## Trail of the Gods Brian S. Pratt

The Fire , a powerful artifact of the god Dmon-Li has fallen into James hands. A spirit of a former Priest of Morcyth told him that he must hide it, that should the followers of Dmon-Li find it, the results would be devastating for this world.

James begins experimenting with magic in order to use it to aid in the hiding of the Fire. Unlocking the secrets behind the crystal he found in the swamp, he learns to harness magical energy to aid him in this endeavor.

The quest for answers eventually draws James and Jiron to the enemy occupied town of Saragon, where they ve been told the last High Priest of Morcyth had been born. Hoping to discover a clue as to where the last of the Priesthood of Morcyth went after abandoning the High Temple in the City of Light. They make their way through enemy occupied Madoc to Saragon where they begin scouring the city under the very nose of the Empire!

## **From Reader Review Trail of the Gods for online ebook**

### **Brianna says**

This book is so boring that I could not complete it. It seems as if as this saga goes on, the books get more and more boring.

---

### **Sebastien says**

Enfin accroché à la série, voyant enfin une lueur d'originalité et de qualité dans l'écriture de l'histoire, je me suis immédiatement empressé de lire la suite. Je dois dire qu'encre une fois, je fus impressionner par l'histoire qui avait si mal commencé.

Les idées de l'auteurs étaient plus fraîches et on commence maintenant à vraiment prendre pour les personnages principaux. Non seulement ça, mais en plus l'auteur nous ajoute de nouveaux personnages qui m'ont vraiment donner du plaisir à lire et qui m'ont fait sourire.

J'ai tellement aimé les idées inscrite dans ce roman que j'ai même fait une aventure hommage dans une de mes partie de Warhammer. Pour dire que l'idée était bonne, mes joueurs ont non seulement adoré l'histoire mais en plus ils n'ont pas hésiter à me demander la source de mon inspiration.

J'ai donc rendu à César ce qui appartenait à César et présenter le livre à mes amis.

Ce roman va plus dans le terrain connu des bonnes histoires fantastiques et nous fait avancer dans cette histoire qui devient de plus en plus intéressante.

#### **Can't recommend this series enough**

Fun, consistent, and fast paced, this series is ideal for a short vacation. The characters are relatable, and they evolve well with the story. The main plot, and subplots are consistent though the whole series, yet they are well balanced between books to give you a good sense that things have a closure, and are going somewhere the whole time. Give it a chance, you will not regret it.

### **Dan Wheeler says**

Each book gets better

---

**Rikudou En says**

I really did enjoy this. I have finished the series to book seven before writing this. It was worth the read.

---

**Gloria says**

This book was a little slower then the other 3 but I still enjoyed reading it. I highly receommend this series.

---

**Connie Fogg-Bouchard says****fire and stars and fights, oh my**

the war between the Empire and Madoc has been decided, perhaps. James has settled in to his new home and is polishing his skills, both magical and magisterial. but staying is not to be. there are too many dangers that surround his burgeoning cadre of friends and he will do some pretty crazy things to protect them, that's crystal clear.

---

**Travis Needles says**

FOr anyone who grew up playing role playing games I would recommend this series.

---

**Lana says**

I really am enjoying this series - the story line is captivating and holds the attention. I definitely recommend it to all who like a good adventure series - looking forward to the sequel.

---

**ConnieM says**

Hmmm. this book is boring for the first half or more. The only reason I persisted in completing it is because it is part of the larger story. So all I can say to those who are slogging through this epic -- trudge on, little fantasy readers, trudge on, because when the James Gang leave the Ranch, it gets interesting and there are some great scenes in the end. The big question is - what has happened to Miko? I have my suspicions. But more on the virtues and antivirtues of the Morcyth Saga after I've finished reading the series.

---

### **Kirk says**

Series keeps me interested. Interesting to see the character development. Also interesting to see James mature as a mage and become interested in the "research" side. Can't wait to start the next book.

---

### **Kane says**

Another great book in the series. I would highly recommend reading this series.

---

### **Sephton says**

Great series.

Steve

---

### **Suprio says**

3.5

---

### **Ramdas Ormond says**

Great story, weak writing. This is the case throughout the whole series.

"Then we do stood a chance," he said with a grin.

This quote, lifted from the third book is only one of many examples. I read the series anyway and enjoyed it. The writing did set my teeth on edge at times.
