## From Reader Review Honor and Obey for online ebook

### Joymzz says

WHAT JUST HAPPEN.....HOLLY CRAP, SOMEONE PLZ TELL ME THE BOOK I JUST READ WAS A ONLY THE FIRST DRAFT OF THE STORY!!... really, WTH !

\*BREATH IN, BREATH OUT\*

Ok let me see if i get understood this fucking story right... they started perfectly, then she gets man because he lie to her (she goes all, "i don't love u") oh him, he freaks out and then, then they have an accident. >> she is fine but he has memory lost and apparently he has forgotten her (UNGRATEFUL/OVER-DRAMATIC ASS). so she keeps thinking he cheated on her and blah blah blah.

THE POINT IS PEOPLE.....> THEY GET MARRY AT THE END! LIKE WHATSSSS! REALLY HE CANT'T EVEN REMEMBER HER! ALL HE KNOWS IS THAT HE LOVES HER (sweet but still..). what i don't get is what happen to all her worries about his family and his job, what happen with (I NEVER FOUND OUT WHY HE KNEW MY AUNT... AND STUFF).

I have so many questions in my head, and i am HOPING this book was just the first chapters of the whole book that's coming out sometime soon!!! i honestly really love this series but this book was a big NO NO for me. :( it just didn't make any sense and.. am speechless. sigh\*\*\*\*

PS. the only thing that can make this book better is if in the next book (the teachers point of view) he discover he never really forgot her and that he was faking it to make her stay with him. and that he had something to do with her aunt death, but that he is still an awesome sexy character and stuff \*SOBS SOBS\* i really hope the next book makes up for this one!

---

### Em - Book boys are better! says

I was fairly disappointed in Honor and Obey if I'm honest. I feel that reading Honor Thy Teacher has ruined some aspects of the story.

We find out in William's PoV he knows Emma's Aunt then he has to meet her in Honor and Obey and suddenly she is dead.

Emma is about to find stuff out about his past and her Aunt when they are in a RTA and suddenly, after looking at Emma, he's lost his memory, having had an insight into Williams mind I personally think he has made up the memory loss...á la The Opportunist! (this is my own conclusion and i will definitely be reading Honor and Betray to see if i'm right)

The ending of the book seemed very rushed, one minute she was fighting being with him, the next they were being married by Stephen, who until the last page or so had no mentions!

Still cannot wait for Williams PoV, I think his mind is more interesting, with all his dark secrets and

hopefully their will be a fifth and sixth book so we can see if they pull through everything!

---

## Teri says

### SPOILER ALERT

1. Book one was written from her POV and book two from his. This was book three and written only in her POV which was a horrible decision!!!!!! In book two, we learned how messed up he was, a murderer, manipulator, cheater, druggie, alcoholic, etc. Then in book three since it was written only from her POV, it was like we only got half a story. We needed to know his crazy thoughts and just not hers! Especially knowing how crazy his thoughts can be!
2. Knowing how he was, we just have to assume he killed her Aunt. That was not confirmed but based on book two you could only assume.
3. His amnesia??? Seriously, he had to be faking that!! Especially since we learned how he manipulates from book two!! And he was so scared to lose her. Also, how did he remember her name but not anything else about her??? And why was it never mentioned around the doctor that he had memory loss????
4. And she married him??? That made no sense!!!!

Book three leaves us with tons of unknowns! What about all his lies, murders, etc?? And Allison? The author can't honestly think we would believe all is good and they are married with a happily ever after??? He had to have just tricked her into marriage!! Nothing makes sense!!!! So frustrated!!

Book four better not be a repeat of book three from his POV!! I am getting tired of these his/her POV books!! Just give us a complete story in each book!!

