## **Mrs. Claus' Christmas Cookies: Make Impressive Holiday Treats** Dennis Weaver

Christmas Cookies are a necessity for the holidays, but are you tired of the same old vanilla sugar cookies with vanilla frosting? Have you used the same recipes over and over again for the past 10 years? This E-book is just for you!

Learn techniques for making those Christmas cookies unique and original.

Use these recipes for more than just Christmas time. These cookies and tips are great for Valentine's Day, Mother's day, birthdays, Thanksgiving and other special occasions as well! Or surprise your family, neighbors or friends and make them on any day of the year.

**Solfreedom says**

**Yummy yummy! Lots of wonderful recipes!**

At first, I was not sure. There was lots of techniques, not recipes. Than, we got into the recipes and though there is many that I have had for years, there were just as many that I have not had the pleasure of trying. There are many levels of technique, perfect for kids helping in the kitchen, the novice baker, or the confident baker. My husband is in the kitchen, baking up a batch of sugar cookies (that is different from my great great grandmother's recipe)as I am writing this. He wants to see if there is any difference. I recommend this to any baker. Great price for a good cookbook! Plenty of photos! Love that!

---

**Star Shining Forever says**

Cute book with yummy sounding cookie recipes and some 'technical' explanations.

---

**Kathryn Parkington says**

**Fantastic**

I had already picked out my Christmas cookie recipes when I stumbled on to this great little book filled with delicious, different recipes and great tips. Selected several to add to my list! Love it.

---

**Ceetee says**

Fantastic recipe book. Tons of helpful hints, a picture for each cookie & tasty recipes! AAA+++++

---

**Candace says**

good recipes!

---

**Murf the Surf says**

**O Fun fun fun**

Wow, who knew? I can make cookies. I'm somewhat cookie challenged in the kitchen, and am still learning about my convention oven too. Unsalted butter was recommended to me in sticks. Little measurement is needed. Also, I hate chocolate as it gives me more gas than a BP oil spill ! So! I'd just stick to the more flavorful vanilla type recipes with coconut, cherries and jellies. Get creative and use the floivors that you like most of all, Right? Murf

### **Heather says**

Very good recipes and yummy cookies!

---

### **Judy Cook says**

#### **Pretty good**

This is a pretty good book. I like that there is a picture for each recipe. I couldn't find the recipe for the cookie on the cover tho.

---

### **Teri says**

I found a couple of new cookie recipes... now if only I can find some time to try them out!
