The Forensic Files Series:

Book #1 - Too Close to Home

Book #2 - I'll See You Soon (just released!)

When Detective Carma Jones stepped off the plane to begin her new life, in a new town, she thought the nightmarish ordeal she just went through was something of her past.

Little did she know, two years later, she would get a phone call she never expected, causing her to go back home to relive the nightmare all over again.

This time, when it hits even closer to home, she may not make it out alive...

Amber Clark says

Tressa has out done herself! Just when you think you know what is going to happen BAM! she throws something else at ya. I loved the book, I liked getting to know Carma a bit better and her new life in New Orleans. I like books that will leave you guessing the ending and when you are wrong you think to yourself, man that was good!

barbara evans says

I hope there is another in this series

I have enjoyed reading both of these books so I hope for more. This is a series that I hope goes on for a while.

carol says

Not as good as first, but alright

It wasn't as captivating or as interesting as first book. It was a quick read without much action. Not sure why it wasn't built up more or put more details into.

Sherry Hays says

I'll See you Soon

I gave this book a 5 star rating because it was as good as the first book! Highly recommend this book

Katrina says

Loved it

Both books were great reads and kept you going. I read both in one night. Good if you like a good mystery story.

Stacy says

Wow didn't see that coming.

Carma thinks moving away will be a fresh start after solving the murder back in her hometown. When her old partner dies, she goes home to take care of his funeral. Something just doesn't feel right so Carma stays to figure it out. An old case proves to be still a mystery that she thought they had solved.

Cheryl Bodin says

Sequels usually are not as good but this was fantastic

Great writer, great storyline. Compelling! Could not put this down. Definitely a great read for anyone that usually reads true crime.

I'll see you soon by Tressa Messenger

Very good book. If you like murder mystery and thriller books you would enjoy this one. It's the second part to: "TOO CLOSE TO HOME". Looking forward to reading more of her books.

Ashley Raines says

Very good

I couldn't put it down!! Very easy read.... I loved the first book more. Hope she writes more like this

Sharilyn Dickerson says

I devoured the first book and this one was no different! My jaw was on the floor with the ending of the first book and this one was no different. I definitely didn't see that twist coming! I was looking for a good murder/mystery when I stumbled across this series and I was hooked until the very end! Wish there were more!

Mary says

I'll see you soon

Surprising ending to this series. Well planned and intriguing. Keeps your attention as Carma tries to solve the death of her dear friend.

Milissa says

Great book

Great sequel. It was very suspenseful. The plot twist was predictable. This was a great book. I will buy more books from this author

I'LL SEE YOU SOON (THE FORENSIC FILES)

This was a very good book I could not put it down I enjoyed reading it. It was exciting to read book 2 it keeps you on edge wanting to find out who is the murderer

Michele bookloverforever says

all is not well in the detective' s home town

Barb says

Loved this book!! I really liked Carma in the first book "Too close to home". She acts tough but she has feelings like everyone else does. When Carma has to go back home because something terrible has happened, she just feels like something just isn't right about this case. She keeps digging, getting closer and closer to solving it. I thought I knew who the person was that committed this horrible crime and I was wrong!!! Tressa Messenger makes sure that she puts in twists and turns and you think you know where the story is heading but then it takes a turn you never expected----I love stories like that.

I am looking forward to reading more books from this very talented author.
