In the Shadow concludes the series with a narrative from Ash Ryan, a security specialist enjoying the best paying, easiest job of his career. His life turns bitterly painful, though, when he falls desperately in love with Ellery Mayne—the entrancing subject of his secret surveillance assignment. His anguish turns to joy when she unexpectedly reaches out to him. But then another suitor with a previous claim on her affections appears and Ash must choose between loyalty to his colleagues (and their dependence on an extremely lucrative security contract) and fighting for the girl of his dreams.
