Bound Nikki Sex

Bound - an André Chevalier novel (BDSM Stories #1)

The toughest case of Andre's Chevalier's career...

John Taylor is a brilliant and sexy young man in need of BDSM training to curb his Dominant sexual tastes. But John is a deeply damaged soul, bound to his tormented past. Can André save him from himself?

Submissive Kelly Flynn has a huge crush on John Taylor, and is restrained by troubling ties of her own. She is suffering from the "Fatal Female Flaw" when ordinarily sensible women fall madly in love with an unattainable man who can't, or won't love them back. There's no possible way Kelly can ever break through John's defenses to the tortured soul beneath... or can she?

A.L. Goulden says

What's not to love... this was an intense, erotic, well developed story that leaves you on a cliff begging for more. It was a tease for sure to get you sucked into the series (which I will read all of now) but even knowing I was being played with, I loved it. John Taylor "Father John" has a distance you want to crack and a mystery you want to solve which makes for the best kind of hero. As for our heroine Kelly, she's smart and strong and knows what she wants in a man, but her inability to confront her obsession for John makes her endearing and relatable. I highly recommend this series to anyone who likes BDSM erotica or dark sensual mystery.

Betty says

John Taylor has had a rough start in life and he ends up living with an Aunt that he loves dearly. Shortly before her death she arranged for John to take "dom" lessons from Andre. After the lessons he starts to frequent a club where Kelly a sub spots him performing. Because of the details of his 'performance' he has been dubbed "Father John".

Kelly is intrigued by him, but determines that he is fairly cold hearted and that hooking up with him would be a mistake for her. However, that was before she got stuck with him in an elevator during a power outage. This is part one of a series and one that I am looking forward to continuing. Its another great read from a great author!

Jennifer says

Four words: I love John Taylor!

Doris says

Interesting read, on to the next, see how Kelly and John Taylors' story plays out..

Jonel Boyko says

Please note, I read this as part of the Bound & Freed Boxed Set.

This was a very interesting and captivating novel. I'm still thinking about it days later.

The author develops some amazingly vivid scenes throughout this novel. These scenes weren't necessarily even erotically based (although those were definitely there as well). There was mystery, suspense, heartbreak, and relationship drama galore. She keeps the novel intense without it becoming vulgar or garish. There is a stark contrast between the prayers to God and the subject matter that heightens this intensity. I

really appreciate how the author approaches the world of BDSM. She does so with tact and class. She also approaches it in such a manner that you realise how much there is to this world, and what it really means to those there. She introduces you to the scene in a positive manner that you can't help but be captivated by. She explains some terms and practices common to the scene so that unfamiliar readers can get into the story. She does so very tactfully and without breaking the overall flow of the story.

This story was very intriguingly written, even if the writing did become a little disjointed at times. Amazingly enough, this added to the mystique of the novel. There are times when the author uses the same phrases and thoughts repeatedly. Although disconcerting at the beginning it really adds to the character development. The shortened sentences and small issues with grammar also become superfluous. In most other works I'd say that the novel needs to be re-edited. In this one, it adds so much to the story that I was very surprised.

I enjoyed how the author develops her characters. She doesn't dump a pile of information on her readers all at once. Rather, she gives small glimpses into the past to provide understanding into the present and the future. It gives insight into the characters and more depth to the story. The large variety of character types who interact with each other gives a very unique perspective of the world as a whole, as well as the world of BDSM. She combines this world with real and heart wrenching relationship issues that make you feel for and want to help out these brilliant characters.

I also really appreciate the symbolism behind the title of this boxed set. Not only does it apply to the subject matter at hand, but also to more than one character. That's all I'll say about this. Read the novels and you'll find out.

My overall impression? Whether you're a Dom, a Sub, or neither, this series makes you re-evaluate what's important in your life.

Please note that I received this novel free of charge from the author in exchange for an honest review.

Pam says

2.5 stars

"Young, dumb, and full of cum."

Bound is the first short story in the André Chevalier novel. The story begins with John Taylor, a man who is so deeply damaged; needing help from André to feel again. Fast forward four years we learn that John Taylor has become a very sought after powerful Dom, every sub wants him to master their body and show them bliss. He is known as "Father John" because he has ways to make you want to confess all your sins.

