Elizabeth Herondale says

Retomando... después de tanto tiempo ?.

Robert Owens says

I was unfamiliar with Daredevil until the Netflix show. I've taken a liking to the character. Looking for something to read, I came across a reading list. The emphasis is on more modern runs, but it looked like a quick run through the first 11 issues was thought to be good for background.

This is typical Stan Lee. I like how the origin story is actually in issue #1. It follows fairly closely to what is in the television show. Matt gets his revenge on The Fixer, the man responsible for his father's death. Good wholesome comic booking here. :)

Admittedly, I am no fan of the original costume.

Joe Wilson says

Daredevil's 1st appearance.

Jaycee Bond says

This was so much more colorful than the doomy and gloomy colors I expected haha.

Jason says

2.5 Stars

Daredevil #1 by Stan Lee was just OK for me. I am a huge fan of the show. I absolutely love it. I decided that with my new found love of graphic novels that maybe I could read a comic about a character that I think is totally cool. That is Daredevil. I picked up the kindle digital of episode 1 and was disappointed. I am not sure if I can handle true comics. It came across as corny and juvenile. I appreciated the differences from the TV show but it really wasn't for the better. The animation and artwork is adequate(it is nothing compared to Fiona Staples) but not at all like the graphic novels of today. I will try a couple more chapters before I pass my final judgement.
