## **The Highest Bidder** Roxanne St. Claire

Socialite Paige Ashton had never expected to enter the charity auction she had organized. But when a bachelorette went missing, she found herself standing on stage, the sudden "property" of the most undeniably handsome man in the room.

Walker Camberlane had decided to rescue Paige from her uncomfortable situation with the highest bid. But he was also interested in the Ashton beauty for an altogether different reason.

Paying \$10,000 for her didn't give Walker the right to make demands. Yet Paige found herself succumbing to his magnetism and on the verge of doing anything he asked. Anything.

What a wonderful love story. Would you pay \$10,000 at a Bachelor or Bachelorette auction . . . as a pity bid? They certainly took a winding road and neither Page or Walker helped much. What a convoluted family dynamic.

I haven't read any of the other books in this series. I just got this due to the author. Otherwise, it was an okay book for me.

#### **Bachelorette Betting**

I'm a big fan of Roxanne St. Claire so it pains me to submit this review of "The Highest Bidder". It would be so easy to "forget" to review this book from The Ashtons series but last year I promised myself to review everything I read. So, here goes.

This is a fun plot premise - not all that original, but fun nonetheless. And I mostly read for entertainment so for me, it meets that criteria. The two main characters are likable and reasonably well fleshed out. But where this story shines is the love scenes. They are sizzling hot. So if you enjoy explicit smexy scenes, you'll love "The Highest Bidder". I do and I did. So, why the low rating you ask? This book has a serious need for transitions between place and character chagrin. Add in some redundant phrasing and far too many typos, and missing words and lack of transition or even formatting in some instances, and you have a recipe for confusing readers. I suppose I expect more from Ms St. Claire since I don't make a habit of reading authors whose works I've found to be sub par. This one doesn't meet the high standards she's set for herself. I feel sure this book is an anomaly Roxanne St Claire consistently rates a 4 or 5 in my reviews but this one I have to say is only 3.5.
