This is a soft cover book with a dust jacket. The first page is a multi-fold page that unfolds into a small poster, both sides printed.

Full page coloured illustrations dominate most of the pages. The paper stock is good and the colour reproduction great. You can see the details in inking, and in colouring, the gradations and texture of the water colour. Most of the illustrations included come from the Weekly Jump.

At the end are 13 title page illustrations for the caption, which are in black and white.

All illustrations are annotated. Short captions are also included by the artist Tite Kubo to explain the background story.

Great book for fans of Bleach.

## Kate says

One of my favorite manga artists.

## Kalilah says

It's a lovely addition to any Bleach fan's bookshelf, I'm just a little sad that there're few pictures which haven't been recycled in and on almost every other Bleach-related merchandise out there. It's meant to be a

colour book but since many of the characters are Shinigami, there's an awful lot of black, and white (hence, Bleach)!

That being said, the artwork is brilliant, I could stare at it all day. I especially liked the addition of Tite Kubo's thoughts on each illustration right at the back of the book.

I do hope Kubo Sensei decides to make a second volume - I'd buy it in a heartbeat.

Tite Kubo siempre se me ha hecho uno de mis mangakas favoritos en cuanto a su arte (sus guiones y arcos argumentales toman décadas enteras en tomar forma).

Su estilo me recuerda a Jamie Hewlett lo cuál es perfecto y en los pin ups es donde más se muestra esto.

A dazzling example of how much Kubo sensei has grown throughout the years in his art. So much detail and care has been given to his drawings, one can see how much he loves his story and characters.

### **Katy Kat McKatums says**

If you like Bleach, you should definitely check this out. The pages are filled with beautiful/awesome art from the series, and mine even came with a double-sided poster!

### **Reader17 Der says**

This is a book full of the artwork of Bleach. Nothing really to read just all of the artwork of characters from bleach. I like all of the pictures. Especially with them being in color. Really pretty and nice.

### **Nazzy says**

This is definitely something aimed at Bleach fans who have been following it for some time, but that doesn't make the art any less beautiful. Tite Kubo is simply an amazing artist. One thing I love about this artbook in particular is that you can somewhat see how Kubo's style improved with time. Bleach had very iffy art at first, but now it's definitely known for its unique and detailed looking characters.

Repeat after me.

KUBO TITE IS A GREAT ARTIST.  
KUBO TITE IS A GREAT ARTIST.  
(keep on repeating until next Monday)

A must-have for all Bleach fans.