## Nina ~ Social Butterfly PR says

**"William was different. His world revolved around mine. I still couldn't understand his affection for me. No one had ever looked at me the way he does. Never touched me the way he does. He was intense and overwhelming, but he was mine and I was his. I loved that feeling of belonging to someone."**

I was kindly given the ARC for Honor & Obey from Teresa Mummert for an honest review. I had previously read the first 2 books in the Honor series and really liked them. I enjoyed the concept of having 2 books: one from Emma's POV and one from William's POV. As said in my previous reviews, I loved having all the cracks filled in when I read book William's POV.

As for Honor and Obey, I felt the writing was a little simple and lacked a bit of emotion. Maybe that is the way Emma is and so TM was conveying that in her writing style...I got that Emma loved William because she kept saying it, but I just never felt like CONVINCED of it.

Emma did a few things that got on my nerves in this book and her reactions were kind of out in left field for me. As for William, he was his super secret sexy self once again. Everytime, he left or made a phone call or

basically thought about something I was like..ohhh...can't wait to find out what that is about!

Even though I found the writing and misspellings a little frustrating, I have to admit that I really like the story and plot. I am very drawn to William and his evil ways and how sweet and naive Emma will handle what gets thrown at her.

Looking forward to Honor and Betray....

---

### **Kukko says**

In Book 2 William appears to be spiraling out of control and I thought this would be a great set up for an amazing story in the third book....but less than halfway into this book he gets the ultimate redemption with no accountability for his previous actions. The ending is abrupt and makes you wonder about Emma's sanity.....but then again nothing makes sense in this book... neither the beginning nor the middle nor the end....

---

### **Fathima says**

[ With William proposing Emma and a

---

### **Vika aka ? of GIF & Grumpy Smut-ateer \*P/T Freebie Fairy says**

And we are back to one side of story... Emma's. By 50% I REALLY wanted things from William's POV. William is very secretive and without his POV the story seems lacking.

The story has a shocking melodramatic event that makes me question just what game William is playing or is that for real? Hmm... Can't... Wait... for the 4th book.

Oh and every time he cooked her breakfast I just kept picturing this...

---

### **(?) Hache says**

I'm pretty sure he killed her aunt. Why couldn't the author just make one book! feels like Williams POV is the only one that matters. And seriously! sex right after she finds out her aunt is dead! are you kidding me! way too many 'I love you's to each other, **WE GET IT!**

I bet he never really lost his memory, just a ploy to get her to marry him. thankfully I skimmed most of it.

### **Elle's Book Blog says**

#### **A Racy & Enjoyable Series ... \*\* 4.2 Stars \*\***

I remember picking up the first two books in this series Honor Student & Honor thy Teacher immediately after I read the FSOG trilogy. Now I cannot remember why I didn't pick up the last two! Ohh la la, William Honor is one sexy teacher if you ask me ;). This book jumps right back in where it left off in book two with Emma and William as they try to make sense of their sensual and racy relationship (between teacher and student no less). Drama ensues and readers will sit back and wonder if these two can make their relationship work.

With a bit of BDSM and LOTs of sex, readers will enjoy this one. I am about to dive into the final book of the series to see how it ends. This is a very enjoyable series and for those who enjoy BDSM, erotica, Student/Teacher relationships, and Fifty Shades of Grey and the Red Room of Pain, will enjoy this one.

#### **Overall rating: 4.2 Stars**

**Would I recommend: Yes, read the whole series in order! These books include:**

**Bk #1: Honor Student**

**Bk #2: Honor thy Teacher**

**Bk #3: Honor and Obey**

**Bk #4: Honor and Betray**

**Would I read again: Yes! Each book is fairly short (between 150-200 pgs) so reading the whole series over again all at once I would do! ;)**

*Happy Reading*

---

### **Jennifer Foor says**

3.5

I liked this book. It was a bit short for me. At times I felt like all they did was have sex....not that I am complaining. It was hot.

I enjoy reading William's POV more because he is so sneaky. I don't want to give away any spoilers but I think someone is lying again..... :)

Can't wait to read more!

---

### **Lyn816 (The funk has left the building!) says**

I need to start off by saying, what the FREAK did my Arse just Effin read?!!

