Knights Rising

Bella Jewel

Knights Rising Bella Jewel

Somethings are best left alone.

I know this. I should stand by it.

That would be the safest option for me.

But, well, I just can't do that.

Because the thing I should leave alone...is everything.

It is the reason I breathe.

It is the reason I keep putting one foot in front of the other.

I need help. I know it, but nobody wants to step up and give that to me.

The case is too hard.

There is nothing they can do.

And then I meet them. Bikers. The Knight Brothers.

They can give me the help I need. They have the resources.

But there is one problem that lies amongst all of this.

Lincoln Knight.

I can't stand him.

I loathe him.

I despise him.

And yet, he's determined to help me.

He won't take no for an answer.

And if I'm being honest...I need him.

But working with him, spending time with him, it's the last thing I want to do.

But...I have no choice.

And I know it.

This most definitely won't end well.

Mayas says

I called it. I called it. I called it. The problem was their story is far from finished. So many missing pieces and things that need to happen and be said. Don't get me wrong Shaina and Lincoln were HOT and needed the clash to move forward but their separate vices was half baked. I truly hope more is to come because this had a five star potential.

Tee loves Kyle Jacobson says

This book really had me on the edge of my bed reading it because there was so much going on and at first I couldn't figure things out then as I got further into the story things started to fall into place for me. There was so much push and pull between Lincoln and Shania and lord these two can fight. They can get right down and dirty with each other. Shania was not taking Lincoln's shizz and she let him know that right off the bat.

Shania needs the help of the Knight Brother's but she doesn't want to seek it out at first. Then she does and Lincoln wants to help her out but she doesn't want him to help her out but she has no choice because Lincoln is one cocky mother effer and he is determined to help Shania out and he does.

As these two go at it I loved the banter between the two of them because Shania knows she needs help and Lincoln is so damn cocky an alpha male who will not take no for an answer. The roller coaster ride they gave me was exciting because I never knew what i was going to get from them and when they gave lord they gave but when they were together they were burning hot and steamy.

I need more from these two so I hope we get that in the next book because I can't wait for book two in the series.

~~~~~Julie's ???? Review~~~~~

Lincoln and Shania take us on a journey that is full of romance, hate and heartbreak. I love Shania and everything she stood for. Her situation broke my heart but Lincoln found a way to turn a help situation into a happy ending. The way these two are you each other will blow your mind. Awesome writing.

~~~~~Tracy's ???? Review~~~~~

Lincoln has some demons that he is battling from his past and failing his brother. Then he meets Shania and has one night of unbelievable passion. Now she needs help and he is bound and determined to help her whether she wants it or not. The question is what is she really hiding and how will they fight their connection? This story broke my heart as I learned more of Shania past and when I found out what her

secrets were wow, what a jaw dropper. Great characters that you will love learning more about. I became so engrossed in this story and I can't wait for Finn's you know there will be fireworks!!!

shms says

There are potentially a lot of no go zones that this book barges over but my biggest peeve is it read like two romances playing out, Then and Now. The h & H and h and her ex and we get all the sexual scenes too. In the Now, they get together as a hookup and so if he pretty much just walks away after that, well that's a definition of a hookup. He is a dirty ho though and it really makes me think the h didn't have much going for her if she knows he is a douche and still can't resist him. I didn't like either character, and their romance was no romance, no connection, no depth or intensity. It's only near the end, when there is the 'big' reveal, that there is any emotional depth. And that wasn't because of the romance. It's easy to figure out the 'secret' by then but it still pulled me in. Its at this stage the rating went up slightly from 1*. But on reflection, given how I felt for most of the book, 1*.

Sissy's Romance Book Review says

3.7 Stars

Knights Rising is book One in the Rumblin' Knights Series. This is the story of Lincoln and Shania. Lincoln is a hard man that is used to women falling at his feet. Shania doesn't take his crap and she tries to be strong but as with everyone it can't be done all the time. Although sparks fly between the two they border on the love/hate relationship which is slowly turning toward a strong love. I enjoyed their story and hope to read more books in their series.

#CLIFFHANGER

1 ?- Ugh! Didn't like it or triggers or pet peeve!

I did not like the heroes. He's an asshole and she's a dumb shit.

They fuck and after he treats her like a whore. Give her the wrong number and leave in the middle of the night without saying goodbye. Ignore her, too.

After that he fucks other women.

She sees everything, hates him and still wants this asshole. The body controls the mind and horniness commands everything.

And ends in cliffhanger, which I abhor. Rest my case.

Robyn Corcoran says

It's always exciting when a new book by this author is released and this was no exception. The characters,

old and new, are fabulous and the storyline was solid and definitely not over the top.

Lincoln Knight, the eldest Knight brother, runs his own garage as well as an underground fight club. He is instantly attracted to Shania when he meets her at her cafe but isn't prepared for anything more than one night. She on the other hand admits to the attractiveness of Lincoln but also to his antagonist, annoying mannerisms and so begins a situation where barbs are thrown rather than kisses and hugs.

The story is told in two different time stages, necessary to explain the background to Shania and her problem. But it also helps to build a clearer character profile of Shania. She has an inner strength that helps her to stand up for herself but might get her into a bit of trouble too or that could be the touch of sass she owns as well. The underlying issue Shania has is slowly revealed as the past is and we find why it is she is so desperate to find Nicolai.

