Fraser L.L. Muir

Be sure to read THE GATHERING first to avoid confusion.

True love is salve for the soul...unless those souls were never meant to be together.

The ghost of Alexander Fraser agrees to play the witch's game and leave off haunting for two reasons. First, being a Fraser on Culloden Moor is more pressure these days thanks to a certain fictional character who sends lasses swooning and swarming all over the battleground. But more importantly, he must prove to the spirit of young Rabby there is nothing to fear by moving on.

Chelsea is a runaway bride. It's humiliating, really. She has allowed herself to be run off by a heartless best man, and she doesn't know how she can forgive herself, let alone ask for her groom's forgiveness. So, like a coward, she hides. Unfortunately for her, she gets stuck in a Scottish hunting lodge with a guy who can make her perfect bridegroom seem lacking. Or is he just a phantom of her psyche? Either way, she needs to keep her distance or no man in her life...will ever be man enough.

RABBY's short story comes next.

Denice Darland says

Fun series and a good ghostie tale with a twist!

Magic with a force field that only binds the ghost ... again, except it isn't Culloden Moore that bind' Fraser, but Chelsea!

Stephanie L says

This is the sixth book in the series. You will want to read the first short story, The Gathering, before you start the rest of the series. After that, each one can be read as a standalone .

Alexander Fraser wants for young Rabby to leave the Moors for something better. To relieve Rabby of his fear of the unknown Fraser volunteers to be the next ghost to take Soni up on her offer. Fraser must find his heroic act and prove there is nothing to fear.

This is a short sweet story and a great addition to the series. I can't wait to read young Rabby's story next.

cindy hackney says

What a great story

This series is so heart felt. I just love them. Alexander Frasier was wonderful. I love how my favorite character of all the one and only Jamie Frazier of Outlander was in the story.

Linda says

Ghost love

These stories just keep getting better. A most read and yes they are a little sort but complete. On to the next one. Please ma Muir keep writing..

Brenda L Brooks says

Fraser

Very good reading but also predictable! Bride is hurt, runs away and straight to Fraser. They fight it but still fall in love. Read what happens next!

Cheryl says

excellent short story! love this series, it really is great reading about each man and his trials.

Carol says

I really like how each book is really different from the next yet still mixes with the rest of the books for example this ghost in question Fraser has no interest in revenge, this is the first time a ghost has been made flesh in the series for the soul purpose of getting a boon for a fellow ghost and it takes things in a different direction so good loved it.

Tammie O says

What a wonderful series

I waited on writing a review for the Culloden Moor books till I finished the last one available for now .They are all short stories about the Ghost of Culloden Moor .They are known as Culloden's 79 each ghost has a chance to do a heroic deed that will win them a boon and allow them to move on to whatever afterlife they will go to .So far each ghost has their own unique story and that's the best part each story has been different and entertaining. I can't wait for the next book I'm looking forward to see what will happen for the next ghost .

Angelosdaughter says

I enjoyed Fraser, with the offhand references to that 'other Fraser' and have since read several in this series, some better than others, Dougal being my least favorite so far.

Unfortunately these novels, no matter who is writing them, are formulaic. Of the ones I've read, except for Rabby, the ghost meets an American woman and is transported to do his deed of valor in America. What would be wrong with the ghost staying in Scotland away from the battlefield in some other time besides modern to redress a wrong or solve a problem for a Scottish lass or family?

Kathy says

Mmmm

I liked the runaway bride theme, but wish that Chelsea had more of a reason to leave Austin for Alexander. I did like the addition of the Muir sisters. They are favorites of mine.

Kathi Reed says

Love the Outlander references! Live the tie in with the Muir Witches! Wonderful, heart warming story!

bill isaacks says**Fun imaginative reading l**

Fun imaginative reading i look forward to reading the next book each time great story character and plot development have fun

EvilAntie Jan says**I love Fraser**

What a kind hearted man this gentle giant of a Scotsman named Fraser. His story is shorter but very heartfelt.

Pamela Heckel says**A runaway bride**

History repeats itself for Fraser with a twist. The bride runs his way. The groom's best friend acts betrayed and jealous.

Carol Everson says**Boons are real**

Alexander has always been there for young Robbie he'll be there to ease his transition as he himself has earned his peace not knowing all that he has given up for others is now his. True love. This has been a great storyline looking forward to the next in line. Robbie
