### **Julie says**

My favorite textbook so far for my BA-HUMS degree! I actually felt compelled to read it from cover to cover as it was so interesting! I thought it was one of the texts that I had rented, however, it turns out that I own this book, which makes me happy.

### **Cassidy Claybrook says**

Had to read this whole book for my Race and Ethnic Relations class. The book provided some great insight on current issues. However, the chapters were too long and could be very redundant. Glossary is provided--which is great. Overall a great book but some things should be changed to make it more interesting/less redundant.
