Summer's Destiny

Ariel Marie

Summer's Destiny Ariel Marie

The hunters came in the middle of the night. Killing every vampire in sight. Their screams still haunted her. Summer Rayne was one of the lucky vampires to escape the massacre. She did what every other vampire had been doing for the past decade- she ran. She ran as fast and far away as she could, not knowing that destiny would lead her to her future. He failed his people. Vampire king Ryan Valerian lived in his own personal hell for years. Vampires were no longer the top of the food chain- they were now the hunted. The hunters wanted to eliminate the vampire race, killing them as they hunted them down. Ryan did as other vampires did- he ran. He remained hidden until destiny presented him a small curvy vampire that blew into his life like a hurricane. Their meeting was destined. Their love was instant. Their chemistry sizzled. Summer was convinced that the vampires would once again rise but would her love be enough to convince Ryan to be the king he was destined to be?

From Reader Review Summer's Destiny for online ebook

Tina says

What a hot quick read from Ariel Marie. If you're looking for a quick steamy vampire read, this ones for you.

Summer ran for her life when the vampire hunters attacked her small town. She ran and ran until she passed out. Little did she know she landed in the yard of the missing vampire king.

Ryan was king of the vampires and he was the last in the Valerian line. When the humans started taking our the vampires 10 years prior he room the cowardly way out and fled.

Now, he has found Summer in his yard and injured. He is taken with her from the moment he lays eyes on her but she is unconscious. He undresses her and lays her in his bed to heal.

She wakes and the chemistry they share is off the charts. She convinces him that his people need him to once again lead and fight the hunters, but is it already too late.

Lorraine says

This short novella is good, quick read, filled with action, and hot and steamy romance.

With some short stories it's hard to get a feeling for the characters, but not in this case.

The chemistry between Summer and Ryan was great and I liked how her belief in him as a leader, helped him believe in himself and spurred him into action.

I was gifted an ARC of Summer's Destiny by Ariel Marie - no review required. (less)

Timothy Bateson says

Disclaimer: I received a copy of this book in advance, in return for an unbiased review.

Summer's Destiny is not as long as the books in the "Dark Shadows" series, so is a great introduction to Ariel Marie's writing, if you've not already picked up one of her books.

The nice thing about this story is that it doesn't have the depth of background material that the "Dark Shadows" series has. It trickles the background information throughout the plot, without overwhelming you

with exposition.

Unfortunately, having previously read "Princess" and "Toma", I was a little confused when I started reading "Summer's Destiny". However, it soon became clear that I was reading something that didn't fit within the same ongoing story, and was able to settle into what plot there was, with ease.

Despite my initial confusion, Ariel Marie has hit another high with the latest of her vampire romance stories.

Felicia says

The Power of Love!

A vampire king in hiding for over a decade after being overrun by hunters, regains his pride and purpose after fate delivers his destined mate to him.

Ryan Valerian is humiliated and embarrassed. He feels unworthy of the Valerian name after he ran away while hunters methodically slaughtered entire vampire towns. A true king would have stayed and died in the fight. Or so he believes.

Fleeing the latest hunter attack, Summer Rayne runs until she collapses from her injuries and exhaustion. She has no idea how far she's run or where she is. She awakens in Ryan's home and recognizes him instantly as the king. As destined mates, their connection is instantaneous, and Ryan already knows he'll never let her go. Perhaps it's because of this, Summer is able to convince Ryan that his people anxiously await his return and will fight for him. I got the feeling that it wasn't so much "what" she was saying, but that it was her saying it. She believed in him. She had faith in him. She would fight for him. When he tells Summer he needs her at his side, it's obvious her love and their connection is responsible for restoring the king.

The battles are swift and retribution is fierce. When vampires and hunters are involved, it's not always easy to say who's "good" or who's "bad", but this time we know...the humans started it. LOL!

This is a short novella - it ended at 77% on my Kindle - but the author has not skimped on development or details. You might come away with questions, but only of what happens "next"...after the ending. And yes, if this story were expanded on in a series, that would only be a good thing. I'm already invested in the story. (Said the woman who prefers standalones! LOL!)

