This carries on right after the last issue, following Harley as her and Syborg begin a magnificent killing spree of loads of people who effed Sybork over back in the day.

The art is beautiful in this issue (it's beautiful in every issue, but in this one there's a dream sequence that just got to me and I absolutely loved it). It's incredible how much attention is paid to detail throughout, and even when it's simplistic, it's amazing to look at.

Harley is funny as always in this issue, and I'm loving the story arc.

### **Stephanie (BlackCanary) says**

I am still really enjoying Harley Quinn. She has always been one of my favorite DC characters, and I feel that this series is doing a great job with portraying how over the top she can be. It's just a fun, silly comic.

### **Teresa says**

Its been a while since I read comics, so I decided to read them all morning long. Up to this issue, things were going great. Not super happy to see Harley team up with the 'Red-Octogenarians'...

### **Phoebe says**

[Harley freaked out whilst watching the show? I guess it was because they were her friends, but I found it a little confusing how she was casually talking about **mutilating** people on the previous page. Speaking of killing, I did like when Harley ble

### **Steven says**

How inane and uninteresting can this story arc become?

---

### **Magdalena aka A Bookaholic Swede says**

I loved the first issues, but this latest issue, well Harley Quinn is great as usual, but the story was not so

great. I hope it will get better...

### **Nate says**

Not entirely sure how I feel about Cyborg being ancient whilst Quinn is still young blood, but the partnership they have is endearing and a great addition to the series.

---

### **Kris says**

This is on my must read every month list. If you haven't read it, you have no clue the goodness that you are missing.

---

### **Nicole says**

I'm not liking this story arc for whatever reason.

---

### **Elizabeth ? says**

not my fave.

---

### **Mariana says**

Este me gustó!! Espero que siga así.

### **Jessica says**

Please do not let me down. Issues #1-4 were fantastic, this issue...it was like wading through Deadpool's mind. I felt this was some weird filler book---I hope #6 is better.

### **Mandy says**

I was stuck in a reading funk and decided to give a comic a shot. Little did I know I would become a huge fan of Harley Quinn that I have been devouring all her comics. I love the art and the stories paint her in a light I never expected. I have enjoyed every installment so far and looking forward to reading them all. Highly recommend she's quickly become my favorite DC character.

**Matthew Hellscream says**

I'm having a hard time sticking with this series. #0, #1 and #2 were awesome. After that it's been totally downhill :(

---

**Mariah Jensen says**

Harley Quinn is awesome as usual but something felt off. I think this might be one of the weakest issues in the series.
