Picture Perfect Nikki Rittenberry

Olivia Everitt traveled extensively across the United States as a freelance photographer, but she'd always managed to avoid one particular destination: her small hometown. After learning of her brother's impending divorce, she makes a spur-of-the-moment decision to end her nine year hiatus and returns to Florida's Panhandle Coast. Butler Island's slow-paced lifestyle is sobering, but when she crosses paths with the town's hottest bachelor fireman, Grant Womack, the searing chemistry between them becomes her latest adventure. But their indisputable attraction isn't the only thing heating up on the island; a half-crazed arsonist is randomly setting the town ablaze. After capturing pictures of the masked fire-starter in action, her guarded heart, as well as her life, become endangered. Olivia has devoted twenty-seven years cultivating the picture perfect image of beauty, strength and courage, and she refuses to let a desperate pyromaniac—or a tall, handsome fireman—fracture it. Her once-solid self-control and bravery are being challenged. And now she's in for the fight of her life...

Kerry says

While I did like Olivia, Grant was easily my favorite part of this book. Olivia is a feisty freelance photographer who has been through a lot in her life. She returns to Butler Island to support her brother going through a divorce and ends up falling for his best friend, Grant. There was an instant attraction, but I really enjoyed seeing their relationship grow. Grant was the perfect hero! I also felt that this book set up Ty and Kendall's story nicely, and I'm excited to read it!

Amanda says

I loved it and the author Nikki!!! Olivia a freelance photographer returns to Butler Island after 9 years. She finds herself falling for a firefighter Grant and running from him and love at the same time. She is almost killed by an arsonist. Stubbornness and fear of love almost destroys their chance to be together. He chases her to her home in New Orleans

Radd Reader says

Olivia is raised on Butler island by her brother after their parents die. She leaves for nine years and comes back and gets involved with Grant, a firefighter. There is an arsonist on the loose and Olivia captures pictures of him in the act and now she's in danger. I loved Grant, but Olivia always pushing him away because she was afraid "he would leave her like everyone else" grew very tiresome. Also it was obvious who the arsonist. Very predictable.

Olivia Everitt traveled extensively across the United States as a freelance photographer, but she'd always managed to avoid one particular destination: her small hometown.

After learning of her brother's impending divorce, she makes a spur-of-the-moment decision to end her nine year hiatus and returns to Florida's Panhandle Coast. Butler Island's slow-paced lifestyle is sobering, but when she crosses paths with the town's hottest bachelor fireman, Grant Womack, the searing chemistry between them becomes her latest adventure.

But their indisputable attraction isn't the only thing heating up on the island; a half-crazed arsonist is randomly setting the town ablaze. After capturing pictures of the masked fire-starter in action, her guarded heart, as well as her life, become endangered.

Olivia has devoted twenty-seven years cultivating the picture perfect image of beauty, strength and courage, and she refuses to let a desperate pyromaniac—or a tall, handsome fireman—fracture it. Her once-solid self-control and bravery are being challenged. And now she's in for the fight of her life...

I liked it, alot!

Michele says

What a fun little romance. I wish I had kept better track of the books I have read over the years though because the story seemed very familiar to me, at least parts of it did.
