Useful tips.

---

### **Stephen Fox says**

Full of tips, some nice advice. Following only some of it would make your life more streamlined.

---

### **Wale Legunsen says**

Good Book  
I'd read it again ...

---

### **Phoebe says**

As with most books on organization, there's a lot of common sense and good reminders here. The tone isn't too preachy and the advice is pretty straightforward about applying what makes sense to you to increase your chances of success. I fall into the category of readers who already does (or has attempted to do) much of the advice given, either through self-discovery or similar books I've read over the years, but I still found this book to be a good one. If it was on sale, I'd probably buy copy to reference from time to time.

Format: Overdrive EPUB, San Francisco Library
