That kiss! :O I don't know how I feel about that.

I love the motions of the swords and the her body when she's fighting. It could have been confusing but the author/illustrator did it very well.

I feel bad for Erika. She isn't a nice person but she didn't deserve what happened to her.

The new guy hates Ren. What a surprise. :/

Nooooooooooooo Kyoko. Don't think that. Morizumi san isn't worth your anguish.