"no tattoos, no piercings, no sex - Father John seemed as pure as fresh fallen snow. And the man didn't even kiss!"

Kelly suffers from **"Fatal Female Flaw."** It's when ordinarily sensible women fall madly in love with an

unattainable man who can't, or won't love them back. I also call it the Triple Fucked Factor." She loves watching him, the intensity and the devotion he shows each and every sub. She knows that there is future for them, because he has to notice her first to even begin any future and his brand of punishment is a little too extreme for her tastes, but that all changes when the lights go out in the elevator

"Distraction is the only thing that will work in a situation like this,"

Bound was a little tease, leaving off in a cliff hanger making you want more, there are many unanswered questions about John, but his mystery is working for him. We don't really see the reclusive André in the story, and the beginning with John only leaves me with more questions. It was a super short read, but I am curious enough to continue.

United Indie Book Blog says

Starts out in a BDSM room with a female Dom and her "sub". She is trying to get him off so bad and he just won't cum. She is stopped by the mega Dom of this club Andre walks in and tells her to stop. Andre notices that this "sub" isn't any normal sub it is his portage and he is stopping himself from liking it because he is hurt by losing this chick named Brenda.

Then your introduced to a "sub" wanna be named Kelly. She has been going to this club for a while because she wants to be a sub for someone but no one is paying attention to her. Then Kelly and a few of the other subs are talking about this Dom god named John Taylor or Father John as most people know him and of course Kelly is turned on by stories.

When Kelly blushes her WHOLE body turns red and she is easily embarrassed by it.

Father John puts on a hell of a show and the book makes it feel so realistic that it is kind of scary!

Kelly has a huge thing for Father John but one night she gets some time with him because of date breaking the elevator and at first all she could do was scream, cry & totally freak out! Typical girl, but I can understand because the way that Father John is wrote in this book, he scares me and I enjoy some kink myself but he is hot...

At the end Kelly finds herself facing a fear with the hottest man alive!!

This is a fast read but it is amazing!

"In a clinical, dispassionate tone he added, "So I'm going to make you come."

Nice way to end the book!!

****ARC exchanged for an honest review****

I loved this series!

I was hooked and invested in the characters (John and Kelly) from the very first book.

Who doesn't like a damaged hero??

This series was sexy, erotic and, at times, heart-wrenching.

Nikki Sex makes character development look easy. Her story flows, she has a great writing style and plot.

I highly recommend this series to anyone who likes grit with their erotica.

Get this series...right now!

Julie says

This is one of those tricks where they rope you in with a free book & then it ends right at the good part. But oh man, I'm roped in for sure - I just bought Freed, the second book! In the beginning we meet John Taylor, a young Dom in training who has some emotional baggage from his past & can't let go of his desires sexually unless it is with someone he completely trusts. Years pass & we find Kelly in the sex club, and although she is intrigued by the Dom/sub relationship & participates in the process, she is not interested in the pain involved with being John Taylor's sub. He is in demand for his type of whipping expertise & has earned the nickname Father John - apparently he puts his customers into a subspace of pleasure & extreme pain where they confess their sins & let go completely, ending with John forgiving them. Kelly worships John Taylor from afar since she isn't into the kind of pain he inflicts & also because John does not actively participate in the process. He is completely clothed & untouched in his relationships, only providing a small kiss after he is done. But the book ends with a power outage & John and Kelly trapped in the elevator. Kelly has a fear of confined spaces & starts to have an anxiety attack. John knows just how to calm her down but dang, we don't get to read just how he is going to do that. Very intriguing book!

Sophie "Beware Of The Reader" says

re-read of this series

Mandie (Naughty Book Snitch) says

Oh.. my... GAWD! I... I just... Im HOOKED! I need more John Taylor! I can't believe it ended like that! Now that my appetite has been ignited, I want more!

Even though this is a short story all the characters are well developed and ~~likeable~~ lovable. I first met Andre Chevalier in Amy's Forbidden Fantasy as Sir and I was intrigued by him then. Even though John Taylor stole the show for me in this story, Andre Chevalier is still in the back of my mind.

Well done Nikki Sex!

4.75 stars

Another great book from Nikki Sex.

Man oh man, I can't wait to read the next book in this series. You are left with, "oh man, what's going to happen next."

