Hot Zone Bundle: Hot Stuff\Hot Number\Hot Item\Hot Property Carly Phillips

HOT STUFF

Powerhouse sports publicist Annabelle Jordan has sworn never to date another jock?not even one as sinfully sexy as football legend Brandon Vaughn. Yet as the two team up to turn his image around, the chemistry between them might be too hot to handle.

HOT NUMBER

She might work at a sports agency, but Micki Jordan has decided she's through being just one of the guys. But when she sets her sights on pro ballplayer and renowned playboy Damian Fuller, her heart might be in major-league trouble...

HOT ITEM

Cool, collected Sophie Jordan loves her daily routine running her family's top sports management agency?until star quarterback and notorious bad boy Riley Nash tempts her to break all the rules.

HOT PROPERTY

Hot Zone publicist Amy Stone has one task: to help center fielder John Roper get his life back on track after a World Series disaster. But then the two retreat to a secluded lodge to escape the fallout?and the gorgeous ballplayer throws Amy a curveball she never saw coming...

Barbara says

This boxed set has it all. Laughter, sadness, HOT men. These books could be stand alone. But if you want to read all 3, read them in order because Carly mentions just enough of the previous books to spoil them if you haven't read them. 3 sisters are PR agents to some hot athletes, who have personal problems that interfere with their games. There are older ladies who don't act their age, over the hill movie stars, conflict between couples and a Lab/poodle mix who flunked dog school.

Heather andrews says

HOT STUFF:

Annie sometimes likes to change the subject, especially if she thinks she's in trouble:

"I woke up with a cat staring me in the face." Vaughn pushed himself back against the pillows and folded his arms across his chest.

"You did, huh?" She lowered her gaze and her stare landed on his chest. "Uh, Vaughn? Are you naked beneath that sheet?"

Vaughn's thoughtfulness when it comes to tear is...well different, "...she wiped her damp eyes with the back of her hands. "Here, use this." He handed her the corner of his comforter to use and she dabbed at the moisture." I loved this book, the characters were well developed.

HOT NUMBER:

There were times Micki just didn't understand Damian, "Micki blinked. "Oh, this is great. You're apologizing to my uncle for kissing his twenty-six-year-old niece!" Damian is a great guy both he and Micki can call each other out on their crap, "and I didn't come here to talk about the dog or to let you use her as a buffer or an excuse to avoid a serious conversation." I enjoyed this book, I loved seeing these characters again.

HOT ITEM:

Riley has no problem openly ogling his woman while she's on the phone, "Of course. Hang on while I find a pen and paper." She wandered the room naked in search of her purse, completely aware of Riley's intense eyes following her every movement..." There are times Sophie doesn't realize the affect she has on Riley, "I can't sleep with pants on," she'd explained through a yawn, oblivious to how those words had turned him on." I loved this book, I love seeing the sister and their men. Well and Uncle Yank of course the man is crazy.

HOT PROPERTY:

Really excited about this one we FINALLY get Roper's book! After seeing him in all the other books I was hoping he'd get one and I'm ecstatic that he does! I loved Roper the man could be a gentleman at times, "...But he let his hand deliberately linger so he could touch her a little longer. "You already talked me into turning off my phone. Don't add insult to injury by paying the check. My fragile male ego can't handle it." Roper likes to tease his woman, "Listen, I'd lift you and be inside of you already but I could never explain reinjuring my shoulder if I did." He grinned..." I loved this book, I have to say both Roper and Amy's family gave me a headache at times.

Michele says

Hot Stuff

This is the first book in the Hot Zone Series. This is Annabelle's story. Annabelle and her two sisters lost their parents in a tragic accident when they were young and Uncle Yank became their guardian. Uncle Yank owns the Hot Zone representing many athletes and all three girls work for him.

When Uncle Yank needed someone to help Brandon Vaughn with his image, Annabelle is the one he assigns to help. Both Annabelle and Brandon have baggage, but when they meet, they have unbelievable chemistry. Since losing her parents, Annabelle has serious trust issues. Will she be able to put them aside and give Brandon a chance to prove he is worth taking a chance on, or are her insecurities too much to overcome.

Carly Phillips is a talented writer whose stories grab you on page one and keep you invested until the end. I really enjoyed this book and look forward to the next book in this series.

Hot Number

Hot Number is the second book in the Hot Zone series. Micki Jordan, the youngest of the three Jordan sisters has always been one of the guys. That is until one day when she has had enough of Damian Fuller, her heart throb, noticing every pretty woman, but her. With her sister Sophie's help, she sets out to completely re-make her image to get Damian's attention, a man she kissed one New Year's Eve and has wanted ever since.

My favorite book in the series so far. It's witty, funny, sexy and so down to earth that every woman can relate to it.

Hot Item

This is the third book of the Hot Zone series by Carly Phillips. It is also a re-release and some of Carly Phillips' early writing.

When Spencer goes missing after a secret from his past becomes public, Riley Nash a quarterback and Spencer's son from a previous marriage, teams up with Sophie to find him. Riley Nash has always enjoyed flirting with Sophie at the agency, and feels comfortable with her because she is so different from his normal type. Sophie has a hard and fast rule, no dating clients. When they start working together, there is a mutual attraction between them and if Uncle Yank has anything to say about it, they will act on it. Will they be able to keep it strictly business, or will sparks fly?

