## **My Maven, My Everything** Joyee Flynn

Madden "Mad" Forrest is a Son of Thanatus, a secret order rumored to be descended from gods. The members possess the ability to hear the souls of the dead, and they travel the country speaking for those without a voice, helping to lay them to rest. After a particularly stressful job, Mad heads to New Orleans and picks up a hot twink in the hotel bar.

Josh McGreggor is out for a night of pleasure before heading off to a new job. The perfect man who invites him over to his table is the answer to his desires. What neither expects is the strength of their feelings after one night's passion or that, come the light of day, they can't bear to part.

Can these two men navigate through the minefield that arises from their roles to find love, or will they be destined to continue their lives all alone?

## **From Reader Review My Maven, My Everything for online ebook**

### **Lexi Ander says**

What I liked about this is that it had a wider focus on what the Sons of Thanatus do. There is mature acceptance of the relationship with the external danger as the antagonist. There is a little personal angst towards the end but is resolved fairly easy-which I liked to. I look forward to seeing more books in that series that will expand on what has been introduced here.

---

### **Fadia Pierre says**

This book is somewhat a new direction for Ms. Flynn the whole necromancer thing. In the same token its nothing to write home about. Like all of her books there is that instant love that leaves the reader rolling their eyes. I've always wondered why is it that in most of her books that the "smaller and more submissive man" always end up with an "butt plug" in them that would be worn all day long. Do people or even gay men really do that? Can't fathom the comfort; If you have read the authors past work you will find similarities with other characters and as well as snippets of the stories.

---

### **Adrian Anderson says**

Yes, this is what they warn about in writers' workshops. The trap of telling the same basic story over and over again because your characters all share mannerisms and traits that are too similar to each other. But then...Miss Flynn is so uncreative and uninspired that hers and Stormy Glenn's (as well as Lynn Hagen) all have the same welcome greeting on their Yahoo groups...

If she can't even come up with something original without copying for that...CAN she write a decent book?

PS - I wish these idiot authors would realize at SOME point that alternative spellings eventually cease to add an exotic accent to their stories. The word is THANATOS = Greek for the god of Death. Pronounced THA-NAH-T'-OH-SSSSSSS. Not US. \*Rolls eyes\*

---

### **Muffett says**

Enjoyed this start to a new series and am looking forward to the next entry. The investigations are as interesting as the relationship between the H/H.

---

### **Davina says**

i wasn't too please with this. besides their names and nature every things reminds me of shifter series. mine, no one but me touch you, must have you now.

the nightly marathon sex and next they i love yous kind of kill it for me and then i had to remind myself it's not an mf book am reading with all their emotions.

give a couple chapters first with the thrill on how or when the deed will be done. then i'll actually read the sex scenes. back to back and i'll skip a few.

then the convenience of find more sons just like that

show me what leads up to "i love you" not all has to be past drama or bad deeds and self pitying. put dept into the order's purpose, i wanted to know how info was leaked, not the constant sex, i love you, you can do better than me, i wont leave you, was a fool to let you go, yes you were now more sex.

i love fiction but it gets tiring reading the same things often.

---

### **Charlie Richards says**

This story had me rolling! And crying. I love how Madden and Josh meet, and the dynamics of their relationship as it develops and they figure out what they mean to each other. Josh's spunky, submissive personality is a perfect match for Mad's dominant traits. But at the same time, those same character traits create all kinds of problems that the pair will have to work hard to get through. I found this to be an enjoyable, quick read, and when the next one comes out (hopefully that won't be too long), I'll definitely read it again!

---

### **Tj says**

Normally this is my kind of read but the story felt off. Too much sex and too many editing issues. The characters didn't stick with me because there wasn't much to them. The story line felt jerky and underwhelming.

---

### **Judy & Marianne from Long and Short Reviews says**

He can hear the souls of the dead. Sometimes it's not a pretty sound.

