## **Fry Me a Liver** Delia Rosen

Deli owner Gwen "Nashville" Katz has certainly had some very un-Kosher experiences since her move from New York--dead customers, dead street musicians, dead deliverymen. Sometimes the country music capital of the world feels more like a cemetery. But Gwen is finally knocked flat on her tuchas when a van comes plunging through her roof, causing an explosion and barricading her inside with her employees and Nashville mayoral candidate Tootsie Pearl. Was this an attack on the mayoral hopeful, or a war against Gwen herself? With her deli in shambles, Katz is hot to grill the putz responsible for turning deli into a culinary nightmare.

## **Melissa says**

Kept me guessing until the last few pages...

---

## **Gwen says**

When the deli is severely damaged by a bomb and two of her employees are severely injured, Gwen "Nashville" Katz is left wondering who was the target of the attack. Worried about her staff and the future of her deli, she sets out to investigate. Along the way she discovers betrayal by one of her staff and some corporate espionage. A real surprise ending.

---

## **Nidofito says**

It was so wonderful to return to the world of Gwen Katz. I had read the previous books of this series pretty much in a row so the wait for this newest addition allowed me to appreciate the characters anew as I finally got my hands on it.

The only comment I have is that it's gonna take nothing short of an airplane crashing at the deli in the future books to top off this one. Though, admittedly, it might take a while considering how our story ended in this edition.

---

## **Brooke says**

It was very boring especially at the beginning. I didn't really feel like I could connect with any of the characters. When the drama started to happen I thought maybe it would pick up and it did for a bit. For how short of a book it is compared to others I have read, I felt it could have picked up a bit.
