## Reckoning J.B. Turner

A sister kidnapped. A journalist in danger. A killer out for revenge.

After taking out a covert facility run by the Commission, a deep-state syndicate, Nathan Stone has made powerful enemies. He's a black-ops asset—and he's gone rogue.

But the organization wants payback. Kidnapping Stone's sister from a Florida psychiatric hospital, the Commission have their asset exactly where they want him. They instruct him to neutralize journalist Mark Mahoney, to whom Stone had previously leaked documents about the Commission and their deadly conspiracy. Now, Nathan Stone has a choice: neutralize Mahoney and kill the story for good, or lose the only family he has left.

Stone knows that these men will stop at nothing to get what they want. Killing Mahoney is just the beginning. And when Stone learns the identity of their final target, he knows he has to stop the Commission once and for all—no matter the cost.

## **From Reader Review Reckoning for online ebook**

### **June says**

#### **Electrifying**

This book is so action packed that you can't help getting caught up in the process of hunting out the bad guys.

---

### **Jo McCreery says**

#### **Reckoning**

This follow on just continues to hurtle you through the wringer at every junction. The continuing story unfolds with more intriguing scenarios to hold the reader in suspense. I've just got to continue onto the next book to see what happens next.

---

### **Michael Preece says**

A follow-on Nathon Stone story is good enough for a 4\*, but the lack of detail at times leads to a questioning of the possibility. A good example is at the end. How is it possible for Nathon to drive into a parking garage and straight away have a line-of-sight rifle shot to the Canadian President? Having said that, it's now set for another sequel and good enough for me to look forward to.

---

### **Michelle says**

#### **Not what I expected**

Actually, not really sure at all what I expected. I have not read any other books by this author, so definitely not the previous book for this series. Not sure if that makes a difference. This story had a good plot, but it felt over done. If I'm being honest, I kept thinking hail hydra in certain parts, it just seemed a little too easy/cheesy. It was a good plot, as I said, just didn't seem to be carried out effectively. You have your typical assassin gone rogue who's being blackmailed/threatened to do a job but he suddenly finds he has a soul/conscious. Now it's up to him to try and take down the group who's running the show. I'm not sure what more I can add without giving more plot/story away. Good base/undercurrent story, needed something more.

---

### **Trevor says**

This is the second outing for Nathan Stone. After the events of book one, Stone thought he had broken free of the commission, how wrong was he!! They are back and looking for revenge, kidnapping his sister to try

and get his compliance. This is a good, fast paced story and progresses the Stone character nicely and unlike the first book, you actually warm to him.

---

### **Cheryl Bonner says**

#### **Reckoning-Book 2**

I really did enjoy this book. It was filled with excitement, suspense, and some wild justice. Nathan is a killer with a sense of fairness.

---

### **Judy Lesley says**

Thank you to NetGalley and Amazon Publishing Thomas & Mercer for a digital galley of this novel.

Unfortunately this novel was not enjoyable for me. Nathan Stone is an assassin by trade. After the way he went rogue on his employers in the first book in this series, why in the world would they hire him - actually blackmail him - into working for them again? So they just chose to ignore the millions of dollars of destruction he caused before along with the deaths of members of their organization at his hands? The book didn't start out well for me and it just got worse as it went along.

I didn't like the style of writing and I didn't like the main character. I read a lot of political thrillers and they all have one extremely talented black-ops character who manages to disrupt whatever plans the bad guys have. The difference in those characters and Nathan Stone is that they each have a conscience while Stone doesn't. Judging by some of the episodes I read about in this book I would not have been at all surprised to read that Stone blew up an entire train in order to kill his one target. Causing death to innocent people while he carried out his mission was unacceptable behavior to my way of thinking even though the author never acknowledged that innocents must have been killed and injured during Stone's actions. The author appears to be trying to begin to rehabilitate Stone and give him some slight movements toward learning to care about more people than just his sister. I won't hang around to see that change come about.

---

### **Amanda Williams says**

Enjoyable and thrilling. This book will hook you right from the very start and won't let go until you have devoured its contents. A really exciting read that will keep you guessing.

---

### **Nina Fralick says**

This book was suspenseful and I like the character Nathan Stone. I thought he was gaining a sense of justice in this book. It seems like Nathan is beginning to deal with his childhood trauma. I did not like the ending. I'll bet it's a setup for a third book in the series though.

---

## **Mark says**

SPOILER ALERT: IF YOU HAVEN'T READ THE FIRST BOOK IN THIS SERIES KNOW PORTIONS OF WHAT TAKES PLACE IN IT ARE REVEALED IN THIS REVIEW.

With that out of the way we are reunited with government assassin Nathan Stone in the second book of the series from author J.B. Turner. At the end of the first book Stone had turned on his handlers when they attempted to take him out and destroyed their facility and those he came across there in the UK. Returning home and wishing to be left alone the Commission will not allow that to happen.

Stinging from their loss there they recruit him once more for a job, a problem set in motion by Stone in the first book. Kidnapping his sister from the mental institute she was in and telling Stone that he caused more problems than solved them, they want him to clean up the mess he created. Having leaked the hit list of the Commission to journalist Mark Mahoney, Mahoney has pursued the story and is now in Canada following up on the final leads that would lead to potentially taking down the organization. Stone has been recruited to assassinate Mahoney and set things right once more.

Knowing full well that the killings would never end there or that they will allow him to live once he accomplished their task, Stone must once again work to take down the Commission. Rather than simply take out a base this time he begins to track down the members of the Commission, to locate them and to make plans to erase them from the Earth. At the same time he plans on saving Mahoney if possible and rescue his sister. Just how far up the ladder he can go and if he can save those he intends to is what makes up the excitement in this book.

As with the first Stone tale the book is easy to read and holds your interest start to finish. But the same issue remains from the first, the repeated tale of the abuse Stone suffered at the hands of his father and his sister's rescue that resulted in her killing the man. After the first book most of this ground was covered, repeatedly, and in doing so again here it bogs down the story. With that exception in mind the book still entertains and fans of both this series and the Reznick series are bound to enjoy it.

---

## **suzannah fussell says**

Enjoyed this book. I didn't read the first in the series but enjoyed it anyway. I won this book so FREE is always good.

---

## **Walt Mccluskey says**

### **Reckoning**

Ghost is an accurate description for the shadow group doing all the evil in the name of patriotism. The premise is that they always finish what they start.

---

## **Maggie Long says**

### **Full of Suspense**

This book, like the last one, is brilliantly written. It describes every detail and keeps you clinging to the edge of your seat. Once again, Stone has survived, but for how much longer? I was saddened when I read about one of the characters being killed-off. Can't wait to read book 3.

---

## **Lauri says**

I enjoyed this book. This is the first book of the series that I have read. I plan to read the rest. The main character has many flaws, but he shows to have a softer side

“Maybe he wasn’t irredeemably damaged. Maybe deep within him, within his soul, within his very being, he was beginning to sense more human qualities. He wasn’t wired the same way as everyone else. He knew that. But was it possible there was a small part of him that had feelings?”

---

## **Darlene says**

### **Reckoning**

A Nathan Stone book with some heart. Is Stone getting soft? Getting emotions? That's what's he's wondering. But, not to worry, he still the cold blooded assassin we know and love...even if he may have some sentiment. Now that he's done things his way which is really the only way, right? He may be headed for a heap more trouble. Can't wait to read that new release that just came out to find out! I'm glad I started this series, it has been a real thrill. Love this character.
