# Dirty Cowboys

K.C. Crowne

**Dirty Cowboys K.C. Crowne**

**They are as different from one another as any three men can be,  
But they're all big, tough cowboys at heart.**

The fire had almost taken everything from me,  
The job and land I loved, and the family I adored.  
Milo has been haunting my dreams since I was a teenager  
And now he looks at me like he's trying to convince himself I haven't grown up.  
Well he's wrong.  
His brother Sawyer, the ex-football player, sure noticed.  
And so has his TV star brother, Eli.

We're all back in one place now that the ash has settled, and I find myself in a bit of a conundrum.  
I want them. All.  
As tensions run high and a big-money deal is on the table,

**The formerly close brothers can't agree on anything.  
Except that they'll do anything to save me when I face the biggest nightmare of my life.**

*Dirty Cowboys is the third standalone novel in the Spenser Sisters Reverse Harem series. Each book can be read independently from the other. If you like hot reverse harem romances with powerful women and sexy men with plenty of steam and a guaranteed HEA, you'll love the Spenser Sisters!*

# From Reader Review Dirty Cowboys for online ebook

## Tammy says

Jacklyn wants more than sisterly affection from the Bucknell brothers. She has feelings for all three but will they make her choose and what will happen to her if the ranch is no more. Fast-paced read with lots of drama and steam. I was hooked from beginning to end. Great characters off the charts hot chemistry and an entertaining story.

---

## Tracy Fritts says

Dirty Cowboys is the third standalone novel in the Spenser Sisters Reverse Harem Series. Sawyer and Eli wanted to sell the ranch but Milo owns the deed and doesn't want to sell. Jacklyn is an employee and has worked at the ranch for a long time. Wonderful storyline between Milo and Jacklyn it was a good read and I truly enjoyed reading this story.

I voluntarily reviewed an Advanced Reader Copy of this book. The thoughts and opinions are of my own. Thank you K. C. Crowne for letting me read this story.

---

## Rhonda Hicks says

Jacklyn had bugged and harassed Mr. Bucknell from the time she was a teenager to let her work with the horses on the ranch. She'd finally wore him down until he hired part time. Now, years later at twenty-two, she lived full time on the ranch and worked at training the horses. It became her home. She lived and worked with Milo every day and had feelings for him, but Milo was Milo and being thirteen years older, would tell her she was the little sister he never had. Elias, aka Eli, was her teenage heart throb. Her and her girlfriends would watch him on TV and debate which of the characters each would marry when they grew up. Of course, Sawyer was closest to her age was HOT and they were closest in age but as they grew she didn't see the other two as much as she saw Milo.

Their mother had died years back causing their father to become bitter and drink. Each of the boys have different memories and experiences from their parents they held dear or despised depending on the circumstance now that both parents were gone. Milo, the oldest, had always loved sports but the ranch was what brought him peace. So when their father died he had inherited the ranch. Elias was more into theatre and had moved to L.A. and become an actor, landing a role in a TV series and becoming a teen heart throb. Sawyer had gone to college in TX and followed his dream into a foot ball career. Up to now, that was the highlight of each of their careers. Then things took a turn for all of them. Now there was a discord between the men that coming close to crossing over that fine line of betrayal and resentment between the Bucknell boys. Is there any coming back from all they've gone through?

This was an enjoyable story filled with intrigue and angst, family drama, greed, jealousy, acceptance, and ultimately love. The characters personalities are relatable in many ways and you can feel the tension between them when it rises. I enjoyed this book enough to go back and see about getting the previous two books to the series.

---

## **Merry Jelks-Emmanuel says**

The brothers find themselves back on the family ranch. For Sawyer, he sustained an injury hindering his football career to be over, Eli's movie career has hit a plateau and Milo never left. A fire to the property has done serious damage and the brothers are there united or are they. Jacklyn has been a part of the ranch since their father hired her on as a teenager. She always had a crush on Milo but now she is captivated by Sawyer and Eli as well. To top it off a huge money offer is on the table to sale the property and Eli wants Milo to go for it. There's a lot riding on Milo's decision not to mention his feelings for Jacklyn. How will this play out for the brothers? I voluntarily agreed to receive an ARC of this book for an honest review.

---

## **Vivian Chrisman says**

Family drama...

Family drama, sexual chemistry and a dash of suspense make this a wonderful read. Jacklyn is the third Spenser sister to try to find her HEA. When her guys are three brothers who can't agree on anything, is a HEA even possible? I won't tell but I will suggest that you read this book for yourself.

\*I received an Advance Reader's Copy of this book which I am voluntarily reviewing\*

## **Chasity Williams says**

### **Great read**

Milo, Eilas and Sawyer are brothers they have the Bucknell ranch. Jacklyn has worked on the ranch for years. Her relationship with each brother is different, she's closest to Milo cause he lives on the ranch like her but they share the same love for the land. Sawyer and Jacklyn are closest in age but he lives in Texas. Eilas is the one she's had the least interaction with cause he's a teen tv star and stays in Hollywood. When a fire destroys the ranch will the brothers band together and restore the place or will one of them try to take away the family land? Will the tragedy bring the guys closer to Jacklyn in ways they never thought? Will they get a HEA?

I voluntarily read and reviewed an advanced readers copy of this book

## **Danielle Grimes-Oliveira says**

**Amazing series.**

I love this whole series !! I want more of all the sisters. I always love seeing Mallory in the books she is such a bada\$\$\$. Definite must read .