I really love Carly's writing style. This series is light, fun and sexy. All of her characters are well developed and totally relatable. I can't wait to read the fourth book.

Hot Property

Hot Property is the fourth and final book in the Hot Zone Series. All four books can be read as stand alones. This series was previously released.

Amy is in need of a new start and a change of scenery. After years of taking care of her mom and her aunt

and keeping them out of trouble, she makes a career change and moves to New York and gets a job at the Hot Zone.

Amy is assigned a client named John Roper, a professional baseball player that is in a slump who has a family that demands so much from him he can not properly rehab his injury. Amy's job is to organize him and help him get back on track both publicly and personally. She is up to the challenge. If Uncle Yank has anything to do with it, they will be more than just business associates.

The development between these two characters was fun to watch unfold. I truly enjoyed it. If you haven't read this series, I recommend you do. Carly writes fun, sexy romance stories. If you haven't read this author, you don't know what you are missing.

Jennie Fortna says

What an awesome read....I read each book individually before this set came out....but....YOU WILL SO LOVE THIS SERIES !!!!

What a family affair with the Jordan Sisters, Uncle Yank, Spencer, Lola, Amy and the ohhh so hot men in the sisters lives.....

Peni says

Please see individual stories for review.

Coral Mitchell says

HOT STUFF 4*

Annabelle Jordan and her two sisters were orphans in frilly dresses when they went to live with their sports-lawyer uncle in his world of locker rooms, bookies, and gambling. Now the girls are publicists in their uncle's firm, The Hot Zone. All three sisters are strong, go getters. Annabelle is the protector of the three and worried about their separation. Her fears play into her adult insecurities. She is done with jocks. Her latest client, businessman and former football legend is Brandon Vaughn. Brandon is done with controlling women who want to tell him what to do. He understands the importance of Annabelle's job as a publicist, but he does not trust anyone but himself. His business is having many problems and he must trust her enough to get her help. Sparks fly and Brandon is shocked at Annabelle's forwardness concerning their attraction. I voluntarily reviewed a copy of this book.

HOT NUMBER 4*

Micki Jordan is the youngest sister in the sports agency and decided she's through being just one of the guys. She wants a family and a serious relationship but she always ends up the friend. She likes pro ballplayer and renowned playboy Damian Fuller, but cannot believe he sees her as anything but his publicist. The women on his arm are always busty, blonde, and nothing like Micki. Damian has never met a woman that could

distract him from his focus on his career. Until Micki. She is fiery and doesn't hold her punches. He wants to stay away from her because he is so attracted to her and he believes she would distract him from total focus on his career. Neither does he want to admit that his days on the field are drawing to an end. He must decide what he wants for his life, beyond his career.

HOT ITEM

Cool, collected Sophie Jordan loves her daily routine running her family's top sports management agency?until star quarterback and notorious bad boy Riley Nash tempts her to break all the rules.

HOT PROPERTY

Hot Zone publicist Amy Stone has one task: to help center fielder John Roper get his life back on track after a World Series disaster. But then the two retreat to a secluded lodge to escape the fallout?and the gorgeous ballplayer throws Amy a curveball she never saw coming

Tracy Lundy-Munn says

Absolutely a fabulous read!! So glad that this was released as a box set. This set included four separate stories all without cliffhangers and all with happily ever afters. The storylines were solid and the characters were fabulous. The Jordan sisters and their husbands made you fall in love with them and had you cheering them on. The chemistry between the couples was off the charts. I would highly recommend this read, you won't be disappointed!!

Theresa says

Hot stuff

This is one of the first books I read of Carly Phillips, and this is a rerelease, this is an absolutely wonderful story with a great couple. Annabelle Jordan and Brandon Vaughn are great together. To read how these two characters fight their fears and their pasts is great. Carly Phillips keeps you wanting more and knowing that there are three more books in this series is great. I recommend to read this or reread this book because this series is great.

Hot number

This is my favorite book in the hot zone series. Micki Jordan is the Tom boy who is tired of by just one of the boys and Damien Fuller is the center fielder that is near the end of his career that isn't ready to give up. But when they end up working together can they deny their chemistry and is there more than just a lost weekend. I loved this book because Carly Phillips brings great story of love and some quick funny lines also. Definitely read or reread this book.

Hot item

This is the third book in Carly Phillips Hot Zone Series, Sophie Jordan is the middle sister and she ends up working along side Riley Nash a QB and client of her uncles but there's some secrets coming out that they both are trying to keep quiet and contained. But they also have a lot of chemistry but they are also totally different. One of the things I love about Carly Phillips books is that you get to read about all of the other

characters from previous books but if you haven't read them you aren't lost. Plus there are new character like the crazy aunts. I recommend to read this book or reread this one since it is a rerelease. There is one more book in this series.

Hot property

This is the final book in the hot zone series and I love this book because John Rooper who is Micki's best friend finds his match with Amy Stone Spencer's niece. This couple is great together while you get to see them working together to try to fix Johns career and family life. Will the find love also. There is also some twists that make this story interesting and that you don't want to put the book down. This is another home run by Carly Phillips.
