Filthy Clarissa Wild

Take what you want. Claim it. Own it. Never let go.

Playboy Jaret Paxon has no pride. He's filthy as fuck, and he doesn't care. He's got it all... Expensive cars, a luxurious home, and a killer smile. Flirting with girls at local clubs, his money gets him whatever he desires. Tight pussy around hungry cock. Night after night. Life is good.

Except it's all a lie.

Wealth. Love. A family. Education. None of it is real. Jaret's life is broken. Fucking makes him forget.

Until Lin, the only girl who understood him, stumbles back into his life. One kiss rekindles the sparks from long ago. Jaret wants her back, but he's not the only one who screwed up. Dating the wrong guy got Lin into trouble. Now that Jaret's in the middle, someone's out for blood.

Lies turn into shame. Shame becomes pride. And when Jaret's proud of something, he won't let go without a fight.

Filthy is a novella in the Fierce series, featuring Jaret's story. Stand Alone. No Cliffhanger. Complete at 16500 Words.

Books Laid Bare says

This little beauty will take you on a whistle stop tour of life as lived by the inimitable Jaret Paxton

Life was everything a young boy could have dreamed for, as Jaret was growing up, the only problem was it was not Jaret's dream.

Left alone to be raised by the staff around him, Jaret wanted nothing that was offered to him and when the illumination of college was held over him, he finally snapped – because that was the last place he wanted to be.

Living from then became nothing more than an endless round of drinking and women – the more the merrier, they helped him to forget the fact that to his folks he barely existed and never had.

Jaret's life had one bright spot growing up, Lin.

But even she had been taken away from him when her folks, members of staff at his parent's home, had packed her off to finishing school. As kids they had been friends but like Jaret, her hopes and dreams for her future had been decided for her by her parents, so they had more in common than most. Could they forge a new friendship? Or perhaps something more

One night when in a local strip bar, Jaret bumps into Lin again and when he discovers her situation, he is determined to help. Lin owes money, a debt that has her living in an abusive situation with the threat of violence to not only her but her family never far from the surface.

Can Jaret help? Well he is damn well going to try!

Letting Lin go, is not an option for Jaret, she is the one person that he has loved in his life and he would die to protect her if he felt it necessary.

The story is full of angst and drama but there was something that niggled me.. it I felt like it was almost complete... I just would have liked a little more of Jaret, I think he has more in his locker that he has yet to divulge and because of that I felt like he was holding back on me.

I didn't doubt for one minute the connection between him and Lin and for that alone, this is a belter of a short, feisty read!

Michelle Schroer says

Fan-fu©king-tastic!!! Oh to be in the mind of a man I've been curious about since Fierce!! If there's anything wrong with this book, is that Filthy was too short!!

"Lin knows me. She knows me better than any other girl does; my weaknesses, my stupidity, my power, my love and my pain. She knows everything, which is what makes it exciting."

Jaret Paxon is the 'rich' guy. Or so he leads everyone to believe. He grew up with rich parents that were never really around. His parents would shower him with presents and expensive toys to make up for it. Jaret has a new woman everyday of the week. Never the same, generally never knows their names, and never brings them home.

When he runs into Lin at a club... Well things get very interesting. Lin is 'that' girl for him. The one he thought he'd never see again. Lin's parents worked for Jaret's and being they were the same age they played as kids. They were best friends. Lin's parents were very strict, never wanting to take a handout from anyone.

Everything in life, for her and her family, had to be earned. It was about honor and reputation.

I was always a Jaret fan. Always curious about him and his life from the beginning of this series. He's jaded, but I never knew why. He's a man-whore, but I never knew who made him that way. And he's extremely loyal - to a fault. Not to mention all the other great things about him!! So when he sees Lin in an unpredictable and 'not very Lin' circumstance, well he wants to be the knight to save the day. But with Lin's parents morals engrained in her head, she's not agreeable to accept. Now that he's found her again, he just doesn't want to let her go. Jaret feels like he had no meaning, he was a loser, and was wasting life. Finding Lin really brings out all the great things that were just under the surface.

I loved every second about this book AND this series as a whole! Clarissa Wild is one hell of an author!!