---

### **Kim Wijnja says**

a wonderfully romantic story .. the chemistry of the characters is well described. the timeline is short and easy to follow and there is enough tension and drama to let you continue reading. from me 4 stars. I voluntarily give a review about this book and got an arc from kc crowne for that.

---

### **Jennifer says**

K.C. You Are Amazing.

I have been impatiently waiting for Jacklyn's book and you've floored me with this impressive release. While she continues to love Milo from afar (or so she thinks), it is Sawyer that calls her on it and what transpires between them opens her eyes to other feelings. When Eli returns to the home that has always caused him painful memories, he insists that Milo sell the ranch (after a fire destroyed most of it) that these 3 Brothers come to blows and Jacklyn's in the middle trying to keep the peace, as well as the ranch in their Family.

As this storyline unfolds, you can not help but to become more engrossed and just have to keep reading. I truly adored every word of this creative book. Jack's not just good with horses.... Oh no, this tiny (but mighty) woman manages to bring these men to their knees when she is abducted right out from under them. This is the wake-up call needed for these sexy Brothers to unite and get their woman back. Absolutely Riveting Romance.

I was beyond fortunate to have requested an advanced reader's copy of Dirty Cowboys in exchange for my honest/voluntarily given opinion and I highly recommend reading this book as well as the others in this series. K.C. Crowne is a gift to romance reader's everywhere and I promise you that you'll be a new fan by just reading anything written by her. Yep, she is just that good.

### **Elisa Castro says**

#### **two luckiest girls**

Dirty Cowboys is book three in the series Spencer Sisters by author K.C. Crowne. Intriguing storyline that pulls the heartstrings.

It's a bit gritty but in the end- well you'll just have to read it for yourself. All I say is worth it!!

Action, suspense and deliciousness!!

Enjoy!!

I voluntarily reviewed an Advance Reader Copy of this book.

## Barbara says

This is the third book in the Spencer Sister Series but each book is a standalone with an HEA. Jacklyn's sisters are both happily in relationships with multiple men. It works for them but has never crossed Jacklyn's mind as something for her. For the past several years, she has lived on a ranch and worked with the horses. The ranch recently burned down due to a fire caused by Jacklyn's boyfriend at the time. The fire is part of the previous book in the series but you don't have to read that one to understand what's going on.

As a teenager, Jacklyn was hired by Milo's dad who has since passed away. Milo's brothers, Eli and Sawyer, have both moved away but frequently visit. Jacklyn has been in love with Milo for a long time. Eli and Sawyer both need money and are pressuring Milo, who is sole owner of the ranch, to sell it. Tempers flare and things heat up. With emotions high, things happen that can't be undone and lead to more intensity in the relationship between Jacklyn and the brothers.

This story is about her relationship with the brothers, the brothers' relationships with each other, and what happens with the ranch. I enjoying seeing things progress.

I voluntarily reviewed an advance reader copy of this book.

## Cristina says

(Review with spoilers)

Nice romance. I loved it.

The ranch, which seemed to separate the brothers definitively, ends up uniting them. They have many memories there. Happy memories.

I loved Jacklyn. She loves her work, she loves the animals, She loves being part Of their family. She understands the three brothers very well, even Elias, whom she barely knows. She wants to help them overcome their differences. She has been in love with Milo for years, and she believes that he will never want to be with her, that he only sees her as a child. She surprises herself by being with Sawyer and Elias, but she doesn't regret what she has done. She didn't think they could have a happy ending.

Milo's life is on the ranch. He is happy there. It has always been his dream. And there's another dream that grows inside him, to be with Jacklyn. But he can't have her. He's damaged, and he thinks she deserves someone better than him. He would do anything for her. It hurts him to face his brothers. He would love to get along with them.

Elias is struggling to get his dream. He hates the ranch, everything it stands for. He hates that his brothers defend his father knowing what he did to him. He didn't love him, he made it clear. He feels comfortable with Jacklyn, it's easier to talk to her than to his siblings. He finds more than he wanted.

Sawyer almost fulfilled his dream, but he lost everything before he got it. He's lost, he doesn't know what to

do with his life now. He feels more comfortable talking about it with Elias than with Milo. And with Jacklyn. He loves Jack (that's how he calls her), she's his best friend. He wants to take care of her, not hurt her. He can't give her everything she wants. If he could, he would choose her. He has found another dream.

I loved that every brother had his own voice.

I loved them together.

I loved that they let her decide what she wants.

I recommend it.

---

## **Deborah says**

This sexy menage will keep you turning the pages as fast as you can. With a little suspense and three hot cowboys, what more could you ask for. Maybe a fiery, sexy cowgirl? I recommend this book.

---

## **Kelly DeMarco says**

### **Slow and steady sexy tension**

Dirty Cowboys by K. C. Crowne is a well written book that takes an interesting and engaging meandering path. Suspenseful and emotional, this book is a journey of twists and turns to reach the eventual conclusion. I enjoyed getting to know each character in this book, it's insightful and was enjoyable to read. The conclusion was awesome, super hot and exciting.

Overall, well written with wonderful characters that made the plot that more enthralling as I was absolutely invested in these characters and their HEA. I'll be sure to check out the other Spencer Sisters's stories as well.
