AWESOME

I love the slow pace of this relationship the ways development Casanova is definitely the man I love these two together and I can't wait to see what transpired I know one thing I think she's head over heels Cassidy can definitely loosen up a Lulabell account it makes me wonder shaker is a dream come true and you always but I guess with the past relationships with ever happening hepatitis is holding her back I can't wait to be with that to storyline the characters yes I'm feeling this book can't wait for more out freak instead you go girl

Cassidy didn't stand up at no point in this read so it came off as a bunch of nonsense. I enjoyed the read but I wanted her to have some type of backbone when it came to Casanova. He was too overpowering in a way that was borderline psycho.

Awesome Read

This book was too good. I enjoyed the storyline very much! Briana definitely kept me wanting to read more! I was so caught up in this book that I wouldn't put it down! Cassidy was a wonderful sister. She took on not only the role as a sister, but a mother as well! She loves her little sister very much! They were blessed to have a loving neighbor who looked at them as family. Casanova was something else but I loved his character! That man will have anyone tempted!!! I couldn't stand Dalton and Lisa! I am becoming a little on the fence about Jackie. Something is going on with her and I can't wait to find out what it is! Looking forward to reading book two!!

Dee Dee says

This book was a BANGER from the start! Something fishy is definitely going on with Jackie. Anxiously awaiting part 2!

Kutura Billingslea-Hamilton says

Umm..... Where's the rest?

This was an OK read for me. At times I felt like it took awhile to get to the point and as soon as the storyline picked up; it was over. Hopefully part 2 is more fast paced.

Denisha Roberts says

Tesha Joyner says

Good

Casanova is a guy who has a lot of power. When he comes in a room you will see him and wonder who he is and want to be with him. His eyes picks up Cassidy and he wants her. He decide she will be his. Cassidy falls for Casanova hard but when he wants he to help him she panics. Will she do it or will she walk away? Is he really falling for her or using her? This shows that love can be beautiful but also there can be a motive behind someone wanting you. Cassidy is very closed up & she is trying to open up to him. Will they find a way to be together or will she regret it. Also will her new friends be happy for her or upset about what happens with them. Good book ready for part 2. This couple makes you love them cause they both have been away and closed up. They haven't had sex or anything in years. So will they take it to that next step or will they just stray away from each other.

kali williamson says

Casanova is bae

This is a well written story that starts off as being very different from your typical hood novel. The connection between Casanova and Cassidy is so strong that she can feel him before she actually sees him. Now that he has her hopefully his request doesn't run her away

Wen says

This is a late added. I promise to keep updated in 2019.