1-Click Addict Support Group says

I was so excited when I heard that Clarissa was writing Jaret's book; I couldn't wait to get my hands on it. Jaret has gone through quite an evolution. In *Fierce*, he was just Hunter's strange roommate. In *Fury*, we got to know him a little better. He helped Hunter out with the gang, but only up to a certain point because he was worried about the consequences. He seemed a little selfish to me because of that, but he could have chosen not to help at all, so I thought he was alright. In *Flame*, he stood out as much as a secondary character can. We really saw a different side to him. He was wise, thoughtful, and he helped Hunter come to his senses whenever he was lost. I really started to like Jaret and I hoped that he would get his own story. I'm so glad that he did!

Jaret is a one night stand kind of guy because the girls don't want him for him and he's hung up on the one girl who did, Lin. Jaret has always loved Lin and he is lost without her. He finds her again in an unexpected place and she's different from the girl he knew. He refuses to let her get away from him a second time and decides to fight for her. Lin wants to be with him too, but she has debts that she thinks makes it impossible for them to be together. She has to decide whether to put her pride on hold and let him help her.

I loved Jaret! He's sexy and dirty, but he's also sweet on Lin. You never question his love for her or his determination to claim her. I also enjoyed meeting Lin's character. I thought she was going to be like Autumn, and while Lin is nice like her, they are really different. She's not shy, she knows that she wants Jaret and she refuses to let him hold back. She loves him and is willing to forget about her parents' honor to be with him.

Pride is a major theme in this book. It ranges from not having any of it, to having too much of it, to learning to let go of it to accept help. It was a nice balance – showing how *too much* pride can hurt you and others, but that you do need to have *some* pride to prove that you care. I loved how *Filthy* showed that sometimes you need to accept help and there's nothing wrong with needing it or accepting it.

Flame is still my favorite in the series, but I did love *Filthy*. It is a novella so you can finish it one sitting if you don't get interrupted. I didn't mind the shortness, though, because everything moved at a nice pace without too many complications. It might seem like Lin and Jaret's relationship develops really fast, but they have loved each other for years, and they finally get to be together, so they don't fight against it. I love that!

I finished *Filthy* with a big smile on my face; I loved it! I will absolutely read it again; it's filthy hot with no

