Over 3.5 million readers have already fallen in love with Kate's bestselling Laurel Heights series, get warm and cozy this holiday season...

A Laurel Heights Holiday Novelette

Trudy Hawke's mission: to go on vacation and have fun.

A prison sentence, more like it. She doesn't take vacations, and she especially doesn't go anywhere during the holidays. But her boss insists it's the price she needs to pay to become a full partner in his new private investigation firm. She'll do anything to become partner--even subject herself to love, peace, and Christmas music.

Trudy figures it's no big deal: she'll hole up in a hotel in Laurel Heights, drink gin, and watch action movies until she can return to London. Only her tyrant boss gives her a holiday list of to-do items, for which she must email picture proof of completion.

It's impossible... Until she meets Mason, who proposes a deal: he'll help her with the list if she's his date to his office holiday events, to show his edgy tech employees that he's more than a nerd from Iowa. From the moment she agrees, Trudy gets more than she bargained for, but she refuses to be corrupted by the magic of the season--or love.

### **Fairy Dust from Kate Perry**

Wrapped in You served to remind me that how much I loved the Laurel Heights series and that it may be time to revisit.

This story is the perfect storm of Christmas romance and San Francisco. Kate Perry captures both so beautifully. You feel the magic and wonder through Trudy's heart and see it through her eyes. It gives you hope, this story does, that there is this kind of love in the world, from friends and lovers both, but to experience you have to be open to it.

### **Fun, fun, fun**

This was one of the most fun books I've read lately. I love the characters in this series, and these two new ones fit right in.

My only problem was having difficulty reading the size of the font on the text messages at the beginning of the chapters. Bigger would have been much better!

Can't wait for something new out of this series.

## **Marisa says**

Sweet love story about two people who are from different places. Trudy's forced to take a vacation she doesn't want and meets Mason who is sure what he wants. They grow close and Trudy must decide whether to follow her heart. Great holiday story!

### **Funny, modern fast romance**

Trudy finds herself on a vacation that she didn't want to take. Her boss tells her she has to go on holiday and relax, or he will not consider making her a partner in the investigation firm. He even makes a list of things she has to do and then send pictures to him to prove she is having a good time! She meets Mason, who trades with her - she helps him, he helps her, they both win!

The rest of the story is punctuated with text messages which discuss the "game" between Trudy, Mason and Trudy's boss. Romance blossoms amid the fun and games as the unlikely pair work on their checklists to improve their job, only to improve and change their lives forever.

Happy ending, stand-alone book - great quick read. Looking forward to the next book in the series.

very sweet holiday romance... loved the characters and the writing... Trudy is not your typical heroine and I liked that Mason was sweet and uncomplicated... just the job!

Oh, I just love reading all of Kate Perry books! Kate Perry is a master in creating fantastic romantic stories that you will fall in love with the gorgeous characters. She truly did again when she wrote about Trudy Hawke in this Christmas novella. We have previously met Trudy Hawke in the past book in the Summer Hill series. Trudy Hawke has been forced to celebrate the holidays in Laurel Heights by her boss. Trudy Hawke does not know how to embrace the holidays that she will get help from someone is very cute and charming. Both of them are very adorable together that you will just root for them to stay together. They may run into some problems but they will realize that they are meant for each other. Everyone will love reading this Christmas novella since it will get you into the spirit of Christmas.

### **Deanna (A Novel Glimpse) says**

Wrapped in You is a delightful Christmas love story. Kate Perry does an excellent job of combining our favorite two series by sending tough as nails Summerhill Londoner Trudy Hawke to Laurel Heights for a little holiday cheer. While on vacation, she meets kind of dorky Mason and what follows is Christmas story cuteness.

I highly recommend this cute Christmas story, as well as all the Summerhill and Laurel Heights novels. Kate Perry is an exceptional contemporary romance writer who knows how to draw you into her settings and make you fall in love with her characters. You can't go wrong reading any of her books.

### **Bette Hansen says**

Loved this one! So excited to go back to Laurel Heights. When she's forced to go on holiday and send proof that she is actually having fun Trudy Hawke is furious. That is until she meets Mason Miller. Both these characters are a little quirky and absolutely perfect for each other. This is a quick read and one I enjoyed very much. It can definitely be read as a standalone but if you are a fan of the Laurel Heights series it was great to hear about some of the characters from the prior books. I highly recommend this one.

### **Crystal says**

This was a wonderful novella. I loved it! I started reading it and didn't stop until the end. Could not put it

down. It was wonderfully written and just a really feel good read.

I highly recommend this book.

### **Becca says**

I love Kate Perry. It's always a good read, and this one is so much fun. Having a check list to accomplish while on vacation to prove to your boss that you are actually vacationing and enjoying the holidays? Cute, geeky guy to help accomplish your list? YES PLEASE. A cute fun read for the holidays.

#### **Good holiday story**

It was great to revisit some of the ladies from Laurel Heights. The book was a quick read. The author's notes at the end were great.

### **Melody Mcallister Novellino says**

Its like Kate is a mind reader! She knows exactly when I need a really good book to read.

I loved this Novella but would have loved it even more if it was a full novel.

I loved these two Characters. Mason was sweet and adorable and really I couldn't find fault in him at all.

Trudy is a kick arse character but there was something vulnerable about her that was just so appealing in a heroine.

I loved that there was no coy meet and greet. He just saw her and made up his mind and just stormed right over to introduce himself. His complete lack of knowledge that he is colorblind and a walking advertisement to the show "what not to wear" is so amusing I kind wonder if half the people here in San Fran are also colorblind? (thats when they are wearing clothes...hello Castro)

I love reading this series and catching up with the fictional characters that live in my own neighborhood.

The only thing that I would have loved more with Wrapped in You was the title cover. I would love to have see a likeness of the characters for the cover....I can see it now...Lavender hair in leather with Santa scarf and hat, with a man clad in tangerine and mint caroling:)

Your family are as big of characters as you write about. I had a good snigger and the reviews written by your magic man : "Kate's brilliant, as evidenced by the fact that she married me." - the Magic Man, Kate's husband

and your brother: Kate writes books?" –Kia, Kate's brother

Kate I can not wait for the next Summerfield novel!

### **Holiday (and everyday) love**

Another great book by Kate Perry, she doesn't disappoint. Her characters are fantastic as usual and you just want to pack your things and move to Laurel Heights

## **Barbara says**

I loved going back to Laurel Heights! I love all the wonderful ladies there. I also loved how this tied the Summerhill books with the Laurel Heights in a new way. Trudy is forced to take a vacation by her boss. To become partner she needs to relax and also complete the list he gave her, showing her having fun on her vacation. While in Grounds For Thought she meets a sexy man, Mason Miller, who volunteers to help her with her list. Trudy, though being the very independent, accepts his help and the sparks begin. As they gradually tick the items off her list, they start to become closer. Will Trudy be able to let her walls down and let Mason in and have a life she never dreamed of. Another wonderful book by the talented Kate Perry. I couldn't put it down. I loved every minute of it.
