**Ernie the Elephant and the Teddy Bear** Leela Hope  
Are your kids afraid of the dark? Do they have a favorite toy?

When Ernie the Elephant loses his favorite teddy bear, he is very distressed and begins searching the entire house, overturning tables and furniture, with no luck. How will he be able to sleep without Plum the teddy bear?

Then, with the help of Martin the Mouse, he retraces his steps more carefully around his home.

Will they be able to find Plum or will Ernie have to face the dark tonight alone?

Ernie The Elephant and The Teddy Bear is a delightful children's story set in Rhyming pattern.

Your child will delight in the colorful illustrations of Ernie and his Family and connect with him as he searches for his beloved bear.

Pick up your Copy today for the perfect bedtime story!

## **From Reader Review Ernie the Elephant and the Teddy Bear for online ebook**

### **Machia Baytops says**

#### **Story was ok**

The story was ok but too short and had a word missing. My children were bothered by how quick the story ended.

---

### **Kathryn Plaster says**

#### **My girls liked the story...**

...but the editing was pretty poor. As the parent reading this to small children I was disappointed at finding misspelled words, words missing entirely, improper punctuation and other grammatical errors. I wouldn't have been fond of knowing a slightly older and more advanced child reading this independently and learning grammar from this example. I only gave 3 stars because of my children enjoying the story. I would have given less.

### **Ian Wood says**

This is the complete review as it appears at my blog dedicated to reading, writing (no 'rithmatic!), movies, & TV. Blog reviews often contain links which are not reproduced here, nor will updates or modifications to the blog review be replicated here. Graphic and children's reviews on the blog typically feature two or three images from the book's interior, which are not reproduced here.

Note that I don't really do stars. To me a book is either worth reading or it isn't. I can't rate it three-fifths worth reading! The only reason I've relented and started putting stars up there is to credit the good ones, which were being unfairly uncredited. So, all you'll ever see from me is a five-star or a one-star (since no stars isn't a rating, unfortunately).

I rated this book WORTHY!

This book is a real charmer. Ernie the Elephant is not only drawn and colored beautifully, but he's a smart little guy who doesn't panic, and who is willing to take advice. This is what I mean about a young children's novel that has educational value.

Ernie has lost his best friend The Purple Bear. Isn't this the same bear that Prince (or whoever he was formerly known as) sang about? Purple bear, purple bear, only want to see you tucked up with your purple bear.... Yeah that's the one.

Ernie sets off immediately on a search of the house, but no matter where he looks, the bear ain't there! The Jumbo fumbles! But there's a house mouse who is quite willing to help Ernie find his friend. despite the tow

of them searching high (or as high as they can reach, anyway) and low (that's where the mouse comes in), they can see neither hide nor hair of the bear!

But Ernie does not give up. Persistence is his middle name,. Ernie Persistence Elephant. Yeah. Like that. So he asks for help from his parents. His dad's a bit of a grump, which is no news to Ernie, but his mom gives some good news: retrace your steps. I think she read that in Harry Potter and the prisoner of Azkaban. The thing is that Ernie is smart: he's not too proud to ask for help, and he's certainly not too dumb to follow it. Working methodically, he and the mouse find his long-lost friend. Actually, he's a short lost friend in more than one sense, but since he's exchanging his blues for the purple, Ernie doubtlessly can grin and bear it. So: be like the elephant and don't forget! I recommend this story.

### **Courtney says**

My children love these little books. They thoroughly enjoy each and every story, as if they are all unique and individual without any cause for similarity among them. Even though sometimes, they might seem tedious and repetitive to me as a parent, I do enjoy being able to read short-stories to my children that are clean and respective.

---

### **Raquel says**

Una historia muy cortita para leer a los más pequeños.

---

### **Laura says**

From an adult perspective, the art was very clip "artish". Some of the rhymes didn't flow very well. But I still like the poetry part and it is a darn cute story and I like the theme. I forget stuff all the time so I am sure everybody can relate to that.

---

### **M. Raminini says**

#### **Nice!**

A good way to teach children how to find things they have lost. This a recurrent problem in my house.

---

### **Sheila says**

Ernie the little elephant has a big heart, but Henry likes to tease and sing, "I am the best, best, best." Soon nobody wants to play with him, but Ernie has a plan. A nicely different version of the hare and the tortoise story ensues, with cool bright pictures showing the story as bragging Henry's pace begins to slow.

The tale is told in fairly rhythmic rhyme, and a nice lesson is offered in the conclusion; it's not enough to stop someone else from teasing; you've got to avoid teasing yourself as well. Pleasing, short and fun to share with pre-schoolers and other young children.

Disclosure: It was free so I bought it.

### **Rebecca Marie says**

#### **Big elephant hugs**

My sons enjoyed this book. They said their favorite part is when he found his bear and that it was a fun ebook. They loved his big smile. :)

---

### **Barbara Ann says**

Story focuses on a problem experienced by many small children, misplacing things. Ernie is upset because he cannot find Plum, his purple teddy bear who helps Ernie sleep. Ernie tries to retrace his steps with the help of his best friend, Martin Mouse. In the process of looking throughout the house, Martin yells at Ernie's dad. The story simply glosses over that, making no effort to show children that was wrong and Martin should have apologized.

This story comes with cute simple illustrations that appeal to the toddler and preschool target audience. I must point out that there are misspellings and editing errors and that the rhymes are forced in some spots. For parents and caretakers of young children who are always losing things, this short tale might be helpful.

---

### **Cats of Ulthar says**

Catching and heartwarming, appealing to little ones, who each have their own "special" blanket or toy. Demonstrates the power of friendship, too.

---

### **Kenson and kirra says**

ernie loses his bear and retraces his steps to find him. i have a teddy bear named barry i carry every where. i would feel terrible if i lost him.

---

### **Tiffany says**

Perfect Book to teach you how to find things you lost :) Loved It! ^\_^

---

**RJ says**

An elephant that lost his beloved teddy and has to search for it. The story and illustrations were good. The ending needed to have a moral. Some of the wording (rhymes) were forced.

---

**Katie says****Short and cute**

Little kids will readily relate to Ernie's problem of a missing stuffed animal and love this book! The illustrations are cute as well.
