Jude's Lullaby, Made Marian book 3.1 by Lucy Lennox. This short story is the first I've read by this author. I loved it! I guess I'm going to have to look into the other Made Marian books in the series. Loved the characters and loved the story!

### **CARISSA E says**

Derek and Jude are one of my favorite Marian family couples so it was nice getting a little more of them. This was very sweet and really hot with a real nice ending....

### **Barb ~rede-2-read~ says**

Sweet, hot, warm, loving, family, established couples, men with children, ex-bodyguards, country music star. What can I say? This was a great freebie gift from the author. Thank you, Lucy Lennox!

I missed these couple. Reading a bit about their current lives was nice.

Too heavy on the sex, but still it was a nice epilogue sort of novella.

The way Jude found himself with Derek, and how they have this amazing support system with Ollie and his family is so unreal. I wish it happened in real life.

This whole Made Marian series is just too good to be true. Love it. Glad that the author can't have enough of it too and keep adding parts to the series.

This was a short quick read that I liked. Jude Marian is on tour in Europe with his band. His husband Derek is at home with their baby Wolfe. Jude is exhausted he is home sick after every show he works on a new song for his son. This was a good short quick read after having sex over skype Derek knows that his husband isn't doing so good so he ask Ollie who is Jude assistant to watch the baby and he flies out to meet Jude and the band. Dante and AJ traveled with Jude in place of Derek. I love this series. After having make up sex Jude has a surprise for Derek turns out their family will be growing. This was a really good read that I wished was longer. This book was well written with no errors in grammar or spelling. I am hoping that Ms. Lennox will write about the sister Simone.

This was so, so sweet and adorable! I love glimpses of the future after the HEA!

I definitely need to continue the series because there was another brother here and I haven't read his story yet! ;)

I love this cute little teaser about what Jude and his family are up to now. Jude is touring a bit by himself and missing his family. He is working himself to the bone but never fear Derek to the rescue!

This is such a cute little snippet into one of our favorite Marian family members life. Must read if you are

following the Marian family!

>> Judging a Book by its Cover <<

Nice cover. A man that looks very much like we'd envision Jude sits on a chair while playing an acoustic guitar. Kind of a candid shot with a subdued palette and vibe. Visible, legible fonts. I did not bother with reading the synopsis since I am rather in-love with this series and will read anything in it.

>> Looking Deeper <<

POV ~> Dual, alternating first-person

After a few years off the road, Jude and the Saints are touring again. They'd wrapped up a 6-month domestic tour but Jude asked that Derek stay home with Wolfe for the 3-week international tour. Being apart isn't as easy as he'd imagined and it's starting to wear him down... well, that and an unfinished, new lullaby rattling around in his brain.

When Derek comes to the rescue, things improve. Secrets are revealed, too!

This was just a wonderful but quick "day in the life of..." sneak peek into Jude and Derek's world.

That was an adorable little read. It was nice catching up with Derek and Jude. They are my 2nd fav couple of the bunch. They are still happily married but are apart due to Jude touring. Jude is homesick and missing his family when Derek surprises him. However, Derek is not the only one with a surprise ;)
