losing his heart?

### Yuletide Stalking by Terri Reed

FBI K-9 Agent Tim Ramsey and his partner Frodo work on arson cases. Frodo is an accelerant-detecting agent and they are on the mission to stop an arsonist. He finds one witness and is determined to protect her and find his man. Can he keep her safe when she refuses to trust him? Who hurt this woman so badly?

Vickie Petrov worked in her parents bakery. She takes out two bags of trash at the Billings Homeless Shelter where she is preparing food for the Christmas Eve meal. She smells burning cigarette smoke close by. Vickie once abused while in college is filled with fear. Before she could get back into the kitchen a man grabs her. She uses the self defense moves she was taught and escapes but when the mission is set on fire a few minutes later she realizes she witnessed the man who set the fire. Could she trust the FBI Agent?

Both of these stories will touch your heart. God had a plan for these two couples and He has a plan for you. Give Him your heart, put Him in control of your life and watch Him turn your life around.

A perfect ending to a great K-9 suspense series! I've so enjoyed reading each book by different authors, and while they use their own unique authors voice, they stay true to the storyline & plot. I also loved getting to know each agent, their K-9 partner and their love matches. Some truly talented writers collaborated to bring an intense series you don't want to miss!

This book is a quick-paced, two novella length stories by Lenora Worth & Terri Reed. I'm going to include both in my review.

### A Killer Christmas by Lenora Worth

On a routine jog one night with her K-9 partner Sam, Nina Atkins stumbles upon an attempted murder of a young woman. Thwarting the killers plan, she & the victim now have targets on their backs. What possible sinister plot could he have for wanting them dead? When US Marshal Thomas Grant happens to be tracking down the same killer, they collaborate to solve the mystery!

This one was a fast-paced thrill ride from the start! There's lots of twists in this one and just when I thought I knew the answer, it becomes much more sinister than I imagined. I was left on the edge of my seat as I observed Grant and Nina following the leads that take them along a twisted road of deception, intrigue and cover-ups! Even though this is only about 100 pages long, there's no feeling of a lack of depth to either the plot or the characters. The romance quickly flamed between these two the more they worked together. A great suspense story filled with threads of faith, some seriously heart-pounding scenes, the sweet promise of love, and a Christmas full of hot chocolate and family fun!

### Yuletide Stalking by Terri Reed

Working to find a serial arsonist, FBI agent Tim Ramsey and K-9 partner Frodo met Vickie Petrov after the shelter she volunteers at catches fire. Having been attacked just before it started, she's visibly shaken up, which in turn brings up past memories she'd rather have buried. Distrustful of both officers of the law & men in general, she has distanced herself from affairs of the heart. But as she works with Tim to bring the arsonist to justice, his gentle manner begins to crumble the walls she put up. As the danger escalates, can she trust Tim protect her and her family all while protecting her heart?

Another fast-paced suspense to keep me on my toes! As each suspicious fire starts, the danger escalates and the clues start adding up. But can Tim and his team put the pieces together in time to save Vicky and her family from getting hurt? I also enjoyed seeing Tim scale the walls of her heart with his gentle, dependable ways and his protective spirit. Sparks, like the accelerant on a fire, flamed the more these two were around each other. This one had a few twists that I didn't see coming and ended in my heart pounding so fast I could hardly breath! Past meets present with this race between good and evil and seeing justice served!

#### **Mystery, Action & Love**

Two sweet and action packed novellas that each follow an FBI K9 agent through a mission leading to danger, mystery and romance. The wonderful K9 partners add depth to the stories. The romantic interests are well matched and realistic. Wonderful reading for this holiday season, or any time.

The two short stories in this book tell the stories of FBI K-9 agents--Nina Atkins and Tim Ramsey. The additional stories of this series retained the suspense shown throughout the series.
