Finding Faith Sherri Crowder

Faith has been in mourning for the past year however she reluctantly agrees to attend a party at a local MC with her best friend. There she meets Aiden and wants nothing to do with him from the get go, but Aiden has other ideas. Aiden is the Sergeant-At-Arms for the Black Mavericks MC and a PI. While undercover he discovers there is something more sinister and dangerous going on than the case he was hired to investigate. Following the trail, leads him too close to the truth and he ends up beaten and left for dead. The only thing he can vaguely remember about that night is the nurse he caught a glimpse of at the hospital. What happens when Aiden get's his memory back? Can Faith accept a biker in her life? Will Aiden's pursuit of the case he was involved in jeopardize a future with her?

Patricia Blevins says

Awesome MC

This was such a heart warming book about Faith who thought she had lost everything when she lost her Fiancé. Then enter Aiden who brings her all kinds of emotions. That she is scared to open her heart to someone again. When Aiden decides to take things slow with Faith so she will understand that she has a lot of living to do, will she understand that Aiden is the man she's supposed to move forward with and stereotypes don't always fit the bill for everyone? So be prepared for any and everything.

Stephanie Tobe says

Good

I really liked this series but I want more I hate how they end but they have the romance and suspense.

Tracy says

What an amazing book 2 of the Black Mavericks MC!!! I totally loved this story! The characters in this book are pretty special too and it's the perfect follow on from book 1.

Faith is a nurse and best friend of Charity who is still going strong with Jackson, Mavericks Prez. She's had a terrible year losing the love of her life and future husband to cancer. Heartbroken and lost she never thought she would find love again, until she meets Aiden...

Aiden is a patched member of Black Mavericks MC and he also works as a private investigator. The first time he meets Faith there is an instant attraction between them that is totally buzzing, yet Faith denies it... At first!

There is a lot of twists and turns and a huge mind blowing shock, all flowing together with an amazing story of love!

Will Aiden be able to prove to Faith that he is genuine and good?

Will Faith be able to open her cold heart to him?

Will they get their much deserved HEA?

Or will they get pulled apart forever?

Dawn says

This could have been so good, I don't know what happened because the first book was great, but this was a grade school assignment at best. There were spelling mistakes, grammatical errors and punctuation errors all over the place. At one point the author even gets a character's name wrong!! and even repeats sentences, eek!

Lee-anna Dunk says

i really enjoyed finding faith book two in the black maverick series by Sheri crowder. i enjoyed the the story between Aiden and Faith. Faith being charity's best friend reluctantly goes to the biker club as a favor to charity but she meets Aiden and instantly the attraction is strong however Faith is still grieving the loss of her fiance Patrick who passed away over 12 months ago and she feels guilty for having feelings for another man. Aiden however wont let anything stand in his way of getting what he wants and what he wants is faith. even though she treats him bad he doesnt give up eventually she gives in and she learns to love again.. Aiden loves her fiercely and when he is working on a case that ends uo having a direct link to faith he stops at nothing to ensure her saftey . like i said i liked the story between these to and i would have liked to see them either get married or have a family but either way i loved it and im looking forward to the next book 4 **** from me

Sue says

This book could have used a good editor. Faith hated Aiden when she first met him because she was still mourning her dead fiance, Patrick. But, after Aiden hurt his hand, she took him home and just fell down with her legs spread taking care of him. After her four days of slutty sex, she was comparing Aiden to Stephen???? I'm still trying to figure out who "Stephen" is. The whole storyline about her dead fiance, Patrick, and the case on which Aiden was working was weird . One would have expected some emotion on her part to find out that the man she had professed to love and was, in fact, going to marry was in such a disgusting business, but she sort of passed it off like an airhead. Was the only reason that whole arc was brought in so she could save people with the money Patrick bequeathed to her in one sentence at the end of the book?

Lynne Garlick says

5*

Yay! Aiden! Sherri has done it again, it is hard to believe this is only Sherri's second book! This book is the second in The Black Mavericks MC Series and tells the story of Aiden and Faith. If you haven't read the first one 'Sweet Charity', I highly suggest you do so you get a bit more of the back story, although there is a slight overlap anyway. But you get to meet Jackson and Charity

Michelle Cage says

Reallyloved the characters in this book, and it is very refreshing to have an MC club that is about doing the right thing for others. It was a nice twist to have the men in this book show respect to the women, it was a really good read.

Chianti Summers says

The story of Aiden and Faith. What can I say except that I read this book in one night because I didn't want to put it down. I enjoyed the amount of conversation between the characters because I was able to be transported into the story. Faith is cold but warm, she has walls built around her heart because of the past. Faith is also very strong, independent and has a caring heart. Her character starts out tight and then as the grip begins to loosen there is a little firecracker waiting to be released. Aiden, oh my, you just want to be a part of his life. Alpha- check, patient-check, protective-check and one hell of a man- check. These two had off the charts chemistry. Sherri Crowder is becoming a one click author for me. I look forward to seeing what she has planned for us next. The twists and turns, the love and meaning of family shows we all deserve to have that moment of Finding Faith. Well done Sherri!

Amanda Perrie says

Book 2 in The Black Mavericks brings us the story of Faith & Aiden & what a heartwarming story it is.

Faith has suffered so much heartache & loss in her life, she doesn't want to feel anymore. Then in walks Aiden & despite trying to resist feeling she just can't but life does not always run smoothly.

Sherri is an amazing storyteller, its hard to believe this is only her second published book.

michelle Shelly says

Wow! I'm loving Aiden!

What a great addition to the Black Mavericks series! I absolutely loved Faith and Aiden. She is a independent strong woman and he is so freaking sweet!

After the loss of her fiancé, Faith is scared to give herself to another in fear of losing him. Aiden falls for her at first sight and he will do whatever he needs to have her. They have so much chemistry, its off the charts hot!

Not only did I enjoy the characters and story in this book, Sherri did a awesome job with the writing, keeping me wondering what was going to happen next. I loved the excitement and suspense. Congratulations Sherri on another great book! Can't wait for the next one.

Rosie Snowdon says

A brilliant second book in this wonderful series!

Sherri Crowder has done it again, written an outstanding book! This MC is much more personable than

some, we get to know each of the men and in this case Aiden. Aiden has a tough exterior but inside he has a heart of gold. The club has to come through some tough situations but their togetherness and loyalty will always see them through.

Characterisation is what Author Sherri Crowder does particularly well, I could visualize the characters from her descriptions (obviously the wonderful front cover helped). I adore this series and can't wait to get my hands on Book 3!!

Heather Hungate-Brown says

I was so excited about this book and I wasn't let down. I just loved funny, sweet and strong Aiden from the start. Once Faith let's him into her heart. Their love grows into something Hot!! I can't wait to read more from Sherri Crowder.

Heidi says

Faith in Sherri Crowder

This is a 5 star read. Perfect 2nd book in the Mavericks MC series. Could not put it down as something new was coming up in every chapter. Just when you think Faith and Widen are finally getting their happy ever after, a wild twist of conflict happens....such is life, but these two seem to have me cheering them both on. And Sherri can write HOT sex scenes!!!!!! Definitely recommended for anyone who loves a good love story with exciting twists and turns and Amazing sex. :-)

Laurie Lunn says

Enjoyable read!
