## **Everlasting Circle** Juliana Haygert

Her fight against darkness will only delay death...

With the last battle fast approaching, the time to gather allies for an army is running out. As are the number of days left in Nadine's life.

Despite Micah's insistence that they find a way to stop Nadine's impending death, she chooses to focus all her attention on strategies to win the war instead. With a new hero, a new god, and new abilities, she starts to believe they might actually have a chance to lift the never-ending veil of darkness. Until a betrayal throws a wrench into their carefully made plans, setting them back to square one.

Lost and angry, Nadine contemplates giving up, but her warrior spirit won't allow her to admit defeat. Her time on this Earth might be ending, but she has too much to accomplish before she dies. Against all odds, Nadine will keep fighting to win the war... even if it takes until her very last breath.

# From Reader Review Everlasting Circle for online ebook

**Agirl212 says**

**Super fun read**

Super fun heart racing story. The series is in 4 books and you will not want to put it down!

---

**Nadine Bookaholic says**

It has been two years since the release of Cup of Life so it took a few minutes to remember all of the characters by both of their names but once I did the book flowed. This was great ending to the trilogy, there were so many twists and turns that it kept me on the edge of my seat. When Micha/Mitris...well I'm not going to tell you what he did but I was so surprised I kept saying to myself NO, NO that CANNOT BE TRUE! yep it kept you guessing that's for sure. I hoped that it would end a certain way and although it was different from what I expected it was so much better. This is a great trilogy for anyone that enjoys fantasy/dystopia/action packed books, I highly recommend it.

It's been four years since I read the previous books in this series and two years since rereading the first book, Destiny Gift, which is why I was so afraid to get to this book because I didn't know if I would be able to get into it because it's been quite some time since I've been in this world. Juliana revamped this story and gave it a new cover, being in her ARC team she sent me a ebook copy for me to read and I finally bit the bullet haha. Though, she was so sweet to send me a copy I still bought myself a paperback version for three reasons.

1) Major cover envy!

2) Because I knew I'd get tired from moving to my word document to my kindle app after a while

3) Because I just knew I'll be wanting to binge read these books in the future!

Still a little nervous when I picked it up, I dived right in. My connection wasn't as strong to the characters as I hoped and I knew that would happen but as the further I fell into the book the easier it became. Juliana is great at weaving in details from the previous books, making it easier to remember them. Because of this I was able to truly enjoy Everlasting Circle!

Nadine's journey throughout this book was pulling at my heartstrings, moving them every which way! Not only hers, but Micah's too. He's trying so hard to save Nadine's life from the Soul Oath but every time he takes a step forward something gets in his way and moves him ten steps back. Once in a while a scene would have me choked up by how emotional it was!

Overall this is one series I'll be rereading time and time again! I was so happy with this book and how it ended! If you enjoyed the previous books and have yet to get to this one, you better go get yourself a copy because you won't be disappointed!

### **The Mysterious Reader says**

Juliana Haygart is still a relatively new author for me. I first came across her work in a few anthologies, Secrets & Sorcery and Midnight Kiss and really enjoyed them, then got a freebie (I think it was one of those random Instafreebie offers) of her Secret Santa book which was tons of fun. They were good enough that I decided this really was an author I needed to read more of, so I've started books in two of her series. The first was Heart Seeker, book 1 of The Fire Heart Chronicles. It was a riot (and will be separately reviewed). This book, Everlasting Circle, is actually the second, even though it's being read out of order as it's the fourth book of her The Everlast Series. Quite simply, I had the chance to grab this one as a freebie and couldn't resist. I'm glad I didn't. This book was a ton of fun and, while it did take me a bit to catch up thanks to things I missed from the prior books in the series (the very first line of the book is about its lead character missing another one), it definitely can be read as a standalone. This is exactly what's advertised, an excellent urban fantasy with post-Apocalyptic elements. It's lead characters, Nadine and Micah, are perfectly crafted and you have to admire Nadine's grit and willingness to put everything aside, even seemingly any chance of saving her own life, to gather allies and grab for victory against darkness with the last battle fast approaching. Loads of action, thrills, betrayals, twists and turns here - and great fun.

Highly recommended.

### **Kristine says**

This is a fast paced, suspense filled, action novel. Filled with demons, gods, goddesses, and amazing characters, it created the perfect setting. From the first page to the last, I couldn't put it down!!

---

### **Orinthia Lee says**

Finally, it's the end!!

I don't know if I should be happy because my 2 years waiting is over and I could meet Micah again, or be sad because I have to say goodbye to Micah and the Everlast universe.