You meet John Taylor, who is a Dom, but becoming the Dom he is now, took a lot of training, a lot of trust and a lot of patient from the person who trained him, to be able to break down his walls.

You meet Kelly Flynn who is a submissive. She is out spoken, well liked and can't figure out what she wants. She knows, she wants John Taylor, but that can't ever happen, she thinks.

When these two get stuck together, Kelly is going to learn things about herself, that she doesn't think she'll do.

Oh man, I can't wait to continue to read about Kelly and John.

? Jeri's Book Attic ? I like says

Erin Baker says

If I could give it negative stars, I'd give it at least 3.

I was right. This book sucked. It was cheap and really only was looking for a shock value. Total suckage. Seriously.

The plot was... oh wait, there really wasn't a plot. It's also set up as a teaser to 5 other books... I'm assuming like this one, where there are basically just a few chapters. I have absolutely no desire to read the rest of these books.

How could I know if I identified with any (or either) of the characters? You gave me like a chapter at most describing these people, except for what they wore (or didn't wear).

Time in my life I'll never get back.

Kami Dodson-Perry says

(Book #1)

Kelly Flynn has a huge crush on John Taylor (The Basement's most dangerous, sexy, lusted after Dom). But Kelly fears and is turned on by his torturous tactics. She would never do the stuff that she sees his submissives doing. Or would she. Many of his subs tell her it is a spiritual act that they cannot explain.

After a fun night at The Basement with Dom Ron and after viewing a very interesting show starring John Taylor Kelly leaves for the night. Only those plans are interrupted by a power outage that leaves her trapped in the elevator with John Taylor. Kelly is claustrophobic and on the verge of a panic attack. She fears the darkness, tight space and John Taylor himself. This part 1 ends with John trying to help Kelly through her fear with distraction. FUN

--My take so far is the story is interesting with John's past and I hope we learn more of that story and the man himself. Don't know much of BDSM world only what is in the books I have read thus far but it is a temperature riser so far. You feel the pull to John and his ALPHA MALENESS. --

Candace says

Whew! "Father" John is one sexy sadist!

An incredibly quick read, in about 40 or so pages, Nikki Sex doesn't waste any time at all. The story begins in the midst of an emotionally-charged, intense scene, grabbing your attention from the opening line. With each page turned, I only became more intrigued with the mysterious and haunted John.

Apparently, he has piqued the interest of a plethora of admirers, both male and female, gaining notoriety as a legendary Dom in a local BDSM club. It is there that he becomes the object of Kelly's desire. Always watching from afar, she is equal parts infatuated and terrified of the mysterious sadist.

With tastes that are far more mild than the pain that John expertly inflicts with ease, Kelly has never entertained the possibility that she could be his sub. When a chance encounter pushes these two together at last, things start warming up fast!

I am dying to see where this story is going! I anticipate that Kelly will be re-examining her sexual boundaries pronto!

Crazy for Books (Stephanie) says

I didn't actually hate it, but I didn't like it. I don't like novellas like this. It said a whole lot of nothing. I didn't move deep enough into the story for me to want any more. I don't like doing this because I respect writers for what they do and putting themselves out there. But I don't like this and I don't care to read the rest of the series.

Shannon says

So being an author is a business.. I get this.. I understand that for some this is a job, this is a way you earn money to write more books and pay your bills.. 9 times out of 10 I am more than happy to fork over my measly spending cash to pay for books...It's usually worth it and I am almost always a happy girl..

HOWEVER... Yup.. Here's my but

This book blows. And this book takes a dollar from me and is 50 freaking pages. Do you know how long it takes this book nerd to read 50 pages?? An hour to 2 hours IF that.. So when I see raving reviews, I assume I can't go wrong..

I went very wrong here...

First of all, it wasn't even all that hot. I wanted to see the H and h together and they don't talk until the last few pages of the book.. Which I then found out is because the author took what could be one great novel and botched it into a bunch of novellas, and it doesn't work that way.. It made me annoyed and I wouldn't pick up the others..

Because reading about the others showed me that each and everyone one is a bunch of garbage.. a little hot for a page or 2 and then you have to wait until the next book for more..

No, I won't do that.. I will save my money and spend it on authors who give me meat and not freaking grass to live off of..

Sorry..
