## Face Off: The Baddest Chick Part 4 Nisa Santiago

Clash of the Twins The relentless rivals Apple and Kola are back in business, and it's about to get real. With her traumatic experiences in Mexico over, Apple is back to being the baddest. Now she's determined to make her tormentors pay for the torture she endured, and no one is prepared for the terrifying takedown she's planning for those she once loved.

Kola is dominating the streets of Miami, but the haters and South Beach cartels are itching to see her leave, dead or alive. When she finds betrayal in an unlikely place, she's motivated to come out on top and put Miami on notice.

Apple and Kola rage fiery warfare against the enemies determined to bring them down. But now, both contenders stronger than ever, will have to Face Off once and for all.

### **Tamiko Covington says**

This one was my favorite out of the series!! More lies, backstabbing , cheating, and war!! It's jam packed with action!!

#### **TWO IS BETTER THAN BEING ALONE!**

Book four absolutely warmed my heart on so many levels! I was amazed to read that "The Girls" finally came together as one! Certain people received exactly what was due to them while others were caught in the crosshairs! All in all, it was a very interesting read ... On to book five!

### **Lisa G says**

This is a great series and the twist she put in this book left with a wow. Apple was such a b\*\*ch but came around in the end. I wonder if there will be one more

### **Jamie Tyler says**

This book was really good. I like how the twins ended up joining forces and working together. It would be nice to see the author write one more just to completely put an end to the story since some things were left unanswered.

---

### **Sheryl Boyce says**

I did not see the ending coming like it did but I was glad it ended like it did. Making amends and forgiveness is always the best medicine. Their mother really showed her love for them in the end until the end. That's what real mothers do. I'm glad the sisters realized they were better together. I hope this is not the last book about the sisters. Nisa Santiago can pull one more from this storyline.LOL

### **Letitia Mask says**

Apple and Kola have nine lives, especially Apple. I can never understand twins that don't like each other to the point they want to kill each other. Glad Denise got though to them and they came together. I hope Apple

finds her daughter and I would love to see her and Terri together. Guy Tony was snitching to save his own butt and became a casualty of what he gets. Im not feeling Eduardo but let's see what happens. Chico and Apple really went at it, her and Kola have bounties on their heads. Lets see how they come out of this and if they can get back on top. If they do, they will be a real force to be reckoned with

### **Shania Jones says**

i love the book. although i haven't ready the first three. the last one took me by surprise because i didn't think Kola or apple would make it out alive. at some point but they pulled through. they are some strong sisters. i actually thought they were going to actually take each out and not care but they didn't have the heart to do so. I want to know what happen to peaches tho. and what happened to there mother, really did he have to do that????? The whole scheme of the book was just interesting and I'm looking to read them all when i can order them.

#### **Great**

I so love the way this story went. Apple and Kola are no joke. These two are nothing to play with. If you want to read a great series this is it.

---

### **Shauna Austin says**

I love that book

### **Jasmine says**

This is the last one I think of The Baddest Chick series and the only one I didn't get to read was CheckMate because my library didn't have it but I read this one and it was so good I couldn't put it down for a second!!

---

### **Tamika says**

Say it ain't so. This story is not over and I ain't mad cuz it left me wanting more in a good way. And more Nisa will give. can't wait to c wats in store.

### **Mirrlees says**

OK sooooo Author Santiago we have some unfinished business here. I'm hoping for a final final you know we got to get the gottas before they get us kinda thing. A series of things happen here to stir emotional good and bad. To say there was closure nawww. we had a face off which was subtle now we need a tag team. Am I right or am I right. Excellent read looking forward to your next book.

### **Tonikia Wifehart says**

Now I know some people would say that the book dragged on and on and on, but DAMMIT I LOVED IT AND IT WAS WELL WORTH IT!!!! THIS SERIES HAS JUST MADE IT TO THE TOP OF MY FAV LIST!!!!

---

### **Mel says**

This was probably the best out of the series to me. So far. Several issues though. The spelling and grammatical errors. The fact that the author used the word "strutting" on every page to describe the way Kola and Apple walked. It was a little irritating. Why was the book almost three quarters done before Apple had a thought about her daughter? The Mexican brothel came up several times. She wanted revenge. Obviously. But, no thought of her daughter? The daughter she missed so much? OK. The story is entertaining. I would like to see what develops with the remaining characters.
