## **From Reader Review Merriam-Webster's Pocket Spanish-English Dictionary for online ebook**

### **Avel Rudenko says**

When Spanish II came along, it was imperative that I had some sort of reference to words I wasn't familiar with. Eventually, my use of it gave me an "A" in Spanish class. My rating is in accord with my satisfaction of this concise pocket-sized but quite thick of-a-book. History shows anything "Webster's" is a pleasure to hold while in doubt about words. Helped me greatly up until my purchase of an electronic "Franklin Spanish-English/English-Spanish Tes-120" which soon-after took over. Darn technology. Both became prized-possessions, a part of the ever-growing library.
