HOW FAR WOULD YOU GO TO UNCOVER A SECRET?

Pretty and hard-nosed investigative journalist, Virginia Tremont, has talked her editor into giving her an assignment - to find out what happened to her former teenage celebrity crush, who suddenly and mysteriously disappeared from the public eye ten years ago.

Virginia discovers that he now goes by the name of Ethan Greene. He is holed up in a mansion on a hill where strange things have been rumored to happen. Curiosity-seeking teenagers have been spooked. Young women have disappeared. Ethan himself is a recluse and is almost never seen.

Virginia engineers herself to be swept up in the strikingly handsome Ethan's world, where nothing is as it seems. Then there are the troubling entries in Ethan's diary: "He was here again. He wants to kill me. Take over this house completely."

Too late, Virginia finds herself falling for him, and he for her. But has Virginia put herself in the path of a danger she has totally unforeseen?

At 20,000 words, DAMAGED BEAUTIES is the first volume in the 'ROMANCED BY THE DAMAGED MILLIONAIRE' BDSM erotic romance series.

This was too short and ended way too soon. The story is ok but not great. Almost predictable but did have a little shock to it. I wish it would not have ended that way or I would have rated it better. The story has good potential, so I look forward to reading on. Otherwise not much else to review on. Sorry its so short.

Damage

not bad needs little more romance to it and maybe lot more sex to make it a really good Rom as romance

This is book one in the series. Book two is Seduced by His Two Personalities. I found these books when they were recommended on a book blog and I LOVED THEM! They were both quick reads. Love the story line, love the characters, and I cant wait to see what comes next in the third book. Plus, these books are really hot and steamy (not for the faint of heart)! Now, is it really indepth, detailed writing as in Thoughtless, no, it is not (no offense at all meant to the author - I hope she knows what I mean)...I don't think sobut for a quick read that draws you into the story, has a little mystery thrown in, a really hot, likable, but damaged guy, really, really steamy scenes, it is HOT and a must read for me! I can't call it a light read because it not at all.....so how do I put this. I guess if you want to read a book purely for the enjoyment of the story and the scenes "factor", this is the book!

For the author in case she read this.....in my humble opinion, I would like to see a little more insight into why the male character likes the female character so much. I think it would really add to the story and make it more marketable....maybe adding a little more conversation and banter back and forth between the characters and . or actually hearing more from their POV related to why they really like each other would be great! I get that this is erotica and maybe that is not the point, but I think readers would relate more and love this book too because it really is a great story too!

This book was ok it had a few grammatical errors but not too much. This book had a lot of suspense and mystery and a whole lot of sex. This was my first time reading this author and this is the first book in this series and I am looking forward to reading the next book.

Janet says**Touching**

It was a great book , this show's the reader that no man is perfect , and at times you have to accept some of their flaws.

Jennifer says**Good**

It was not as I thought. It was well written and very descriptive. I didn't like "the other guy" and the brutality but we will see.