Take a wild ride with Ryan and Summer...and remember to breathe!

Enjoy!

Karlee says

Davenport had been attacked by the vampire hunters causing Summer to run for her life. When she had finally exhausted herself and passed out, Ryan found her. Ryan, the vampire King, had been hidden for ten years before someone had found him. And when Summer finally woke, it was as if destiny had put them

together. With Summer convincing Ryan to take back the throne and lead the vampires once again, will they be able to defeat the hunters? Or will the hunters find Summer and kill her? After all, they don't like to leave any town until every vampire from there has been killed.

SNSBAH Rating: 5.0

~~~~~Tracy's ★★★★★ Review~~~~~

Wow! Ariel Marie has blown me away with another great paranormal read. When Summer Rayne runs to escape hunters and in a storm is found by none other than Vampire King Ryan Valerian. He saves her and then there is instant chemistry and they know they must be together. Ryan has been hiding but the world is about to change and it is all because of his destiny wrapped in a beautiful vampire named Summer. This book left me wanting more because I didn't want this story to end. I devoured this story and loved every bit of it. Summer and Ryan are hot and sizzling together and I want more of them. This book is hot, sexy and full of fire.

### **Tish Cocktails & Fairytales says**

A really good, quick read!! Had just the right amount of excitement and heat for its length. Flowed well and kept my interest the whole time.

(I received an ARC in exchange for my honest review)

---

### **Gloria says**

I received an ARC in exchange for an honest review from the author. Holy hell this is the first I've read from this author but won't be the last, this was full of heat and all the hotness you can have in a story of this length. Absolutely could feel the chemistry between the 2 characters Summer and Ryan. All I can say is if you don't read this you're missing out.

---

### **Michelle Ferrari-Johnson says**

The Vampire king is in hiding, hunters have advanced weapons that kill almost instantaneously.

The town in which Summer lives has been found and is under attack. Hunters are killing her neighbors and friends. She is running for her life. Even with her vampiric speed, they chase via helicopter.

She is rescued by the Vampire king and instantly they have a pull and need for each other. Can she convince him to return? Will they be able to survive amidst the humans or will they be wiped out?

I enjoyed this novella as it is fast paced and gives you just a taste of adventure you can squeeze into your day at any time. I would not be surprised if this becomes an actual novel.

Enjoy ~

### **Laura Hernandez (TheVoluptuousBkDiva/YABkDivas) says**

My oh my! Ariel Marie never ceases to amaze me and this novella is a sweltering tead. Summer and Ryan are such a HOT couple and the sex scenes left me wanton and breathless!

---

### **Barbara says**

Loved it!!! The chemistry between Summer and Ryan is nuclear. My kindle is still on fire. I can't wait to read more about this author.

---

### **Missy Noecker says**

This was a wonderful hot short read. Even though it was a short story, it was written so that even when days passed, I wasn't feeling like a missed something. Summer and Ryan were a great couple!  
I received an ARC in exchange for an honest and unbiased opinion.

---

### **Alicia Freeman says**

I instantly fell in love ? Summer is a sexy vampire who was running for her life. She just happened to run into the king vampire, Ryan's, property. Love and lust is instant between the two. This is a very hot read that will leave you begging for more. Happy reading

---

### **Kierra Taylor says**

Um, give me a minute, please. I'm still using one hand to fan myself from those HOT sex scenes!

LOL.

Okay, ahem, now my review:

I LOVED this novella from Ariel Marie. It gave me just enough backstory on Ryan and Summer and the vampire/hunter war to feel educated enough to keep up with the plot line. Their chemistry was off the chain and leapt off the pages. Great read. My only wish? That it was longer, that I could have been a fly on the wall of their bedroom for just a little longer! ;)

---

**Erin says**

I loved the chemistry between Summer and Ryan and how her belief in him made him believe in himself. I wish that it had been longer. I feel much more could have been said and done, but I really enjoyed the storyline and of course the sex scenes were amazing. Can't wait to read and enjoy more of your books.