So, yeah... I want to say thank you to Juliana for providing me ARCs of this adorable and sexy-Micah series from the start til the end. I am so in love with Micah, I don't even know why. He is not my type usually but... I couldn't resist him. \*oops\*

This last book end in a totally happy mood. Everything went so smooth, and a bit too easy (maybe it's because I imagined too much of scenes by myself lol), and a little too happy. But it's okay because I loved those characters too much I can't see them sad. This ending is the best choice, for me. But, I would like to know what will happen to Micah if the black web on his chest wasn't healed... been hoping there'll be a scene when this happen and then Nadine taking care of him and... they'll be lovey dovey... and hahaha.. I should stop now. ="p

If you haven't read this series, love mythology, and you love bad sexy boy turned to a good sexy man... I recommend you this. But Micah is mine... (no, he's Nadine's T\_\_T)

PS. Juliana, what happened to those stupid traitor dark lords? ' ' )a

PPS. Pardon for my bad english ' ' )b

## **Dawn says**

### **Absolutely lovely**

A book about God's and Goddess ' and love above all.I took my time reading this one and thoroughly enjoyed reading it.Looking forward to reading more from Juliana Haygert .

---

## **Savannah says**

This woman rocks! Really!

Yep, you all know about my author crush with Juliana, but if you know how hard she works for her books, how beautiful her stories are, or how nice she is with her readers, you'd understand my obsession ;)

Micah, baby this is for you

---

### **Richard Goodrum says**

Fantastically well written. A compelling end to the series. Wonderful characters. Unpredictable. Entertaining. Riveting page-turner. Romantic. Happily ever after.

Nadine and Micah continue to have a strong hidden love relationship: each knowing they love the other, but each afraid it isn't returned. Unable to break out of there self imposed barriers, the tension rides high in this story.

I was provided this book as an ARC by the author; however, the review is my honest opinion.

---

### **Bee says**

great series!!

---

### **Gabby (What's Beyond Forks?) says**

Full Review at: [What's Beyond Forks?](#)

I have enjoyed every bit of this trilogy. Nadine keeps growing more and more as a character as she comes into her powers and gains new ones. Micah is strongly misunderstood, but he wears it like no other. These two strong characters give you people to really root for while you read. I thought the story was wrapped up nicely, and enjoyed the conflicts and speed bumps along the way. I enjoy this author anyway, so it comes as no surprise that this book would be every bit as engulfing as any one of her other books.

The ARC of *The Everlasting Circle* by Juliana Haygert was kindly provided to me by Xpresso Book Tours for review. The opinions are my own.

---

### **Terry-ann Chrisie says**

**Amazing**

I loved every minute of this book... I loved the progress Micah and Nadine made. I legit cried when I got to the last chapter. I feel like I just lost a good friend.

---

### **Fallon Brown says**

I've been looking forward to reading the final book in this series for so long, and it was worth the wait. I was

so worried about how everything was going to be resolved, but in the end, I was very satisfied. And, well, there's Micah. My heart kept breaking for him, but by the end, it was healed.

---

## **Bec says**

Absolutely loved this book! ?????

My favourite in this awesome series. Recommend to all.

Favourite quote from this book

“Who do you think you are?” Imha snarled.

“Just a girl with a big ass weapon,” I said.

---

## **Shrimalya says**

**Review:** This review can also be found here at my blog.

Woohoo! Finally, after almost two years of waiting I was able to read the conclusion to the Everlast Trilogy and let me tell you it was worth the wait!

The Everlasting Circle picks up right where we were left off in Soul Oath. Nadine has been training for the war that is approaching and she has also been assisting the gods in amassing an army against Omhi and Imha. Those who have read the Cup Of Life will also know about how Micah tried to find a way to save Nadine's life, but was betrayed in the end. Micah is sad and pissed after these events and has spent his time away from everyone else wallowing.

Nadine who doesn't know anything about this thinks that he has just abandoned them. She would rather focus on trying to get support and winning the war. She also avoids thinking about the fact that she has literally signed away her life in a bargain with Micah (which he obviously hates, but can't do anything to save her). She has also been developing new powers which has now given everyone hope that they might have a chance to win the battle.

So, everyone is in a race against time, and they will have to figure out what do Nadine's new abilities mean and how to control them? What are the flashbacks that she keeps getting? Will they win the war and even if they do will Micah find a way to keep Nadine alive? Read the book to find out ;)

I loved getting to see these characters again after so long! I have shipped Micah and Nadine since the first book, though the focus was on Victor (Levi) then. So, I was really happy to see them get together after so long. I was shaking my head whenever Micah kept stuff from Nadine and let her jump to the wrong conclusions. But, it worked out in the end. Victor was also great in this installment. Cerise also became likable. There are some deaths and return of a few other characters. The story behind Nadine's powers was great, though I kinda saw that one coming.

Anyway, it was beautiful returning to the world that Juliana Haygart has created. The myths and storylines are really original and creative. Though, I'll miss these characters, I loved seeing everything come together in a satisfying ending. So, go pick up your copy of The Everlasting Circle today and if you haven't read this

amazing series yet, start with Destiny Gift which is free!

*\*An ARC was provided by the author in exchange for an honest review\**