cliffhanger and a great HEA. I definitely recommend it to anyone who's read the series and loved it. ~ Paige, 5 stars

~~~

*I am all tied up in Clarissa Wild's Fierce series. I have read all the existing installments, enjoyed them, and thus I was both intrigued and excited at the prospect of getting a book (and some history) for Jaret. To be honest, I wasn't sure what I was going to get from the rich, bad boy and I wasn't sure what I wanted, either....*

Jaret Paxon appears to have it all. Money, expensive toys, women on their knees before him. But it's not real. His life is broken and spiraling out of control and he's not sure where he's going. When he encounters Lin, the girl that he loved and lost, in the last place he would expect to find her, he knows that his life isn't the only one that's broken.

Jaret wants to help the one girl that makes him want to be a better man. He's determined to save her from the trouble she's found herself in. He wants her – even though he knows that Lin is too good for the filthy, ex-dealer he's become.

I wanted to love this novella, but sadly I didn't. I *liked* it well enough, but I couldn't help but feel like something was missing. Writing a novella is an art, no doubt, because there is a trick to making a story feel complete in a short form.

This novella felt more like a short story, an introduction, than a complete story. The pacing of the story felt off – things happened too fast or too slow – and there wasn't enough history for me to believe in the connection between Jaret and Lin or to get invested in their future.

Having said that, I found the filthy-as-f\*ck sex scene to be....*filthy-as-f\*ck*. Yep, it was very hot. I enjoyed seeing a little bit of Hunter and his Leafy, Autumn. It was great to finally see a little more of Jaret, after he redeemed himself (somewhat) in Hunter's POV, *Fury*. There was definitely plenty here for fans of this series – and it's enough to make me interested in reading more from these characters (I say Hunter's brother needs a book, stat). I just wish there had been more...

*Filthy* is the third book in the *Fierce* series and can be read standalone, but I would recommend getting acquainted with the series first. No cliffhanger. ~ Beth, 3.5 stars.

## Jade Simcox (3 Degrees Of Fiction) says

I received this book in exchange for a honest review.

I really enjoyed this book. It was a quick, dirty easy read.

We follow Jaret, he lost his best friend, Lin. They used to play together as kids. Her parents were servants for

his parents. Lin's parents wanted to send her to boarding school to get a good education. She wanted to make them proud so off she went leaving Jaret behind. Jaret was distraught by this, so he coped the only way he knew how. Drinking, sex with a different girl every night, showing off his luxurious car and house. Most of the girls are just after him for his money, they don't realise its all a front just to get what he wants. Jaret is nothing without Lin. Then on a night out looking for a girl for the night, he happens to bump into her. One kiss sets off all their feelings from years ago. Lin's in trouble and Jaret is more than happy to help her out. But someone isn't happy having Lin taken away from them. And they are out for blood.

I really liked this book. It was nice to see Jaret and Lin find their love again and fight for it. Jaret is a man that protects what is his and I loved that about him. Lin is a strong female character, she hasn't had a easy few years but is pushing through because she wants a better life and to make her parents proud of her. There are nice tender moments and dirty sexy moments. I thought it was a great balance.

I want to read the other books in the series now. They don't have to be read in order, but I think we will get more information about Jaret and Lin's history that we may have missed in this book.

4STAR RATING!

---

### **Lorraine Oliver says**

Filthy by Clarissa Wild was a short but interesting read, it is a novella of the Fierce series, and although I did not read the others it was easy to understand and could stand alone! It did not end in a cliff hanger!

This is the story of playboy Jaret Paxton, a young man brought up in an influential rich family, and was always left alone to be raised by the maids in the home as his parents were too busy. They gave him everything he wanted as long as he went to College, however this is not what happens. Jaret turns into a hedonist, totally letting himself be controlled by drinking, loose women who he never stayed with after he got his orgasm, never brought them home and usually the hook up would be in a bar bathroom! So all the wealth, love, family and education were all lies. Jaret is broken and constant sexual hookups make him forget.

Then one night he runs into the only girl he ever loved, the staff's daughter at his home. From the time they were young kids they always gravitated towards each other, even though the little girl was brought up strict, Jaret and the little girl Lin always found ways to be together until the parents decide to send her off to finishing school, so she will be ready for college-their wants for her not her wants for her life! Jaret and Lin feel so sad and helpless, and life goes on.

One night at a strip bar, Jaret runs into Lin! Finds out she is living with an abusive cage fighter as she owes him money for paying off her student loans. She has no choice. Jaret is horrified and does what he does best- plays poker and wins the money, to give her to pay this man off.

Will Jaret and Lin get together again- the both of them being the only ones they have ever loved?  
Will the fighter stop Lin from leaving him? Will he try to hurt her or Jaret?

This story was filled with a lot of emotional angst, different situations, and the results of Jaret and Lin spending one night together, causes her boyfriend to call and threaten her parents, and challenge Jaret for Lin. Will Jaret fight this jerk, will he win?

