### **Amanda says**

The illustrations in this book are GORGEOUS! I got this book as a Christmas present MANY years ago, and it is what fueled my passion for fairies! It is very hard to find now, but if you ever come across it, snatch it up! This is my MOST TREASURED POSSESSION; the book I would save if there was ever a fire in my house! Especially since my parents wrote inside the front, "Merry Christmas, to our own fairy princess." Awww....

### **Stephanie Swint says**

This is one of my favorite books. I received it as a child and to this day the illustrations are imprinted in my mind of what magic and faerie are. It is a beautiful story and the illustrations are truly amazing. Ida Rentoul Outhwaite is a master, and even if you do not know her by name or read her books, I guarantee you have seen her work on a card. I recommend this book for every child and I was sad to see this book is out of print and extremely rare. That being said if you can obtain a copy of this book it has the ability to awaken magic in any child or adult.

The story is about Anne who gets thrown from her horse and she is lead by her tame rabbit Potty, who is also faerie, through the enchanted forest.
