#### **Quick and fun**

Who doesn't love a cute demon slayer, a sexy griffin, a talking dog with his very own pet dragon and last but not least, the Red Skull biker chicks.... This series is super cute.

### **Jeanette montgomery says**

A quick and easy read with a great story and characters.

First time reading this author can't wait to read the series.

#### **Not my cup of tea**

This book was a little out there for me. Dragons, dogs that talk, biker witches, Deamons, and dark lords. That's a lot

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

A fast-reading novella for the Demon Slayer series.

After months of honeymoon - and no new demons - in Greece, Lizzie knows an entire holiday without problems is less than likely to happen. She has plans to celebrate with her grandmother's biker crew with hopes that things will go well. But, as usual, a demon decides to intrude!

Sarcastic comment, hot sex, holiday hijinks, and demon slaying ahead!

I LOVE Lizzie's attitude and ability to turn any situation for the positive!

A cute 1 hour (or less) read

Only wish it had been longer

#### **Angie Fox...Demon Slayer series.**

Angie Fox is certainly an entertaining writer. I have read everything she has written, and with each heroine, I found myself completely entertained!

### **Mander Pander says**

For the sake of honesty, I will say that I purchased this because it seemed a little smutty, it was on sale at Amazon.com for .99, and it was short. I am at "crunch time" status in my reading goals for 2013, so I am ripping through the easy stuff these last few weeks of December.

That said, it was very clear I was landing in the middle of an in-progress storyline that I did not have familiarity with, the smut level was what you'd expect from an 80's Harlequin paperback\*, and overall the it was really just a little less than ok.

\*I just want to add a side note-- Harlequin ain't what it used to be, folks. There's some spicy stuff coming out of the Harlequin Blaze house. Don't sleep on them.

#### **A good one**

Now this was actually a great short story. One, I like the idea of a matching set of good male "witches", and two, a glimpse into their past and meeting Frieda's son. The gangs all there and no one dies.

### **Diana Boyce says**

#### **Sassy, Flashy, and a Little bit Trashy (Fun)**

My only problem with this one: way too short! It's a great teaser for the rest of the series. I especially like the biker granny!

Fun Read!

Cute and funny short story showcasing the characters in Angie Fox's popular Demon Slayer books. If you're new to the series, you won't be lost; this short stands pretty well on its own. She spins her part of the Christmas song on its ear, though the story itself has less to do with the holiday and more to do with having fun.

---

### **Debi Domby says**

#### **Cute & a little action**

Just a minor upheaval for a novella with the gang. Enjoy it as I did ... Just a nice little snack...this one goes after the wedding

---

### **Carrie says**

This short but sweet read follows the biker witch gang on a Christmas themed package of chaos. What starts a simple Christmas party ends up with everyone on their motorcycles, racing to save the son of a fellow biker witch. It wouldn't be a normal night if there wasn't a dragon, a small dog, a smoking hot shifter, and a big bad demon. Throw in the holiday season and everything is super-sized.

Lizzie is once again forced to trust her demon slayer instincts to save the day. Sure, it might get a little messy, but that's part of her charm. She's the type of "superhero" that you can identify with. Who hasn't wanted to save the day while gearing up to host a holiday party?

### **Starla says**

This was a cute and funny Lizzie and the biker witches short adventure.
