## Playing the Field Meghan Quinn

The gang is back and this time there is a wedding to celebrate, except that is the last thing on Molly Meyers' mind. After losing her fiancé, Luke, two years ago, the last thing on her mind is helping her best friend, Jane Bradley, plan her wedding and celebrate the annoyingly, obnoxious, lovey-dovey relationship Jane has with Braves first baseman, Brady Matthews. Austin Lee, rookie outfielder for the Braves finds himself in the middle of a blonde tornado known as Molly. When her fiancé died, he gave her space and time to heal but always admired her from a far. Never in a million years did he think he would be bedding his dream girl and planning a future with her starring as his leading lady. Patty O'Neil, abuse victim and Jane's friend, finds herself struggling to let any man back in her life. Marc Sullivan, Braves catcher and Brady's best friend, wants to be that man in Patty's life but is finding it awfully difficult to crack the wall Patty built around herself. Patty wants Marc as a friend but Marc wants more. Lucy Reynolds, Austin's best friend and Molly's worst enemy never thought she would find the love of her life while sitting in a café, eating Greek food and reading her Kindle but she did. Connor Cartwright luckily came into her life and she couldn't be happier. The only problem is...he is Luke's brother, something Molly can't seem to accept. "Playing the Field" goes through the lives of the Hot-Lanta gang as they tangle a drama filled web together, screwing each other, lying to one another, and sabotaging each other's lives. Follow their story as once again the drama unfolds, feelings are hurt, slaps are thrown and Hot-Mess Molly tries to make everyone just as unhappy and miserable as she is.

## From Reader Review Playing the Field for online ebook

### Jamie Leigh says

This is the second in the series. there is always hot messy drama going on this series. there are some editing issues but over all, i can ignore that when there is such a great story. there is a major cliffhanger at the end so be prepared.

---

### Kirsten says

Just when I didn't think things could get any more complicated, Meghan upped her game. If you haven't read Caught Looking - Stop now and go read that. You need to. Damn, This book has many of the same characters from the first book, but also introduces more and things get even more complicated. This book starts two years after the end of the last book. Molly is a mess after losing the love of her life and is self-destructing. Austin is trying to be the man in her life, but she's not letting him in. At least not all the way. Marc found his forever in Patty, in the first book and this one shows how that all plays out. The road is long and winding, twisting and painfully turning before things between these two even come close to a resolution. There's Lucy, who is Austin's best friend, but has always wanted more. Things happen between them and then, IMO, Austin shows his true colors. That's not the only time he does it either. Lucy is strong and pulls herself back together, decides she's done being second best and puts Austin behind her. Then she meets the delectable Connor, who is Luke's brother. Molly does not like that Lucy is dating Connor, and turns into even more of a super bitch. Jane and Brady are getting married, and that just propels Molly into an even tighter self-destructive spiral. I swear, this series is like a soap opera, there are so many POV's to consider. Then at the wedding after Brady and Jane leave, so many things happen like domino's falling, but in so not a good way. There are so many twists and straight out u-turns in this book, and I loved every minute of it. You get the full run of emotions in this series, and the last minute WTH moment that was there just caught me by surprise. Meghan wrote a fantastic book that topped the first in the series, hot damn, I can't wait for book three which I know she's writing, and is coming soon. I need to know what happens next for everyone involved. I think I'm looking forward to this one a bit more than normal, because Meghan is crossing over a couple of characters from her Love and Sports Series to Holt-Lanta. What can I say, I'm addicted to Meghan's writing. She writes very well and I love her characters. They're so real; snarky, sarcastic, bitchy, whiny, loving, supportive - everything you can think of. I just want more.

---

### Emily says

There is a lot of stuff going on in this book. And then tiger is the cliffhanger! Wow!

---

### Nikki says

### Got damn

That shit was like reading day of our lives...and not in the way that anyone's life is like any of that. This is

MQs earlier work so it's new to me as I fell in love with her later work. But hooooo leeee sheeeeeeeeiiittt. Can't stop now.

---

### **Jen says**

I was so excited to see the second book in this series come out- I stayed up all night reading it!! AMAZING!!!!!! I CANNOT wait for the third book!!! Great series!!

---

### **A Book Obsessed Brit says**

Well Meghan sure as hell didn't let up on the drama for book 2. We start off 2 years after the heartbreakening end of Book 1. Molly is in a total downward spiral after what happened and is in complete self destruct mode, barely a shadow of her former self. She is using sex with Austin, along side drugs and booze to dull the pain; but Austin wants more from Molly and naively gets lead along her deceitful line.

Brady and Jane are getting married living out their happily ever after as Baseball's hottest couple. Their wedding however isn't a happy time for everyone as Molly struggles to be happy for her best friend questioning why she can get her happy ever after when her own world fell apart.

