## Who Could I Be? Shoohada Khanom

Through the book, children will learn about animals and their distinctive features, and the repetitive use of questioning encourages them to use the clues to keep guessing and wanting to turn the page to find out what animal it is. Most importantly, it sheds light on and promotes the beauty of our Creator's creations.

## **From Reader Review Who Could I Be? for online ebook**

### **Papatia Feauxzar says**

Educational, rhythmic and creative.

---

### **Shireen Hakim says**

This children's book's adorable illustrations attracted me. It also has a fun Islamic message without being pedantic.

---

### **Abu Zaynah says**

A wonderful guessing book for little ones. Each page gives a list of clues for who could I be, then reveals the identity of the creature in the following page. Fun and entertaining little book with beautiful illustrations to go with it.