Do yourself a favor and read this - I loved the way it ends and I know you will too!

I gave this 4\*\*\*\*\* stars, and look forward to reading the other parts of this series!

---

### **Katie says**

Filthy was my second experience reading a Clarissa Wild book and definitely not the last. Filthy is a quick read that I could have kept reading more of, this one has potential to be a novel. The characters were complicated and with people from previous instalments appearing, all the tie-ins are great.

Jaret Paxon is on the outer with his parents after the College fiasco and the only way to squander away his days are by drinking, girls and gambling. He is known throughout as a womaniser, but that doesn't stop the women lining up in droves to have his attention and use his body. He is always honest with them about his intentions though, never wanting anything serious.

This one night, Jaret bowed out with a girl and is hoping the next club meets his needs. Kitties Club is having a masquerade night and the girls are all very tempting. Party time consists of Jaret being dragged onto the dance floor and being rubbed against by a lovely beauty that seems a little familiar.

Jaret kisses this girl and she is shocked, the girl removes his mask and he removes hers; that's when they realise they know each other. The girl is Lin, a childhood friend Jaret hasn't seen since she was shipped off to boarding school years ago. What is she doing working in a strip club? Lin runs off and Jaret is even more confused.

Jaret goes to a fight that Hunter is partaking in and coincidentally sees Lin again, but this time she isn't alone, Lin is with the guy Hunter was fighting; a big brute of a man that looks dangerous. Lin leaves and Jaret follows wanting to talk. Lin doesn't want to cause trouble and she's with somebody, but there seems to be more going on than Lin is telling him.

Lin's family is proud and won't accept help, this trait has been pushed onto Lin her whole life. Jaret is determined to have Lin back in his life though and won't let her run from him anymore. Will Lin open up to Jaret? Will Jaret change his lifestyle? What happened to Lin that changed her life so drastically? Is their friendship strong enough to last?

Filthy is Jaret's story, find out what goes on inside the mind of a college drop-out and why he wants to drink and womanise his way through life. I really enjoy reading this series; it's fun, steamy and quick. I would love them to be a little longer, but overall a very enjoyable series that should be read by all new adult readers.

---

### **Olga therebelreader says**

3.5 STARS

Not what I expected. The writer concentrates too much in Jaret's filthy personality, but the background story

wasn't enlightened enough. The story was just missing something. The book was as been written in a rush. I found it difficult to connect with the two main characters, and I was definitely not satisfied with the conclusion.

---

**KFForever says**

## **FIVE STARS**

Reviewed by Dawn Vicker on behalf of **Kindle Friends Forever**

Filthy is a short novella and is part of the Fierce Series. It can be read as a standalone; however, I feel it's best to read the others first to get a better understanding.

This novella tells the story of Jaret. He loves women; they hang round him night after night at the local club, and he always gets what he wants. Jaret is a dealer, gang member and pretty much doesn't give a damn about anyone or anything. Cut off from his parents when he didn't do as they wanted, he's alone, broken and gets by on women and booze. By chance, he runs into Lin at a strip club. They were each other's first love but things ended when Lin was sent to finishing school. Lin's working in the club to pay off a loan. Jaret cannot believe it when he sees Lin again! The only girl he's ever loved has made him more determined than ever not to let her go! He finds out where she's living and who with. Her current partner is a fighter, abusive towards her, and even though she wants to leave him, she has no choice but to stay as he paid off her student loans. She agrees to let Jaret help her, so he sets out to try and free her of this man and win her for himself. Fate has handed him a second chance and he's unwavering in his decision to take it. When Bobby, the man Lin lives with finds out about the two of them, threats are made and he challenges Jaret to match... will he accept? Will Jaret be able to protect Lin and will they ever be able to have a life together?

It's wonderful to see the character of Jaret finally mature and put Lin's happiness above all else. There are twists and turns, emotion and sweetness. This story is hot and sexy which you'd expect with a book by Clarissa!

---

**JG ~ Jezabell Girl & Friends says**

3.5 Stars

Yay, we finally get to sink our teeth into Jaret! Having loved his support role in the Fierce series, I was really looking forward to finding out more about him and for him to reveal himself to us, in more ways than one! Filthy is that story and it's a story that will leave you wanting much more from Jaret, his "filthy" mind, and his lovable character.

Jaret has a reputation of being a man-whore. One night stands are his thing and having nameless girls on their knees in front of him is his kink. After falling short with his latest conquest, he heads to another club and behind his mask he comes face to face with the girl of his dreams, the girl from his past, and the once

love of his life, Lin.

Lin has found herself in a difficult situation but reluctantly agrees to let Jaret help her.

The story continues with Jaret and Lin rekindling their relationship and trying to escape the abusive relationship she has found herself in.

