Sam Wescott says

[they free Laric and co. from their spell, kill Dynasian, turn Mardock into a bug, get Illyria and Laric engaged, and then send Sh

Sarah says

Unicorns, wizards and fightinh. That was basically the book.

Katrina Sutton says

It so hard to get a hold of this series...it must be that good. I finally found a copy last year of the third book and just dying to know what is going to happen in the next three.

Jennifer says

The Secrets of the Unicorn Queen were my favorites as I was growing up. Sheila is such fun girl to follow her adventures in the Kingdom of Arren. She is a normal teenage girl who happens to fall through a transporter in a parallel world. This third book in the series is a great read.

Angie says

Synopsis: *"When Mardock, the evil wizard, put a spell on handsome Prince Laric and his courageous warriors, he also invented a magical antidote that could only work during a lunar eclipse. Now, at last, that time is at hand in the enchanted kingdom of Arren. But someone must sneak into the wizard's underground laboratory and seize the magic formula ... that someone is Sheila."*

My Review: I thought this third book was the most interesting so far, while it involved the unicorns still it branched out a little bit into Laric and his Eagle Warriors. I liked to see a little more of their involvement because they were just there to rescue the Unicorn Warriors when they got in a tight spot in previous books and didn't feel like they were treated as full characters. I also loved how Dr. Reit became a significant character as well. While this book would have made a great conclusion to a trilogy, the series continues on.

Justine Hedman says

My favorite series from my childhood. I probably re-read it every 2-3 years.

Sarah Wilson says

AWESOME

Rileyrugrat says

I started reading "Secret of the Unicorn Queen" when I was around 12-years-old. These are the books that made me fall in love with scifi/Fantasy. Take a normal girl (Shelia), and drop her into a parallel universie with unicorns, a cute boy and an evil tyrant who must be defeated and you've got the makings of a great story. Plus Shelia, has her back-pack full of your basic normal school stuff but that "normal sutff" equates to life-saving magic in the Unicorn Queen's realm.

These books are safe for girls of all ages and that's one of the reasons I love them so much.

Claire says

I loved this series when I was young! Read them over and over and over.

Kristine says

One of my favorite childhood series. I think I read this series all the way through at least five times.
