## Pregnant By My Mother's Gay Husband Quan Millz

**Life is full of crazy, unexpected surprises.** But just when you think things can't get even crazier, you'll find yourself in a world of surprise. Shemaya Stevenson, a feisty and fast teenager from the South Side of Chicago finds herself in a world of trouble. After getting caught up with the law, Shemaya is presented with some daunting legal options that could change the course of her life forever. However, at the last minute, she's saved by the one person she least suspects – her biological mother who she never knew.

**Lies told often enough become truth.** Reluctant to embrace her seemingly charismatic and gregarious mother and stepfather, she decides to let her enigmatic parents into her life, hoping their help would help her avoid the possibility of a long-term prison sentence. Suddenly leaving the Chi and finding herself in Atlanta, Shemaya quickly adapts to her new reality – being the daughter of a powerful and world renown Evangelist and Bishop. But as the saying goes, 'everything that glitters ain't gold'. Shemaya quickly realizes her mother isn't the woman who she purports to be. Nor is her stepfather. And she finds out the hard way...when the demon of sex makes his way in the midst of their tumultuous and secretive affairs.

# **From Reader Review Pregnant By My Mother's Gay Husband for online ebook**

**Yvonne L. Williams says**

**Quan is Quazy!**

I'm at lost for words! That ending has my mouth hanging open in total shock....come on with part 2!!!!  
The Deacon and the First Lady, wait a pair! Those 2 are vicious, devious and greedy! Quan is Quazy!!!

---

**Jadyn says**

**Love it**

I love your books I'm going to 9ntinue to read your books and show my support inthe reveiws.thanks for sharing

---

**Ushawnda Wilson says**

**Goodness Gracious**

Quan is a beast with the pen and pad ! If you don't have a Library of all his books you slacking ! Now I can't wait for Part 2 so many twist and turns and one of the first books I couldn't guess what was going to happen next !

---

**Jazzmyne Milam says**

**Wow**

This is one crazy ass book , it's really really good but also confusing. So bishop wasn't gay or larnell was a woman turning into a man??

---

**Karen Jones says**

**WELL**

That was not bad at all! I really didn't think I would like it but that's how I usually feel about this author. Honestly he's pretty good. The book title gets me in and the story does its job. Great quick read that I recommend.

---

**Tyesha says****Storyline horrible**

The book was not descriptive at all. Then the ending seem rushed. The book was bery confusing and too short.

---

**R Ellis says****WTH???**

What the hell man??? How is the ending connected to the story??? Maybe part 2 will tie it all together. Even though it's just a story, I wasn't prepared to read about a baby being murdered so violently

---

**Judith Sims says****Exceptionally well done!!!!**

The more of Mr. Mills books I read the better he gets. This story about a young woman finding her mother after getting caught up in the system and learning that churchfolks ain't no better than Angeles, some are worse. It's hard to believe Kevin don't know about her. Waiting on par 2.

---

**TISHA says**

This story left me scratching my head because the title has absolutely nothing to do with the story. Truthfully, the story doesn't make any sense, and it is just about senseless drama. The characters don't make any sense. This book was just a waste of time. If part two comes out, I may check it out to see if it bring this cauldron of nonsense together.