Sadly, I found this story to be too short, even for a novella, and it left me wanting more. I didn't get the feeling of complete satisfaction at the end of this book and I nearly cried when it finished at 79%.

Despite the statement in the synopsis, I wouldn't recommend reading *Filthy* as a stand-alone as you need to experience Jaret in the other books to love and really understand him, plus this really doesn't showcase Clarissa's talent for writing gripping stories.

## **Anna Salamatin says**

This is pure, hot action, from the very first chapter to the stunning conclusion. Jaret Paxon, who you'd remember from the series as Hunter's close friend, gang member & drug dealer, has found other ways to mess up his life. The fact is, he just don't care about anything or anyone. That is until he accidentally finds "her" at a strip club's masquerade night. And he is shocked to see that she works there! She recognized him too and runs away from him. He isn't gona let her get away again but when he finds out what is really going on and what he needs to do, he knows without a doubt that he would do anything, pay any price....he will never let her go again.....even if it kills him.

The scene in the bath tub is so erotic and hot, that I had no doubt that Lin was going to be his redemption. And the trips back through their past when they were growing up and falling in love despite the different

stations they came from was both sweet and sad. These scenes go a long way in the development of their characters. I went from seeing Jaret as a cad, to understanding how his life spiralled until he just didn't feel or care about anything.

And Lin, well, she got her self into a deplorable situation by trying to make her parents proud. It surely backfired, leaving her with no hope and no help in site.....until Jaret finds her. Now the only question is, Are they going to survive long enough to have a life together?

This is a stand alone read, but I am glad that I've been reading this series from the beginning and had previously met Jaret, plus it was awesome to see Hunter and Autumn ( leafy) again.

I received this early copy in exchange for an honest review.

---

### **Jasmine Roman says**

This book was so amazing Clarissa Wild is one of my favorite authors and this book proves it. Jaret and Lin lived in the same house as kids but were worlds apart when it came to parenting. Jaret got whatever he wanted his parents are rich and was never around so they tried buying his love didn't work. Lin on the other hand had strict parents and didn't allow her to do anything her job as their child was to do great in school and be a lady. But when she went to go play with Jaret she always got in trouble and then one day she was gone to boarding school. Even though Jaret's parents offered them help Lin's parents had too much pride to take it and that's where Lin and Jaret's lives go down hill.

Jaret was heartbroken when Lin left and started acting out like crazy where his parents disowned him gave him the house and money to live on his own but once the money was gone they weren't going to help him. Lin went to boarding school and her parents put all their money into it so when college came along there wasn't enough. But Lin always wanted her parents approval and wanting them to be proud of her so she was going to do everything possible to finish college. If it meant working as a waitress at a strip club to payback the loan she took out with a loan shark then so be it. The loan shark didn't only want the money back but also her body as well so when she was waitressing at the strip club and kissed this guy she couldn't believe her eyes when she lifted his mask to find Jaret.

When Jaret saw Lin he couldn't believe his eyes his sweet Lin that was always searching for her parents approval working at a strip club he was in shock. He was not leaving her until he gets answers and he's not leaving her period he finally found the girl he has been in love with his whole life.

That's where the story begins and it is amazing ups and downs I cried, laughed, and got hott I'm telling you, you will not be disappointed.

## **Stephanie Marshall says**

### **4.5 OUT OF 5 STARS**

“Take what you want. Claim it. Own it. Never let go.”

Jaret had it all but what he had he didn't want. People only wanted to know him for one of two reasons; because they thought he had money or because of his 'BIG' cock that he loves to put to use. Jaret didn't want a relationship, he was fine to use them and walk away, and that is until he saw a blast from his past, Lin. Lin was from a time in Jaret's childhood; they came from different places but understood each other without explanation. Lin is what he believes his life has been missing.

After Lin re-enters Jaret's life it gets even crazier than before. This is a story of someone that is lost and believes to be unworthy, discovering that if you fight for what you want and never let it go; you just might get what you have been searching for without even knowing it.

Jaret has been leading a filthy life, but it is what makes him the person he is and he doesn't claim to be anything else. When Lin and Jaret see each other for the first time in the club, it is magical (I guess as magical as you can be in a strip club). They are drawn to each other and can't deny the chemistry that is evident when they connect. It is a no holds bar reunion that leads to much more danger for them both. This novella is a great addition to the Fierce collection. After meeting Jaret in the other books, it was great to learn more about him. He might have been a member of a gang, drug dealer, gambler and sex addict, but he still has great qualities that we get to see pieces of in this book. It was amazing to me how Clarissa was able to put so much into such a little package. I loved every minute of it and finished it in one sitting; I didn't want to put it down.
