The Cauldron

Richard Townshend Bickers

The Cauldron Richard Townshend Bickers
May, 1940.

World War Two is at its height.

A formidable flyer and outstanding marksman, at twenty Charles Hubbard stands out amongst his comrades.

Shooting down an enemy aircraft before even being sent to France, he quickly gains a reputation as an Ace before being himself shot down.

Returning to England as the Nazi push continues, Hubbard continues to gain renown as he becomes embroiled in the Battle of Britain before being posted to North Africa.

Soon he finds himself fighting a very different war to the one he is used to, a war not just against the Germans and Italians but against the desert itself.

In an area known simply as The Cauldron, Hubbard's bravery and moral stamina are pushed to the very limit time and again.

Teetering on the verge of breakdown, his men are looking up to him to lead them on towards victory.

Hubbard does not know if he has the strength left within himself to rise up once more and overcome his fears...

‘The Cauldron’ is a thrilling World War Two adventure from Richard Townshend Bickers.

Praise for Richard Townshend Bickers:

‘A valuable history of the air war that began it all... by an ex-flyer of the Second World War who has a genuine feeling for the feats of his predecessors’ - THE BIRMINGHAM POST

‘His sympathy with the fighting man (and woman) shines out of every page’ - LIVERPOOL DAILY POST

Richard Townshend Bickers volunteered for the RAF on the outbreak of the second world war and served, with a Permanent Commission, for eighteen years. He wrote a range of military fiction and non-fiction books, including ‘Torpedo Attack’, ‘My Enemy Came Nigh’, ‘Bombing Run’ and ‘Summer of No Surrender’.

L. R. Hinton says

Another Good Read!

Another good story with authentic action and characters for anyone that enjoys historical aviation stories! The author has again written a story of realistic characters and content.

rjd says

Enjoyable Read

Written by deep experience. Easily understood by even non pilots and non combatants. I enjoyed this book and I hope everyone else does also.

Chaplain Stanleigh Chapin says

Each a bit different

How ever there is enough of the same that other than actual battle scenes, it is a bit repetitive to a non English person

Jerry Mercer says

Great Story

Captures the intensity and courage of the British fighter pilots in the Battle of Britain and in the north African campaign. Well-written with good descriptions and dialogue.

creig speed says

Excellent book

This was a very good book. The writing was great. The stories were fantastic. One really felt as if one were there.

Chris Bohl says

English Warrior Humor

Typical dry sense of humor exhibited in this writing. A fun read with expectations of wearing a bowler and wielding a cricket bat.

Warren Osborne says

Enjoyable to read

Enjoyed the action and inspection of one's self by the main character were interesting. The following of character through the theaters and times of the war were enlightening.

Stephen John Scoffield says

The Cauldron

Good read , a very enjoyable book . Would recommend the story to anyone who is interested about the RAF in combat in WW2 .

James Perry says

Great read.

Like all his books, most enjoyable. I can't wait to get another. I really liked the way it ended up.