This is my first foray into the world of Joyee Flynn. I'd seen plenty of reviews and couldn't wait to nab a book for myself. The plot is unique and filled with twists and turns. I liked meeting a new group of characters and seeing how they dealt with their gifts. This was a quick read and it had more than a few interesting moments.

Madden "Mad" Forrest has a tough job. He's got paranormal abilities and it takes a lot out of him when he's using them. He's also in the market for a good time. Can't say as I blame him, I mean, a man needs some recreation. I liked his non-committal qualities--just one night, something fun, get the tension out. Hey, he's believeable in that respect. And then there's Josh. Again, the guy wants a no-strings good time. Mad's cute and Josh is sinful, so putting them together seems natural.

But I had a few quibbles with this story as well. It's told in first person narrative, so there's more than a little telling versus showing. I drifted from the story a couple times because I didn't feel immersed in it. I also didn't get to see things from Josh's point of view and I think that would've added a degree of depth the story

lacked. Now I realize it's from Mad's point of view, but the sex scenes felt rushed. I got the idea they were in the throes of passion, but I didn't feel it. I wanted more discovery, more time to realize that they belonged together, not such quickness. It happened almost too fast and I struggled to overcome my disbelief. There are also a lot of characters, though I'm betting Ms. Flynn will give each one his own story and kudos.

The story itself is unique and the characters are interesting. I am certainly looking for more in this author's backlist as she certainly writes some sizzling hot male/male scenes. Grab a copy of *My Maven, My Everything* for a smoking good time.

### **adrienne says**

typical joyee flynn serial romance. nothing fantastic, nothing so bad it can't be finished. what is typical joyee flynn? imagine a shorter harlequin romance but with no t&a (see, i was going to write no surprise pregnancies, but... yeah.).

out of sheer laziness, i will be using this as my template for all books by :  
joyee flynn  
sunny day  
lynn hagen  
stormy glenn  
scarlett hyacinth  
carol lynne  
gabrielle evans

unless otherwise noted. i'd apologize, but i'm not sorry. i figure it's about as much time as they put into their books. dammit! well, i made it all the way to the end being rather moderate in my assessment. that's a win

---

### **Serena Yates says**

This is a fun variation on the 'I see dead people' theme. The Sons of Thanatus use their talents to help solve criminal cases, thought these aren't really the focus of the book. The additional dynamic of Josh working for Madden provides an interesting dynamic, especially in the way they meet, but is quickly overcome and remains only as a turn on where sex between them is concerned.

---

### **Joselyn Moreno Burke says**

it was cute and cool very nice story

---

### **Rachel Emily says**

Too much sex and insta-love, with the "I love you's" coming way too early. The story was rushed and just didn't flow naturally in a way that's easy to read. I don't know...I liked some books of hers, others not so much, but in this one I was unable to connect with the characters and what was going on. There is definitely a pattern to her characters and plot and this seems to just continue that pattern.

---

### **Almonda says**

ok..wow O\_O..I've read a lot of her books and liked or liked them a lot..but this is a let down..I liked the first pages, but it went downhill for me then. I just couldn't connect to the story or the characters. There are lots of bed scenes, which I normally like, but I was just indifferent to them, because I couldn't connect emotionally to the characters.

Love at first sight is normally not a problem for me, but here it wasn't convincing at all...they meet, have sex several times in one night and the next morning it's "I love you"..O\_O

Then what also bothers me is, that the story is bumpy...the scene transitions aren't smooth..facts are slapped into the readers face out of nowhere without explanation and then again scene change.

The whole story feels rushed..and the facts don't match up..

One of the main characters Madden suddenly says he is immortal, no explanation or elaboration, some chapters later it is said that they are immortal BUT they can be killed (this is not immortal for me)..and then some chapters later Madden is shot, he takes a while to recover--here I ask myself..what would have happened if he'd been shot in the heart? O\_O....and then Madden tries to distance himself from his lover because he's afraid that he would die..weren't they supposed to be immortal???

In one chapter some men are mentioned..I have the strong feelings that those are the characters for the next book in this series.

I'm really sorry to say, but this e-book seems to be a story to fill a quota.
