Emotionally Wounded Spiritually Strong: Victim No More-Seven Healing Prescriptions Tarran Carter

From victim to victor, author Tarran Carter overcame the enemy. Shirking clinical and medical terms, this pastor speaks with great knowledge—simplistically and vehemently from the heart about her experiences and journey back to health. The Lord gave her a strategic plan to take back her family and the kingdom, and she is still using it to this day. She wants to share with you the tools for restoration. Today, many abuse cases are not reported. Victim No More encourages those who have experienced sexual abuse and emotional instability. It speaks directly to those who are throttled in pain and have never talked or are afraid to deal with mixed emotions due to abuse.

Krissie says

I won this here on Goodreads and I am very thankful. I don't think I can really write how I feel about this book except that it is powerful. Loved it!! This is a Must Read!

Lisa Lucas says

Won in the goodreads giveaway. Should be an interesting read.

Lisa says

Emotionally Wounded Spiritually Strong was written for such a time as this. This book deals head on with the taboo subject of sexual abuse. No longer can this subject lurk in the dark corners of our lives. Light shines in the darkness. The time has come to expose the devil and take back our lives. The author has chosen to be transparent in her dealings with sexual abuse and because if this God has healed her heart. He has strategically given the author specific instructions to start us on our journey of healing. I highly recommend this book and I believe it will transform your life.

Kasia Hubbard says

I won this on Goodreads. Carter shows the reader a very straightforward approach to letting go of the chains of abuse that holds one down by backing up her information with scripture verses (a lot of scripture, and for me, that's important).

Though this book speaks more of sexual abuse, I would say that any type of abuse can be addressed by following her seven healing prescriptions within. I really liked the section "Give me back my Pearls", where it says that "damaged goods - speckled prey has value" really speaks volumes to those who have been abused.

The only bad thing that I can say, which has nothing to do with the book, is that healing takes time. This book isn't meant to be read in one sitting, but rather taken in steps, so that the healing process can begin. Just like a deep cut doesn't heal fully overnight, one cannot look to be healed overnight.

Overall, I think her process is straightforward and simple enough to follow, and I would definitely recommend this book to any person who has suffered any type of abuse.

Trina says

Just finished reading this book, awesome read very informative. The author tells a story of how anyone can be subjugated to abuse; and still lead a victorious life through Jesus Christ. Author teaches strategically using the Word of God and healing perscriptions that are tools for any form of abuse. While reading I learned how to deal with curses the plagued my family, and how to walk in the power of God.

Finette Brevard says

The book helped me in multiple areas of my life. I must say if one were to listen with the heart and apply the steps given they would most definitely be on the road to wholeness. I am hoping that there will be a part two or "book two" if you will, with perhaps a workbook of some type. Many times people do well with working through things on paper. Overall, I give rave reviews, may the Lord continue to bless you as you endeavor to heal the body of God's people.

Lashorn says

Amazing Read! I am blown AWAY.. God is speaking. . .

Cheryl says

from a Goodreads ad

Lisette says

I need to read this book, It seems Like a great read! I can relate. I have never told anyone either.

Jewana says

I am currently reading this book, it is not a book you can rush through. It is a tutorial on how to conquer the enemy in your life. It is not only for those that are sexually abused but it is for those that may even self abuse
!!!!