Lincoln is an opinionated, straight shooter who is also a hard working man dedicated to friends and his brothers. His past has shaped him too and this has caused him a lot of unrest. One thing we witness quite a bit is that he is not afraid to stand up for what he believes in and isn't quick to judge others for their pasts.

I enjoyed this story because it wasn't your usual enemies to lovers, there is a slightly different element to it and of course getting to meet up with old characters and meet new ones is fun too.

Rosa Sharon (iScream Books Blog) says

"I wish my brain would recognize that wanting someone who is bad is not healthy. Honestly, it's like it feeds on the bad boys. Like they're what keep it powering."

I've been excited to jump into the ***Rumbin' Knights*** series after meeting the Knight brothers in the ***Iron Fury MC*** series. Lincoln is the oldest, but they are all broken to some degree.

The author really tortured me in the telling of this story. She doled out bits at a time using alternating past/present and multiple POV. The flashbacks/memories were how I learned about what caused ***her*** to seek out the Knight brothers and the bikers. She asked for their help, without giving them many details. Nor did she give them to me. Nope, we all had to wait as the story unfolded painfully slow, and my imagination went crazy with the possibilities.

What was obvious from the beginning was that Lincoln is a gorgeous alpha asshole who had women falling all over themselves to be treated like shit for the privilege of riding or sucking his cock. He is rude and arrogant and totally unapologetic. And yes, I still liked him.

She was exactly what he needed. Someone with some sass who would tell him to ***"eat a dick"*** when he needed to hear it. She didn't fall all over herself to please him, she let her claws come out and went toe to toe with him. It was ***HOT*** and I had so much fun waiting for the explosion every time they were together.

Unfortunately, she is as broken as he is. As they delve deeper and deeper into her past the pain overflows and bleeds into her recently rebuilt life. Will she be strong enough to fight for her dreams? She tries to keep her secrets and her shame hidden, but that never work does it?

I can't wait to spend more time with these brothers. One of them, Slater, is a patched member of the motorcycle club so that means I get the best of both worlds in this series. The line forms here...

Stace says

I finished this because it was a Bella Jewel book (and I've liked a lot of her stuff)....but wow.....i didn't like any of the characters and actually hated a few.....looks like this may be a series I can safely skip. The story was disjointed with all the back and forth between the present and the past and the varying narrators. Lincoln is a LOT more a\$\$hole than Alpha. Shania bordered on TSTL. More than once I just wanted to slap her and that feeling never fully went away. FYI there's also a lot of characters from a previous series that if you haven't read yet you'll be totally lost. This may be book 1 but it's an offshoot of another series (which I hadn't read completely) so good luck figuring out who they are and why they're supposed to be important.

Brittany Gutierrez says

I absolutely love this author and have read all of her books, but what is happening to her most recent ones? I feel they all end to abruptly and there is just so much left unsaid. I don't know maybe it's just me. This is a miss for me.

Saira Moodley (BookedMercy) says

Arc provided in exchange for an honest review

3.5 stars

Shania has been searching for someone so she asks the local MC, Knights Rising for help. Lincoln, the man she had a one night stand with a month ago and whom she now can't stand, wants to help her. They can't stand each other and there's a lot of sexual tension which makes them bicker. A lot. Lincoln is so intrigued with her, he wants to know the real reason why she's looking for this person.

After their ONS in the beginning of the book he gave her a fake phone number?.. obviously she didn't leave an impression on him nor did he plan on going back to her. Personally, I don't like that.

Every book in this series is based on a different character and that's a problem for me as this was an open ending... like they didn't even say *I love you* in this book?. It just ended. (Although we can see that Lincoln cares for her and he's protective of her). They will probably be featured in other books but as secondary characters. I need more, because for all I know, they not even compatible nor will they even last as a couple. To make matters worse (view spoiler)

Besides these few things I don't like, I found the story line interesting and different which kept me reading. And the author's writing was very good.

The next book will be about Finn, Lincoln's brother. (view spoiler)

Cali Gals says

Ugh I love this author and have read many of her other books which makes it hard to write this review. This book is written well and I usually love MC but this one was a no go for me. My dislike for this story is completely about subject matter. I had an inkling where this story was going and I was not wrong. What happens is one of my BIGGEST fears. Because of that it was not entertaining or intriguing. I also felt it was unrealistic and the characters weren't redeeming to me.

Beyond The Covers Blog says

Bella's leading ladies Shania's headstrong, and I absolutely love her she's capable of handling her own business but asking for help when she needs it and the last thing she wants is Lincoln's help.

Lincoln is a man-whore let just put it out there but I still loved him and his character although there were sometimes that I just wanted to slap him across the face.

This book was so good and I can't wait for the next one.

Johnaka says

Knights Rising by Bella Jewel
“Enemies to lovers, 3 stars”

Shania and Lincoln are like oil and water. When they first met the chemistry was off the charts. Then the hate happened, but what happens when there is hate and chemistry? You have explosive moments. You know what they say, there is a fine line between love and hate. What side of the line will they fall on? I liked the idea of Knights Rising. I love Bella Jewel, but this story just fell short for me. Obviously, there is more to the story than what I mentioned up above, but I don't want to give anything away. With that said there were two things in the story that had me scratching my head wondering what happened. I wasn't satisfied with what she gave me. It could just be me, but I couldn't get into Knights Rising. With that said I will try again with the next book in the series.

I have no idea why I finished this book. It was abysmal. 2 stars because I finished it, but really it was a 1 star read for me.