Wooooow, this was by far the longest I have EVER taken to read a book, and it was only like 256 pages long! That was because I had to put it down after only a couple of chapters for about a month, then had to force myself to finish it, just because I refused to quit, and because I like the POV of William in the first series. For me this is pretty much how the book went...a bunch of useless boring thoughts narrated inside of Emma's mind, sex with William, sleep, wake up have coffee, cry over anything that moved, get bossed around by William, violated by Williams fingers stuck up her Va jay jay constantly, sex again, more of Emma's narrated boring thoughts, sprinkled with more tears blurring her eyes, sex again to the point that I was ready to scratch my eyeballs out and scream bloody MURDER (wait a minute that's Williams job), more coffee in the morning, followed by more sex, and more crying. I'm surprised this broad didn't shrivel up like a dried up prune from crying so day-um much!

This book was so senseless to me and so very one sided, with minimal dialogue between the two characters that it should have been just one book, but I'm guessing that this way there would be more to write for the authors next book, with Williams POV. I realize by reading this type of trilogy or whatever this series of books is considered, is not my cup of tea. I would much rather have the author make the books complete with thoughts, action, plot and dialogue, rather than having me read the same story twice with each book being told by 2 POV's. Having said all of that, I'm hoping Will's POV will be much more interesting like it was with the second book (Honor Thy Teacher). He's a controlling, manipulative, lying, premeditated lil So and So, which is NOT my ideal book hero for sure! This author has got me wanting to read the next book, ONLY because of that son of a (watch cho mouth) William's crazy ass POV. I'm wondering if he really did the things I believe he was capable of doing.

---

**SueBee★bring me an alpha!★ says**

**★★★★★! I highly recommend this series. I couldn't put it down.**

Wonderful! I looked at this series for weeks not realizing that it would be one of the most enjoyable and sexiest books/series I have ever read. Hero, William Honor (29 years/dark brown hair/blue eyes) is better than Christian Grey (!) in class with Gideon Cross, albeit darker. He will stay with you for awhile, especially book 2 written from his POV. I wish Ms. Mummert would let us know how many books total... will a Book 5/6 end series? Please read series in order. Also, I love the cover art and if I'm not mistaken it was made by the author herself – good job!

\*\*\*

Hero rating: 5 stars

Heroine rating: 4.5 stars

Story line rating: 5 stars

**Lisha says**

SPOILER ALERT! Oh my goodness. I can't believe I read this book in 2 hours. I guess it really shows how

great of a story it was. I was in mixed emotions on certain scenarios. I honestly think william killed judy. He's killed other people in his life. so why not her? Then at the funeral when he was talking to allison. uhhhhh!!! reminded me of christian grey talking to the bitch troll! omg and the accident! but i think he was faking losing some of his memory. He only did that to try and win emma back which he did since they got married. I was mad at emma for even giving the satisfaction of all the things he was saying!!! darn him and her!!!! at the same time, it was so cute and beautiful at the end when they got married. This was a wonderful read and i can't wait for the fourth book to come out. Still seen some errors in the editing but it still kept my attention.

### ♣ Becka & Cerys ♣ | Spitfire Reviews says

After reading the first two books, I was SO excited to read number 3 tonight (it took me all of an hour and a half) but I start reading it, upto the car crash the book is fantastic, then he loses his memory and Im like "ARE YOU FOR REAL?!" She then goes on to marry this new version of him shes known for what, 4 days? 90% of which time shes spent off her face drunk and crying maniacally. Sorry but I thought it was a total cop out to have the book ending like that where he turns into her submissive, she pushes him from alpha male to a boy with all the self restraint of a randy teenager.

The 3\* I gave this book were for the first half, the author is talented and I love her other books, I just think this one ended REALLY poorly.

---

### Christy says

A lot happened in this book in a short time... All I have to say is I NEED for the forth book comes out- I have too many unanswered questions and I need to hear what happens from William's pov.