Patty and Marc well we finally get to see how this game of cat and mouse plays out. Marc god love him is a trier and 2 years down the line still pursues Patty, who keeps turning him down until she agree's to try the friendship route, and it all blossoms from there. Marc and Patty's story was a highlight for me amongst all the darker elements of Molly's tale, I really enjoyed reading the chemistry growing between these two and Patty finally seeing Marc for the great man that he is.

Austin and Lucy butt heads over his relationship with Molly. Lucy has loved Austin for many years and it has always gone unreturned, until one drunken night leads the two of them to get down and dirty. The next morning Austin provides a great show as the worlds biggest douche and breaks Lucy's heart cementing her hatred for Molly firmly in place, and believe me the feeling is more than mutual where Molly is concerned. Enter Connor, Luke's (Molly's ex special forces fiance) brother. He and Lucy meet by chance and their connection is instant. They quickly become involved and cannot seem to stay away from each other. The one bone of contention that keeps causing trouble between them.....Molly of course, oh so many dramatic moments!

Rest assured Playing The Field is a great read, I really had strong feelings about Molly's total 180 in personality and everything she has become, which is basically a raging selfish bitch. She for me was the forefront of this book and weaved her way into every storyline and not in a good way, I really wanted to smack this girl around the face and thankfully Jane takes care of that for me! Then we reach the end of the book and get a twist and cliffhanger thrown in our faces. Book 3 here I come.

---

### **Stephanie Burnett says**

Great sequel to caught looking!! Can't wait for the third!! The drama keeps you reading for hours on end!

---

### **Lakeisha says**

#### **What the heck?!**

I honestly could not put this book down at all. I loved and hated so many in this book, that my feelings were all over the place. Jane and Bradys crew are some of the most interesting friends I have ever read about. I was very happy with this book and look forward to reading the next book in this series.

---

### **Mindy Edwards says**

Another amazing book!!

---

### **Linda Newbern says**

Meghan Quinn, always a favorite. This one started out with Jane and Brandy, then added other characters and storylines,I usually don't like that, but with this book everything meshed and I was so invested in each story. Cant wait to get to book #2.

---

### **Theresa Payne says**

#### **OMG**

Ok so I know what I wanted to happen in this book and it did however now I dont know how I feel about it. U have to read the book to understand any of this lol. Marc and Patty how perfect would they be together..... oh Austin and Lucy... man this book is so good and keeps head spinning and your heart pumping.

---

### **EndlessReading says**

YOU DID NOT JUST EFFING DO THAT!

#### **OMG!**

Just finished the book! I had an inkling on what may happen, but no that was boy-quashed out of the water.!

Molly needed her head banging together and 10 balls of shit knocking out of her.

After everything Molly & Austin have been through, and just after the last hurdle, YOU DO THIS!

#### **OMFG!**

Poor Winnie.....such an adorable little girl and it's such a shame, that Molly couldn't bring herself to care or look after her properly, she clearly needs help

Sorry I just had to display my frustrations lol!

I loved Patty and Lucy, there were Jan's rock throughout the wedding preparations even whilst all the shite that went down in their love lives, they still had each others back....TRUE friends!

I want me some Mr Connor Cartwright.....Handsome devil....dickish towards the end but hey ho.

I thought better of Austin and I'm still waiting for him to prove me wrong, he's on my naughty list I'm afraid, dickish move my son, dickish move....

Apart from that, LOVED the book, YET AGAIN!

Some out standing work going on here, can't wait for #3.....there is a #3 right? Because you can't just end it on that note.....seriously.

Harsh cliffhanger but worth the read.

There were a few typing errors, but that didn't deter me from the storyline. It's so gripping, and enduring. You go through all the emotions and feelings, as it's in multiple P.O.V's again - YAY

---

### **Megan says**

holy soap opera in book form!!

---

### **Rosa Sharon (iScream Books Blog) says**

Give the guys a pat on the a\$\$ for me...

Holy Hot-Lanta Hotness! The plots, yes multiple, thicken. I feel like I'm watching a tennis match with 6 balls in play at the same time. All of our favorite characters are still here, and a few were added. We have sexy baseball players, who really do need a pat on the a\$\$, and now there's Connor...sigh. Luke is my favorite, and Connor is his brother, well duh!...he must be hot then, right? One of my favorite female characters turns into a major B\*\*h, I'll let you wait to find out who. You can then join me in ranting and yelling at the characters that we love and hate, laughing at their witty banter, blushing at their crazy chemistry and public/private PDA. Well, it's not over yet...thank goodness!..and there are still mysteries to solve...surprises to be had...characters that still need a wake-up call...and more thongs to be ripped off. Bring it on Meghan Quinn, we are ready for more Hot-Lanta!

---

### **Courtney Brown says**

Holy moly what an ending way to go out.. this book is told from several pov and has a ton of going on it like a soap pretty good read
